reinforced his military strength with Greek settlers mainly retired or available soldiers He built the city of Alexandria but to his own requirements not those planned by Alexander The empire outside Egypt was acquired perhaps for defense perhaps by sheer greed Ptolemy took over Cyrenaica with difficulty Cyprus and Syria Palestine These had to be defended against his rivals hence the development of his navy and the Syrian Wars The succession was carefully managed but not directly hereditary Ptolemy II wasn't the eldest son and the new king was very different He fought repeated wars in Syria built up his navy in the Aegean to the greatest seen in the ancient world and extended his empire into the lands of the Red Sea Sudan and Ethiopia He taxed the Egyptians mercilessly to fund all these activities Yet few of his wars were successful and he stored up trouble for his successors This volume by a historian of the period delves into these events in a clear compelling style

research Christianity and Monasticism in Middle Egypt Gawdat Gabra, Hany N. Takla, 2015-11-20 Christianity and monasticism have long flourished along the Nile in Middle Egypt the region stretching from al Bahnasa Oxyrhynchus to Dayr al Ganadla The contributors to this volume international specialists in Coptology from around the world examine various aspects of Coptic civilization in Middle Egypt over the past two millennia The studies explore Coptic art and archaeology architecture language and literature The artistic heritage of monastic sites in the region is highlighted attesting to their important legacies The Fayoum R. Neil Hewison, 2008 Annotation The Fayoum a large and exceptionally fertile depression in Egypt's Western Desert some 90 kilometers southwest of Cairo is a region both rich in history and outstanding in natural beauty Its historical legacy includes temples pyramids and towns from the Middle Kingdom and the Ptolemaic Period as well as churches monasteries and mosques from later times Its farmland watered by the region's landmark waterwheels is among the most generous in Egypt and its landscape is varied and beautiful The large and ancient lake Qarun nestles in the north between the soft green land and the harsh but dramatic desert scarp while two new lakes connected by Egypt's only waterfalls have been created in the once barren Wadi al Rayyan to the west bringing fishermen farmers and visitors to the desert The Fayoum's wildlife unfortunately no longer includes the crocodile which was sacred here in ancient times but boasts swamp cats and mongooses spoonbills and flamingos Neil Hewison here outlines the history and prehistory of the Fayoum and its lakes describes the agriculture and rural life of the region then guides the visitor around the province site by site never averse to taking an interesting detour along the way Originally published in 1984 this guide to one of Egypt's most distinctive and beautiful regions quickly became regarded as a classic The text has been thoroughly revised and updated for this new edition including a new section on the recently declared UNESCO World Heritage Site of Wadi al Hiton the Valley of the Whales The book is illustrated with color photographs and two maps **Celibate Marriages in Late Antique and Byzantine Hagiography** Anne P. Alwis, 2011-10-27 Celibate Marriages in Late Antique and Byzantine Hagiography explores the puzzling phenomenon of celibate marriage as depicted in the lives of three couples who achieved sainthood Marriage without intercourse appears to have no purpose especially in Christian antiquity yet these three tales were copied for centuries What messages were they promoting What did it mean to be a virgin husband and a virgin wife Including full translations this volume sets each life in its historical context and by examining their individual and shared themes the book shows that the tension raised by pitting marriage against celibacy is constantly debated It also highlights the ingenuity of Byzantine hagiographers as they attempted to reconcile this curious paradox This book addresses a gap in late Antique and Byzantine hagiographic studies where primary sources and interpretative material are very rarely presented in the same volume By providing a variety of contexts to the material a much more comprehensive revealing and holistic picture of celibate marriage emerges *Greco-Egyptian Interactions* Ian Rutherford, 2016 Contact and interaction between Greek and Egyptian culture can be traced in different forms over more than a millennium from the sixth century BC when

Greeks visited Egypt for the sake of tourism or trade through to the Hellenistic period when Egypt was ruled by the Macedonian Greek Ptolemaic dynasty who encouraged a mixed Greek and Egyptian culture and even more intensely in the Roman Empire when Egypt came to be increasingly seen as a place of wonder and a source of magic and mystery This volume addresses the historical interaction between the ancient Greek and Egyptian civilizations in these periods focusing in particular on literature and textual culture Comprising fourteen chapters written by experts in the field each contribution examines such cultural interaction in some form whether influence between the two cultures or the emergence of bicultural and mixed phenomena within Egypt A number of the chapters draw on newly discovered Egyptian texts such as the Book of Thoth and the Book of the Temple and among the wide range of topics covered are religion such as prophecy hymns and magic philosophy historiography romance and translation
