Finch Bloody Finch A Biography Of Peter Finch:

Finch, Bloody Finch Elaine Dundy,1980 Finch, Bloody Finch Elaine Dundy,1980 Peter Finch remains one of those British cult heroes who despite Network and his posthumous Oscar never truly caught on with U S fans Finch s childhood is fascinating on any terms doubly abandoned child of an Australian father and an English mum who quickly divorced Peter was first raised by a madcap Theosophist grandma who yanked him from Paris to India where he wandered off to become a nine year old Buddhist monk before being hauled back to Australia by paternal relations Rebelling against these proper folk Peter would always want to be a bum but rejected and identity less he d always be a little boy so frightened in his own skin that he jumped out of it and into that of others This book traces Finch s career quick rise to Australian radio stage stardom a second climb mentored by Olivier in London the movies the marriages affairs carousings breakdowns etc The truly riveting personal material here is the tortured liaison with ill Vivien Leigh Though often a tad over ripe it is energetic well researched and certainly the definitive Finch bio **Peter Finch, a Biography** Trader Faulkner,1979 **Mad as Hell** Dave

Itzkoff,2014-02-18 The behind the scenes story of the making of the iconic movie Network which transformed the way we think about television and the way television thinks about us I m mad as hell and I m not going to take this anymore Those words spoken by an unhinged anchorman named Howard Beale the mad prophet of the airwaves took America by storm in 1976 when Network became a sensation With a superb cast including Faye Dunaway William Holden Peter Finch and Robert Duvall directed by Sidney Lumet the film won four Academy Awards and indelibly shaped how we think about corporate and media power In Mad As Hell Dave Itzkoff of The New York Times recounts the surprising and dramatic story of how Network made it to the screen Such a movie rarely gets made any more one man s vision of the world independent of studio testing or market research And that man was Paddy Chayefsky the tough driven Oscar winning screenwriter whose vision outlandish for its time is all too real today Itzkoff uses interviews with the cast and crew as well as Chayefsky s notes letters and drafts to re create the action in front of and behind the camera at a time of swirling cultural turmoil The result is a riveting account that enriches our appreciation of this prophetic and still startling film Itzkoff also speaks with today s leading broadcasters and filmmakers to assess Network s lasting impact on television and popular culture They testify to the enduring genius of Paddy Chayefsky who foresaw the future and whose life offers an unforgettable lesson about the true cost of self expression

A Bibliography of British History, 1914-1989 Keith Robbins,American Historical Association,Royal Historical Society (Great Britain),1996 Containing over 25 000 entries this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth century Accessibly arranged by theme with helpful introductions to each chapter a huge range of topics is covered There is a comprehensive index **Biography and History in Film** Thomas S. Freeman,David L. Smith,2019-10-14 The essays in this volume seek to analyze biographical films as representations of historical individuals and the times in which they lived To do this contributors examine the context in which certain biographical films were made

including the state of knowledge about their subjects at that moment and what these films reveal about the values and purposes of those who created them This is an original approach to biographical as opposed to historical films and one that has so far played little part in the growing literature on historical films The films discussed here date from the 1920s to the 2010s and deal with males and females in periods ranging from the Middle Ages to the end of the twentieth century In the process the book discusses how biographical films reflect changing attitudes towards issues such as race gender and sexuality and examines the influence of these films on popular perceptions of the past The introduction analyses the nature of biographical films as a genre it compares and contrasts the nature of biography on film with written biographies and considers their relationship with the discipline of history As the first collection of essays on this popular but understudied genre this book will be of interest to historians as well as those in film and cultural studies Oscar Wilde John Stokes,1996-03-14 Stokes offers studies of Wilde s place in the Romantic tradition and of his relationships with such legendary figures of the fin de siecle as Aubrey Beardsley Alfred Jarry and Arthur Symonds And always as part of the process of historical inquiry Stokes considers those who came after humanitarian disciples who kept Wilde s memory sacred performers in his plays actors who impersonated the man himself **The Cinema of Britain and Ireland** Brian McFarlane,2005 A fresh concise but wide ranging introduction to and overview of British and Irish cinema this volume contains 24 essays each on a separate seminal film from the region Films under discussion include Pink String and Sealing Wax Room at the Top The Italian Job Orlando and Sweet Sixteen **Alan the Red Fox Reid** Ross Fitzgerald,Stephen Holt,2010 Arguably Australia s most influential political journalist Alan The Red Fox Reid covered Australian politics from the 1930s to the 1980s During his career he was both a chronicler of and a player in Australian politics In this book Ross Fitzgerald and Stephen Holt take us into a Machiavellian behind the scenes world of recurrent plots crises and leadership challenges and show how it was possible for a skilled journalist to help shape both public perceptions and actual outcomes of political power plays *The Power of Words (2)* Stilovsky,Schrödinger,2020-02-24 Literature of all kinds plays such an important place in our lives whether it s biography classics crime or poetry In this non fiction volume you will find a mine of facts which will fascinate all who love books Felix Schrödinger and Pyotr Stilovsky have compiled in this the fifth volume of the series a compendium of information that will appeal to all who love language and especially those who seek out knowledge for its own sake **Projecting Empire** James Chapman,Nicholas J. Cull,2009-06-17 Popular cinema is saturated with images and narratives of empire With Projecting Empire Chapman and Cull have written the first major study of imperialism and cinema for over thirty years This welcome text maps the history of empire cinema in both Hollywood and Britain through a series of case studies of popular films including biopics adventures literary adaptations melodramas comedies and documentaries from the 1930s and *The Four Feathers* to the present with *Indiana Jones* and *Three Kings* The authors consider industry wide trends and place the films in their wider cultural and historical contexts Using primary

sources that include private papers they look at the presence of particular auteurs in the cinema of Imperialism including Korda Lean Huston and Attenborough as well as the actors who brought the stories to life such as Elizabeth Taylor and George Clooney At a time when imperialism has a new significance in the world this book will fulfil the needs of students and interested filmgoers alike **A Who's who of Australian and New Zealand Film Actors** Scott Palmer,1988 Performers are listed alphabetically with year of birth and death a brief character description and list of films in chronological order
