D'Auria, 2012-09-06 A lushly illustrated gazetteer of the archaeological sites of southern Egypt and northern Sudan and named a 2012 American Publishers PROSE Awards winner for Best Archaeology Anthropology Book For most of the modern world ancient Nubia seems an unknown and enigmatic land Only a handful of archaeologists have studied its history or unearthed the Nubian cities temples and cemeteries that once dotted the landscape of southern Egypt and northern Sudan Nubia s remote setting in the midst of an inhospitable desert with access by river blocked by impassable rapids has lent it not only an air of mystery but also isolated it from exploration Over the past century particularly during this last generation scholars have begun to focus more attention on the fascinating cultures of ancient Nubia ironically prompted by the construction of large dams that have flooded vast tracts of the ancient land This book attempts to document some of what has recently been discovered about ancient Nubia with its remarkable history architecture and culture and thereby to give us a picture of this rich but unfamiliar African legacy **The Literature of Egypt and the Soudan from the Earliest Times to the Year 1885 [i.e. 1887] Inclusive** Prince Ibrahim-Hilmy (son of Ismail, Khedive of Egypt), 1886

Description of Egypt Edward William Lane, 2019-10 The great nineteenth century British traveler Edward William Lane 1801 76 was the author of a number of highly influential works In 1831 publication of one of his greatest works Description of Egypt was dropped mainly for financial reasons by the publishing firm of John Murray The manuscript was sold to the British Library by Lane s widow in 1891 and was salvaged for publication as a hardcover book by Jason Thompson nearly 170 years later Now available in paperback this book takes the form of a journey through Egypt from north to south with descriptions of all the ancient monuments and contemporary life that Lane explored along the way History in Black Yaacov Shavit, 2013-11-12 The development of Afrocentric historical writing is explored in this study which traces this recording of history from the Hellenistic Roman period to the 19th century Afrocentric writers are depicted as searching for the unique primary source of culture from one period to the next Such passing on of cultural traits from the ancient model from the classical period to the

origin of culture in Egypt and Africa is shown as being a product purely of creative history **Systematic Catalogue of
