Finality Of Faith:

The Finality of Christ Lesslie Newbigin, 2009-04-10 Modern man finds the concept of finality alien to his whole way of thinking Science teaches him that human history is only a moment in the life of an infinite universe His study of world religions calls into question the uniqueness of Christianity Western man's uneasy conscience due to the excesses of colonialism makes him hesitant to press his own faith on others By taking the issues of finality out of the classroom Lesslie Newbigin demonstrates its importance to Christians with loyalties both to the community of the church and to the community of man He asserts that conversion does not involve either a denial of the value of a person's previous faith or a blanket acceptance of the church's way of doing things Bishop Newbigin examines the various Christian interpretations of finality giving special attention to the views of Dutch theologian Hendrik Kraemer about the relationship of Christianity to world religions The author advances the debate by showing that the way to move beyond Kraemer's position is to look for the place of the gospel in secular history The gospel is the announcement of an event which demands that all men make a decision for or against It is the clue to history the history of mankind and of the individual

On Divine Revelation: The Teaching of the Catholic Faith Vol. One Fr. Reginald Garrigou-Lagrange, 2022-05-27 In *On Divine Revelation* one of Garrigou Lagrange's most significant works here available in English for the very first time he offers a classic treatment of this foundational topic It is an organized and thorough defense of both the rationality and supernaturality of divine revelation He presents a careful yet stimulating account of the scientific character of theology the nature of revelation itself mystery dogma the grace of faith the powers of human reason false interpretations thereof rationalism naturalism agnosticism and pantheism the motives of credibility and much more Though written a century ago *On Divine Revelation* will restore confidence in theology as a distinct and unified science and return focus to the fundamental questions of the doctrine of

revelation It also serves as a salutary corrective to contemporary theology's anthropocentrism and concern with what is relative in revelation and religious experience by reorienting our theological attention to what is most certain central and sure in our knowledge of divine revelation the Triune God who has revealed his inner life and salvific will Readers will see the great splendor of the gift of divine revelation radiant with credibility before the gaze of reason and drawing our supernatural assent to the mysteries through the gift of faith As Fr Cajetan Cuddy O P observes On Divine Revelation is a stunning work of inestimable value No other subsequent work on this topic has come close to meeting it much less surpassing it The Finality of Faith and Christianity Among the World Religions Nels Frederick 19 Ferre,1979 The Four-Hour School Day Durenda Wilson,2021-06-29 Giving your child a quality education experience for a life of happiness and purpose is possible and it only takes four hours a day or less We want our kids to have the best education but less than ideal school environments and concern about our kids specific needs have parents uncertain about traditional schooling Trusted homeschool expert with 25 years of experience homeschooling her own eight children Durenda Wilson offers a better way and promises that you already have what it takes to give your child a healthy successful future In The Four Hour School Day she unpacks the lifelong advantages of home education both for the health of your family and your child's future With inspiring stories about parents just like you she demystifies homeschooling and addresses common fears like what if I'm not qualified how can I homeschool as a single parent and what if I don't have enough time Packed with encouragement and practical advice this resource equips you with all the information you need to create a sustainable homeschooling plan customized to your child's needs Wilson will help you to Work with your child's interests and passions for an enjoyable learning experience Cultivate independent learning in your child so you have more time and your child develops more curiosity Navigate the different schooling stages your child will go through Find an engaged community so that you can start this adventure with all the support you need Explore the rich and wonderful world of homeschooling because it's not only more doable than you think but far more beneficial than you can imagine Auburn Seminary Record ,1927 **The Saturday Review of Politics, Literature, Science and Art** ,1916 **Good Faith in International Law** Robert Kolb,2017-07-13 There is a great degree of controversy on the proper complexion and role of general principles of law in the international legal order Opinions range from total rejection of some types of principles to the most enthusiastic endorsement of principles as the necessary oil for the many complex wheels of the legal order In this book one of the leading public lawyers of his generation explores the concept of good faith and its role in international law Rather than offer a detailed comprehensive examination Kolb aims to map the true points of gravity of the principle of good faith in the international legal order In so doing he illustrates how the various legal institutions who operate in the sphere of public international law allow the principle of good faith to unfold **Abiding Faith** Scott Cowdell,2014-06-26 Australian theologian Scott Cowdell explores how having faith has changed under the influence of modernity and post modernity in the West Following the understanding of faith typical of Saint Paul the Fathers
