

The background of the entire image is a photograph of an ancient Egyptian tomb. The ceiling is painted to look like a golden sky with a large sun disk in the center, surrounded by rays and smaller celestial symbols. The walls are covered in colorful paintings of deceased individuals. On the left and right sides, there are large, stylized figures of a man and a woman, likely the tomb's owners, shown in a dynamic, dancing pose. They are wearing traditional Egyptian clothing. In the center, there is a doorway leading into a dark interior, where a small figure of a person can be seen standing. The overall scene is a well-preserved example of ancient Egyptian art and architecture.

Silent Images Zahi Hawass, 2009-04 This beautifully produced new paperback edition of Silent Images explores a puzzling contradiction Despite the multitude of artifacts and texts that have come to us from ancient Egypt much still remains obscure regarding the lives of women Women were from the historical perspective silent but how should this silence be interpreted What was the reality of women's lives behind the standardized images We know that their chief role in society as mothers and anchors of the family was honored and respected although it meant a degree of segregation and in most periods excluded them from public office Nevertheless in law they were the equals of men and they could and did own property which they administered and disposed of themselves Zahi Hawass's book searches for a more realistic picture

of women's lives in ancient Egypt As well as reconsidering the evidence from tomb and temple the author draws on unpublished material from his excavations at the workers cemetery at Giza which sheds light on the womenfolk of the workmen who built and maintained the pyramids The text is complemented by lavish illustrations of places and objects many made especially for this book **Exploring the Life, Myth, and Art of Ancient Egypt** Joann Fletcher, 2009-08-15 This gorgeous book will give readers an engrossing introduction to the extraordinary culture of Ancient Egypt Richly illustrated the book reveals examples of the awe inspiring pyramids temples glorious wall paintings statues and exquisite jewelry and what inspired their creation Written by distinguished Egyptologist Joann Fletcher the book will captivate readers while showcasing the life myth and culture of this great ancient civilization **Village Life in Ancient Egypt** A. G. McDowell, 1999-10-15 Deir el Medina the village of the workmen who built the royal tombs in the Valley of the Kings is a uniquely rich source of information about life in Egypt between 1539 and 1075 BC The abundant archaeological remains are complemented by tens of thousands of texts documenting the thoughts and activities of the villagers Many of the texts are written on papyrus but most are on flakes of limestone which being free and readily available were used for even the most casual and temporary of records They include private letters administrative accounts magic spells records of purchases last wills and testaments laundry lists and love songs The value of these rare glimpses of daily life is greatly enhanced by the concentration of texts in one time and place This book combines translations of over 200 of these texts spanning the entire range of preserved genres with stunning illustrations The reader will therefore be able to experience the life of the villagers through their own words whilst viewing places known to each individual writer Each text is introduced by a commentary that provides the context and explains the contribution each text makes to our understanding of Egyptian society at this period
