Egyptian Tales Translated from the Papyri Sir William Matthew Flinders Petrie, 1913 *Egyptian Tales Translated from the Papyri: IVth to XIXth dynasty* Sir William Matthew Flinders Petrie, 2020-09-28 IT is strange that while literature occupies so much attention as at present and while fiction is the largest division of our book work the oldest literature and fiction of the world should yet have remained unrepresented to English readers The tales of ancient Egypt have appeared collectively only in French in the charming volume of Maspero's *Contes Populaires* while some have been translated into English at scattered times in volumes of the *Records of the Past* But research moves forward and translations that were excellent twenty years ago may now be largely improved as we attain more insight into the language For another reason also there is a wide ground for the present volume In no case have any illustrations been attempted to give that basis for imagination which is all the more needed when reading of an age and a land unfamiliar to our ideas When following a narrative whether of real events or of fiction many persons perhaps most find themselves unconsciously framing in their minds the scenery and the beings of which they are reading To give a correct picture of the character of each of the various ages to which these tales belong has been the aim of the present illustrations A definite period has been assigned to each tale in accordance with the indications or the history involved in it and so far as our present knowledge goes all the details of life in the scenes here illustrated are rendered in accord with the period of the story To some purely scholastic minds it may seem presumptuous to intermingle translations of notable documents with fanciful illustrations But considering the greater precision with which in recent years we have been able to learn the changes and the fashions of ancient life in Egypt and the essentially unhistorical nature of most of these tales there seems ample reason to provide such material for the reader's imagination in following the stories it may give them more life and reality and may emphasise the differences which existed between the different periods to which these tales refer It will be noticed how the growth of the novel is shadowed out in the varied grounds and treatment of the tales The earliest is purely a collection of marvels or fabulous incidents of the simplest kind Then we advance to contrasts between town and country between Egypt and foreign lands Then personal adventure and the interest in schemes and successes becomes the staple material while only in the later periods does character come in as the groundwork The same may be seen in English literature first the tales of wonders and strange lands then the novel of adventure and lastly the novel of character In translating these documents into English I have freely used the various translations already published in other languages but in all cases more or less revision and retranslation from the original has been made In this matter I am indebted to Mr F LI Griffith who has in some cases as in Anpu and Bata almost entirely retranslated the original papyrus The material followed in each instance will be found stated in the notes accompanying the tales

Egyptian Tales, Translated from the Papyri - Second Series, XVIIIth To XIXth Dynasty Flinders

Petrie, 2016-01-18 Immerse yourself in the rich storytelling tradition of Ancient Egypt with Flinders Petrie's second collection of tales. Originally published in 1899, *Egyptian Tales*, Translated from the Papyri, Second Series, XVIIIth to XIXth Dynasty, presents a fascinating selection of stories that reveal the imagination, culture, and values of Ancient Egypt during its New Kingdom period. Skilfully translated from ancient papyri, these timeless tales provide a glimpse into the world of a civilisation that continues to captivate the modern mind. Flinders Petrie, 1853-1942, a pioneering British archaeologist, dedicated his life to uncovering the mysteries of the ancient world. Born in Kent, England, he displayed an early talent for archaeology, surveying Roman monuments as a teenager. Over a distinguished career, he made numerous groundbreaking discoveries, including the Merneptah Stele, a pivotal artifact in Egyptian history. His innovative methods and substantial contributions to archaeology earned him a knighthood in 1923.

Egyptian Literature Comprising Egyptian Tales, Hymns, Litanies, Invocations, the Book of the Dead and Cuneiform Writings Various Authors, 2020-09-28 The wonders of Egyptian archaeology are the latest and most precious harvest of scholars and explorers. From Belzoni to Flinders Petrie, there has been a succession of discoveries in the valley of the Nile with which it is hard for ordinary students to keep pace. Our knowledge of Egyptian life today is far clearer and more complete than Bentley's or Porson's acquaintance with the antiquities of Greece and Rome, and we have far more complete access to the treasures of Egyptian literature than Dante or Thomas Aquinas had to the remains of Attic poets and mystics. We know exactly how an Egyptian of the twelfth dynasty dressed, what was the position of women in Egypt, and what uniform was worn by the Egyptian soldiers who took part in the campaign against Khitasis. We can see Rameses II riding in his war chariot; we know the very names of the horses by whose side his tame lion is running and thirsting for the blood of his master's foes. We know all about the domestic animals, the funeral customs, the trades, the gods, the agriculture of the Nile valley thirty centuries ago. We see the whole many-sided civilization portrayed in the brightest colors in the poetry, the books of ritual, the hieratic inscriptions, the tablets, papyri, and hieroglyphics which day by day come to light in exhaustless abundance from the mounds and ruins of that fertile plain that stretches from Thebes to the Mareotic lake. For instance, we can learn exact particulars about the mode in which Rameses II made war from the poem of Pentaour, a Theban writer of the fourteenth century B.C. It is only by a figure of speech that this poem can be called an epic; it is rather a historical narrative couched in terms of poetic exaggeration, with the object of flattering the royal vanity of Pharaoh. The campaign in which Rameses then engaged was directed against Kadesh, a city built on an island in the Orontes. It is according to Pentaour inhabited by a people known as Khita, whose spies are brought into the tent of Rameses and questioned as to the whereabouts of the King of Kadesh. The spies are forced by blows to answer, and they tell the Egyptian monarch that the King of the Khita is powerful with many soldiers and with chariot soldiers and with their harness as many as the sand of the seashore, and they are ready to fight behind Kadesh. The King is very angry for he had been deceived by false news to the effect that his enemy had fled in terror to Khilibu. The fault is great, he cries, that the governors of the land and the vassal

princes of Pharaoh have committed in neglecting to watch the movements of the Khita He sends to bring back the legions he had sent away and meanwhile the approach of the enemy is announced The camp of Rameses is surprised by the Asiatics many foot soldiers are killed before they can seize their weapons but a faithful band rallies in front of the royal quarters Suddenly a cry is heard Rameses has quickly put on his armor seized his lance ordered his war lion to be loosed and dashed into the fight Pharaoh with his master of the horse Menni is soon hemmed in by foes My Lord O generous King cries Menni Egypt's great protector in the day of battle behold we stand alone in the midst of the enemy for the archers and the chariots have left us Let us return that our lives may be saved Save us O my Lord Rameses Miamun Then Rameses called upon Amen his god and under his protection charged the enemy and his hand devoured them in the space of an instant Five times he rushed upon them and five times they repulsed him The sixth time he breaks their ranks and regains his own lines Then the legions of Ptah which had returned to the camp join the battle and the Asiatics are routed The first care of Rameses is to refresh his brave horses Victory in Thebes and Maut is Satisfied Neither they nor Rameses and his lion are wounded though all stained with blood and dust while the head plumes of the team are torn and tattered and their caparison broken
