Edward Hopper 1882 1967 Transformational:

Hopper Rolf Günter Renner,2000 Hopper is simply a bad painter but if he were a better one he would probably not be such a great artist Clement Greenberg **Edward Hopper, 1882-1967** Rolf Günter Renner,Edward Hopper,2000

Edward Hopper 1882-1967 Rolf Günter Renner,1993 Edward Hopper, 1882-1967 ,2002 Edward Hopper 1882 1967 is considered the first significant American painter in 20th century art After decades of patient work Hopper enjoyed a success and popularity that since the 1950s has continually grown In canvas after canvas he painted the loneliness of big city people Many of Hopper s pictures represent views of streets and roads rooftops and abandoned houses depicted in a brilliant light that strangely belies the melancholy mood of the scenes Hopper s paintings are marked by striking juxtapositions of colour and by the clear contours with which the figures are demarcated from their surroundings His extremely precise focus on the theme of modern men and women in the natural and man made environment sometimes lends his pictures a mood of eerie disquiet On the other hand Hopper s renderings of rocky landscapes in warm brown hues or his depictions of the seacoast exude an unusual tranquillity that reveals another more optimistic side of his character *Edward Hopper, 1882-1967* Rolf Günter Renner,1997 Considered the first important American painter in 20th century art Edward Hopper 1882 1967 used color and light to create a mood of transcendent melancholy in images of the streets houses and lost souls of pre and postwar America This Spanish language book also shows Hopper s other side the painter of landscapes in warm brown hues and seascapes that exude a lyrical tranquility **Edward Hopper, 1882-1967** Ivo Kranzfelder,1998 **Light as Experience and Imagination from Medieval to Modern Times** David S. Herrstrom,2022-11-21 In *Light as Experience and Imagination from Medieval to Modern Times* David S Herrstrom synthesizes and interprets the experience of light as revealed in a wide range of art and literature from medieval to modern times The true subject of the book is making sense of the individual s relationship with light rather than the investigation of light s essential nature while telling the story of light seducing individuals from the Middle Ages to our modern times Consequently it is not concerned with the progress of scientific inquiries into the physical properties and behavior of light optical science but rather with subjective reactions as reflected in art architecture and literature Instead of its evolution this book celebrates the complexity of our relation to light s character No individual experience of light being truer than any other Edward Hopper, 1882-1967 Ivo Kranzfelder,1998 Discusses the life and painting of the American artist Edward Hopper *Green Leaf* Ivo Kranzfelder,1991-09-01 *Art That Changed the World* DK,2013-08-19 Experience the uplifting power of art on this breathtaking visual tour of 2 500 paintings and sculptures created by more than 700 artists from Michelangelo to Damien Hirst This beautiful book brings you the very best of world art from cave paintings to Neoexpressionism Enjoy iconic must see works such as Leonardo da Vinci s Last Supper and Monet s Waterlilies and discover less familiar artists and genres from all parts of the globe *Art That Changed the World* covers the full sweep of world art including the Ming era in China and Japanese Hindu and Indigenous
