**The Shows of London** Richard Daniel Altick, 1978 A berserk elephant gunned down in the heart of London a machine for composing Latin hexameters and the original rock band 1841 these are but three of the sights that London curiosity seekers from every walk of life paid to see from the Elizabethan era to the mid Victorian period Examining hundreds of the wonderfully varied exhibitions that culminated in the Crystal Palace of 1851 this generously illustrated book sheds light on a vast and colorful expanse of English social history that has thus far remained wholly unsurveyed Drawing on a wealth of never before used information Mr Altick traces London exhibitions as they evolved from the display of relics in pre Reformation churches through the collections of eighteenth century virtuosi to the first science museums and public art galleries He also narrates for the first time the history of the panorama and diorama as an influential genre of nineteenth century popular art At every point the London shows are linked to the prevailing intellectual atmosphere and to trends in public taste The material is fresh and fascinating the range from freaks to popular science from the funeral effigies at Westminster Abbey to Madame Tussaud s waxworks impressive Like the exhibitions that best served the Victorian ideal of mass culture The Shows of London is both entertaining and informative

[Print Culture, Crime and Justice in 18th-Century London](#) Richard M. Ward, 2014-08-28 In the first half of the 18th century there was an explosion in the volume and variety of crime literature published in London This was a golden age of writing about crime when the older genres of criminal biographies social policy pamphlets and last dying speeches were joined by a raft of new publications including newspapers periodicals graphic prints the Old Bailey Proceedings and the Ordinary s Account of malefactors executed at Tyburn By the

early 18th century propertied Londoners read a wider array of printed texts and images about criminal offenders highwaymen housebreakers murderers pickpockets and the like than ever before or since Print Culture Crime and Justice in 18th Century London provides the first detailed study of crime reporting across this range of publications to explore the influence of print upon contemporary perceptions of crime and upon the making of the law and its administration in the metropolis This historical perspective helps us to rethink the relationship between media the public sphere and criminal justice policy in the present *Making Ideas Visible in the Eighteenth Century* Jennifer Milam,Nicola Parsons,2022-01-14 This volume considers how ideas were made visible through the making of art and visual experience occasioned by reception during the long eighteenth century The event that gave rise to the collection was the 15th David Nichol Smith Seminar in Eighteenth Century Studies which launched a new Australian and New Zealand Society of Eighteenth Century Studies Two strands of interest are explored by the individual authors The first four essays work with ideas about material objects and identity formation suggesting how the artist's physical environment contributes to the sense of self as a practicing artist or artisan as an individual patron or collector or as a woman or religious outsider The last four essays address the intellectual work that can be expressed through or performed by objects Through a consideration of the material formation of concepts this book explores questions that are implicated by the need to see ideas in painted sculpted illustrated and designed forms In doing so it introduces new visual materials and novel conceptual models into traditional accounts of the intellectual history of the Enlightenment **The Georgian London Town House** Kate Retford,Susanna Avery-Quash,2019-03-07 For every great country house of the Georgian period there was usually also a town house Chatsworth for example the home of the Devonshires has officially been recognised as one of the country's favourite national treasures but most of its visitors know little of Devonshire House which the family once owned in the capital In part this is because town houses were often leased rather than being passed down through generations as country estates were But most crucially many London town houses including Devonshire House no longer exist having been demolished in the early twentieth century This book seeks to place centre stage the hugely important yet hitherto overlooked town houses of the eighteenth and early nineteenth centuries exploring the prime position they once occupied in the lives of families and the nation as a whole It explores the owners how they furnished and used these properties and how their houses were judged by the various types of visitor who gained access What Clothes Reveal Linda Baumgarten,2002-01-01 Illustrated with more than 300 color photographs including many details and back views What Clothes Reveal treats not only elegant high style clothing in colonial America but also garments for everyday and work the clothing of slaves and maternity and nursing apparel Marks & Monograms on European and Oriental Pottery and Porcelain, with Historical Notices of Each Manufactory William Chaffers,1908 **the london goldsmiths** Worshipful Company of Goldsmiths, **The East India Company at Home, 1757-1857** Margot Finn,Kate Smith,2018-02-15 The East India Company at Home 1757 1857 explores how empire in Asia shaped British country houses

their interiors and the lives of their residents It includes chapters from researchers based in a wide range of settings such as archives and libraries museums heritage organisations the community of family historians and universities It moves beyond conventional academic narratives and makes an important contribution to ongoing debates around how empire impacted Britain The volume focuses on the propertied families of the East India Company at the height of Company rule From the Battle of Plassey in 1757 to the outbreak of the Indian Uprising in 1857 objects people and wealth flowed to Britain from Asia As men in Company service increasingly shifted their activities from trade to military expansion and political administration a new population of civil servants army officers surveyors and surgeons journeyed to India to make their fortunes These Company men and their families acquired wealth tastes and identities in India which travelled home with them to Britain Their stories the biographies of their Indian possessions and the narratives of the stately homes in Britain that came to house them frame our explorations of imperial culture and its British legacies

*Material Literacy in 18th-Century Britain* Bloomsbury Publishing, 2020-09-03 The eighteenth century has been hailed for its revolution in consumer culture but *Material Literacy in Eighteenth Century Britain* repositions Britain as a nation of makers It brings new attention to eighteenth century craftswomen and men with its focus on the material knowledge possessed not only by professional artisans and amateur makers but also by skilled consumers This edited collection gathers together a group of interdisciplinary scholars working in the fields of art history history literature and museum studies to unearth the tactile and tacit knowledge that underpinned fashion tailoring and textile production It invites us into the workshops drawing rooms and backrooms of a broad range of creators and uncovers how production and tacit knowledge extended beyond the factories and machines which dominate industrial histories This book illuminates for the first time the material literacies learnt enacted and understood by British producers and consumers The skills required for sewing embroidering and the textile arts were possessed by a large proportion of the British population men women and children professional and amateur alike Building on previous studies of shoppers and consumption in the period as well as narratives of manufacture these essays document the multiplicity of small producers behind Britain's consumer revolution reshaping our understanding of the dynamics between making and objects consumption and production It demonstrates how material knowledge formed an essential part of daily life for eighteenth century Britons Craft technique practice and production the

contributors show constituted forms of tactile languages that joined makers together whether they produced objects for profit or pleasure

Portrait of a Woman in Silk Zara Anishanslin, 2016-09-20 Through the story of a portrait of a woman in a silk dress historian Zara Anishanslin embarks on a fascinating journey exploring and refining debates about the cultural history of the eighteenth century British Atlantic world While most scholarship on commodities focuses either on labor and production or on consumption and use Anishanslin unifies both examining the worlds of four identifiable people who produced wore and represented this object a London weaver one of early modern Britain's few women silk designers a Philadelphia merchant's wife and a New England painter Blending macro and micro history with nuanced gender analysis Anishanslin shows how making buying and using goods in the British Atlantic created an object based community that tied its inhabitants together while also allowing for different views of the Empire Investigating a range of subjects including self fashioning identity natural history politics and trade Anishanslin makes major contributions both to the study of material culture and to our ongoing conversation about how to write history

**Martin Folkes (1690-1754)** Anna Marie Roos, 2021 Martin Folkes 1690 1754 Newtonian Antiquary Connoisseur is a cultural and intellectual biography of the only President of both the Royal Society and the Society of Antiquaries Sir Isaac Newton's protégé astronomer mathematician freemason art connoisseur Voltaire's friend and Hogarth's patron his was an intellectually vibrant world Folkes was possibly the best connected natural philosopher and antiquary of his age an epitome of Enlightenment sociability and yet he was a surprisingly neglected figure the long shadow of Newton eclipsing his brilliant disciple A complex figure Folkes edited Newton's posthumous works in biblical chronology yet was a religious skeptic and one of the first members of the gentry to marry an actress His interests were multidisciplinary from his authorship of the first complete history of the English coinage to works concerning ancient architecture statistical probability and astronomy Rich archival material including Folkes's travel diary correspondence and his library and art collections permit reconstruction through Folkes's eyes of what it was like to be a collector and patron a Masonic freethinker and antiquarian and virtuoso in the days before science became sub-specialised Folkes's virtuosic sensibility and possible role in the unification of the Society of Antiquaries and the Royal Society tells against the historiographical assumption that this was the age in which the two cultures of the humanities and sciences split apart never to be reunited In Georgian England antiquarianism and science were considered largely part of the same endeavour

Creator of Nightmares Christopher Baker, 2024-12-13 A critical biography of the eighteenth century painter Henry Fuseli 1741 1825 was one of the eighteenth century's most provocative and inventive artists He is best known for his painting *The Nightmare* which channeled a new form of gothic imagery for the Romantic age This engaging study of the artist's career unveils Fuseli's complexities navigating contradictions between literary and painted works sacred and secular themes and traditional patronage versus competitive exhibitions Plotting Fuseli's trajectory from Zurich to Paris Rome and ultimately London *Creator of Nightmares* paints an image of Fuseli as an astute marketer and self-proclaimed genius who

transformed himself from a priest to an Enlightenment writer a mercurial force in the art world and finally a revered teacher

Richard Taruskin, 2006-08-14 Music in the Seventeenth and Eighteenth Centuries the second volume Richard Taruskin's monumental history illuminates the explosion of musical creativity that occurred in the seventeenth and eighteenth centuries Examining a wealth of topics Taruskin looks at the elegant masques and consort music of Jacobean England the Italian concerto style of Corelli and Vivaldi and the progression from Baroque to Rococo to romantic style Perhaps most important he offers a fascinating account of the giants of this period Bach Handel Mozart Haydn and Beethoven Laced with brilliant observations memorable musical analysis and a panoramic sense of the interactions between history culture politics art literature religion and music this book will be essential reading for anyone who wishes to understand this rich and diverse period

**The Mobility of People and Things in the Early Modern Mediterranean** Elisabeth A. Fraser, 2019-07-23 For centuries artists diplomats and merchants served as cultural intermediaries in the Mediterranean Stationed in port cities and other entrepôts of the Mediterranean these go betweens forged intercultural connections even as they negotiated and sometimes promoted cultural misunderstandings They also moved objects of all kinds across time and space This volume considers how the mobility of art and material culture is intertwined with greater Mediterranean networks from 1580 to 1880 Contributors see the movement of people and objects as transformational emphasizing the trajectory of objects over single points of origin multiplicity over unity and mutability over stasis

*Pictures and Popery* Clare Haynes, 2017-05-15 The part religion played in questions of national identity in early modern England is a familiar historical theme yet little work has been done on how this worked culturally Nowhere is this more visible than in the seeming contradiction of a militantly Protestant nation such as England that had a high regard for Catholic art It is this dichotomy the tensions between art and anti Catholicism that forms the central investigation of this book During the late seventeenth and eighteenth century religious art was closely identified with idolatry and the use of images was one of the most obvious markers of the boundary between Protestantism and Catholicism This manifested itself in an unease about the status of the religious image in English society which was articulated in religious tracts anti Catholic propaganda polemical debate court cases and numerous other places In light of these attacks upon idolatry the fact that a great deal of Catholic art was so highly regarded and sought after seems

puzzling By discussing English attitudes towards the works of Italian painters including Raphael Michelangelo and Domenichino and the ways in which native artists sought appropriately Protestant ways of emulating them this volume offers a fascinating perspective on the dichotomy that existed between English appreciation and disapproval of Catholic culture By taking this cultural and artistic approach and applying it to the broader historical themes a new and invigorating way of understanding religion and national identity is offered      *The Real Jim Hawkins* Roland Pietsch, 2011-03-23 Generations of readers have enjoyed the adventures of Jim Hawkins the young protagonist and narrator in Robert Louis Stevensons *Treasure Island* but little is known of the real Jim Hawkins and the thousands of poor boys who went to sea in the eighteenth century to man the ships of the Royal Navy This groundbreaking new work is a study of the origins life and culture of the boys of the Georgian navy not of the upper class children training to become officers but of the orphaned delinquent or just plain adventurous youths whose prospects on land were bleak and miserable Many had no adult at all taking care of them others were failed apprentices many were troublesome youths for whom communities could not provide so that the Navy represented a form of floating workhouse Some with restless and roving minds like Defoes Robinson Crusoe saw deep sea life as one of adventure interspersed with raucous periods ashore drinking singing and womanizing The author explains how they were recruited describes the distinctive subculture of the young sailor the dress hair tattoos and language and their life and training as servants of captains and officers More than 5 000 boys were recruited during the Seven Years War alone and without them the Royal Navy could not have fought its wars This is a fascinating tribute to a forgotten band of sailors
