Art and Culture Gillian Perry, 1994 Focusing on the visual arts and written texts this book explores the nature of femininity and masculinity in 18th century Britain and France The activities and collective conditions of women as producers of art and culture are investigated together with analysis of representation and the ways in which it might be gendered This illustrated book should make an important contribution to debates on representation constructions of sexuality and women as producers

**The Single Homemaker and Material Culture in the Long Eighteenth Century** David Hussey, Margaret Ponsonby, 2016-03-03 The Single Homemaker and Material Culture in the Long Eighteenth Century represents a new synthesis of gender history and material culture studies It seeks to analyse the lives and cultural expression of single men and women from 1650 to 1850 within the main focus of domestic activity the home Whilst there is much scholarly interest in singleness and a raft of literature on the construction and apprehension of the home no other book has sought to bring these

discrete studies together Similarly scholarly work has been limited in evaluating gendered consumption practices during the long eighteenth century because of an emphasis on the homes of families Analysing the practices of single people emphasises the differences but also amplifies the similarities in their strategies of domestic life *Women and Literature in Britain, 1700-1800* Vivien Jones, 2000-03-09 This book first published in 2000 is an authoritative volume of new essays on women's writing and reading in the eighteenth century *The Columbia Granger's Guide to Poetry Anthologies* William A.
