From Hamama to Montreal Abdelkarim Elhassani,2012-11 This book reveals key untold stories and scenes from the life of a Palestinian who comes from the Palestinian village of Hamama The book unfolds its stories through the different stages and diverse contexts the author has been through It is neither a historical record nor an autobiography as it may appear at first sight rather an intricate account of the tragedies and calamities endured by tens of thousands of

Palestinians The book is neither written as a political discourse analysis or a criticism nor is it a description of battles and behaviors It is a whoop of sadness and grief of a people whose homeland was usurped and is still living in them In preparing this book it was meant to be free of any derogation or belittlement of anybody I did not communicate everything and was content with such allusions that maintain one's dignity Indeed this book by uncovering the misfortunes and atrocities Palestinian children men and women went through is profoundly a message to the future generations of Arabs who did not see these scenes into reality The book is a flash of knowledge a document for researchers and a source of enlightenment for readers and students alike It contains invaluable scenes from a substantial span of time since Field Marshal Edmund Allenby entered Jerusalem after his triumph over the Ottoman armies in World War I and said Today the crusades have ended
