St. John, Victoria J. Milazzo Bigelow, Kim Callahan Lijana, Johanna C. Massé, 2015-11-30 Urban schools are falling short of preparing students for college In *Left Behind* a team of education scholars led by Edward P St John argues that American cities have been engaged for the past three decades in a radical but failing effort to transform general and vocational high schools into college preparatory institutions By examining the educational reforms in four urban charter schools across the United States and four public high schools in New York City *Left Behind* reveals how educators contend with the challenge of developing new courses while providing social support for students to build college going cultures The research shows that district schools struggle to comply with standards that leave little room to develop advanced thematic curricula and that charter schools have not succeeded in substantially raising student test scores Many students who start in rigorous charter schools transfer back to public schools while both public and charter schools struggle to prepare their students for college level work *Left Behind* provides crucial insights into the troubling trajectory of public policy while offering teachers and administrators effective strategies for overcoming barriers **How to Pay for College** American Library Association, 2011-04-27 From the research experts at the American Library Association here is a unique practical guide to financing a college The Black Family's Guide to College Admissions Timothy L. Rosenberg, Andrew K. Koch, 2023-07-03 Co published with At last there is a handbook that everyone in higher education can use to help increase transfer student success This comprehensive resource has been brought together to meet the need for a truly holistic approach to the transfer experience The book brings together research theory practical applications programmatic illustrations case studies encouragement and inspiration and is supplemented by an online compendium for continual updates of resources case studies and new developments in the world of transfer Based on a totally different way of thinking about understanding and acting to increase transfer student success The Transfer Experience goes far beyond the traditional limited view of transfer as a technical process simply about articulating credits a stage of student development or a novel enrollment management strategy Rather the book introduces a stimulating array of new perspectives resources options models and recommendations for addressing the many needs of this huge cohort making the academic civic and social justice cases for improving transfer at both transfer sending and transfer receiving institutions *Green Budget Reform* Robert Gale, Stephan Barg, 2014-04-08 This volume explores 25 case studies of fiscal measures that have been adopted successfully by governments in North America and Europe to reduce environmental degradation Each study lays out the implementation issues and problems faced and compares the effectiveness of the measure against its expectations The political implications are also discussed and the text draws on common themes and lessons to be gained from the measures so far The volume is divided into sections on energy agriculture air and water pollution and waste management **Green Budget Reform** , *Class and the College Classroom* Robert C. Rosen, 2013-08-29 We have long been encouraged to look to education especially higher education for the solution to social problems particularly as a way out of poverty for the talented and the hard working But in its appointed role as the path to upward mobility that makes inequality more acceptable higher education is faltering these days As funds for public institutions are cut and tuition costs soar everywhere as for profit education races into the breach and as student debt grows wildly the comfortable future once promised to those willing to study hard has begun to fade from sight So now is a good time to take a more serious look at the ways class structures higher education and the ways teachers can bring it into focus in the classroom In recent decades scholarly work and pedagogical practice in higher education have paid increasing attention to issues of race class gender and sexuality But among these four terms of analysis and clearly they are interrelated class is often an afterthought and work that does examine class and higher education tends to focus only on admissions on who is in the college classroom not on what happens there *Class and the College Classroom* offers a broader look at the connections between college teaching and social class It collects and reprints twenty essays originally published in *Radical Teacher* a journal that has been a leader in the field of critical pedagogy since 1975 This wide ranging and insightful volume addresses the interests concerns and pedagogical needs of teachers committed to social justice and provides them with new
