Constructing a German Diaspora Stefan Manz, 2014-06-05 This book takes on a global perspective to unravel the complex relationship between Imperial Germany and its diaspora Around 1900 German speakers living abroad were tied into global power political aspirations They were represented as outposts of a Greater German Empire whose ethnic links had to be preserved for their own and the fatherland s benefits Did these ideas fall on fertile ground abroad In the light of extreme social political and religious heterogeneity diaspora construction did not redeem the all encompassing fantasies of its engineers But it certainly was at work as nationalism went global in many German ethnic communities Three thematic areas are taken as examples to illustrate the emergence of globally operating organizations and communication flows Politics and the navy issue Protestantism and German schools abroad as bulwarks of language preservation The public negotiation of these issues is explored for localities as diverse as Shanghai Cape Town Blumenau in Brazil Melbourne Glasgow the Upper Midwest in the United States and the Volga Basin in Russia The mobilisation of ethno national diasporas is also a feature of modern day globalization The theoretical ramifications analysed in the book are as poignant today as they were for the nineteenth century **Schuld und Sühne? 1** , 2016-10-11 Der Beginn des Zweiten Weltkrieges liegt mehr als 50 Jahre zurück Bis heute haben aber die Fragen mit denen dieses katastrophale Ereignis alle Deutschen konfrontiert nicht an Bedeutung und Aktualität verloren Vielmehr fordert das öffentliche Gedächtnis mit jedem Generationswechsel neue Bilder von diesem Krieg Im Rückblick auf den Zeitraum seit 1945 lässt sich ein Zyklus von Erinnern Verstummen und erneutem Erinnern ausmachen der bereits dreifach durchlaufen worden ist Insofern ist der Umgang mit dem Thema in den deutschen Medien gleich nach Kriegsende auch für die Gegenwart aufschlussreich Deutungen und Formen des Gedenkens die heute praktiziert werden haben selber inzwischen eine Geschichte Mehrfach glaubte man bereits in beiden Teilen Deutschlands da die Schuldfrage gelöst sei und die Kriegserfahrung bewältigt Jedesmal stellte sich heraus da die Deutschen noch immer in der Schuld sind nicht nur aus der Perspektive ihrer europäischen Nachbarn Die Beiträge in diesem Band gehen auf den Anfang eines unabgeschlossenen Prozesses zurück Die Befragung gilt nicht den Menschen sondern den Medien Gefragt wird wie in der Literatur in der Presse im Fernsehen und Film in den 40er und 50er Jahren mit dem Krieg umgegangen worden ist welche Bilder davon die Literatur die Presse Fernsehen Film und Hörspiel anzubieten hatten und welche Tendenzen sich dabei in den beiden deutschen Staaten in Österreich Polen und Frankreich nachweisen lassen Eine Reflexion auf die neunziger Jahre macht das Thema spannend denn dadurch wird den Bildern vom Krieg die im wiedervereinigten Deutschland im Umlauf sind ihr Ort im Zyklus zugewiesen Ein Beitrag zur wieder neu gewordenen Orientierung **The Abridged Academy Song-book** Charles Herbert Levermore, 1898 **Listening Subjects** David Schwarz, 1997 On psychoanalysis and

Cinema and Social Change in Germany and Austria Gabriele Mueller,James M. Skidmore,2012-09-01 During the last decade contemporary German and Austrian cinema has grappled with new social and economic realities The cinema of consensus a term coined to describe the popular and commercially oriented filmmaking of the 1990s has given way to a more heterogeneous and critical cinema culture Making the greatest artistic impact since the 1970s contemporary cinema is responding to questions of globalization and the effects of societal and economic change on the individual This book explores this trend by investigating different thematic and aesthetic strategies and alternative methods of film production and distribution Functioning both as a product and as an agent of globalizing processes this new cinema mediates and influences important political and social debates The contributors illuminate these processes through their analyses of cinema s intervention in discourses on such concepts as national cinema the effects of globalization on social mobility and the emergence of a global culture The essays illustrate the variety and inventiveness of contemporary Austrian and German filmmaking and highlight the complicated interdependencies between global developments and local specificities They confirm a broader trend toward a more complex critical and formally diverse cinematic scene This book offers insights into the strategies employed by German and Austrian filmmakers to position themselves between the commercial pressures of the film industry and the desire to mediate or even attempt to affect social change It will be of interest to scholars in film studies cultural studies and European studies

Divided Memory Jeffrey Herf,2013-11-01 A valuable study of how political narratives about the nation s Nazi past differed in East and West Germany The Wall Street Journal A significant new look at the legacy of the Nazi regime this book exposes the workings of past beliefs and political interests on how and how differently the two Germanys recalled the crimes of Nazism from the anti Nazi emigration of the 1930s through the establishment of a day of remembrance for the victims of National Socialism in 1996 Why Jeffrey Herf asks would German politicians raise the specter of the Holocaust at all in view of the considerable support its authors and their agenda had found in Nazi Germany Why did the public memory of Nazi anti Jewish persecution and the Holocaust emerge if selectively in West Germany while it was repressed and marginalized in anti fascist East Germany And how do the politics of left and right come into play in this divided memory The answers reveal the

surprising relationship between how the crimes of Nazism were publicly recalled and how East and West Germany separately evolved as a Communist dictatorship and a liberal democracy This book for the first time points to the impact of the Cold War confrontation in both West and East Germany on the public memory of anti Jewish persecution and the Holocaust Konrad Adenauer Theodor Heuss Kurt Schumacher Willy Brandt Richard von Weizsacker and Helmut Kohl in the West and Walter Ulbricht Wilhelm Pieck Otto Grotewohl Paul Merker and Erich Honecker in the East are among the many national figures whose private and public papers and statements Herf examines His work makes the German memory of Nazism suppressed on one hand and selective on the other from Nuremberg to Bitburg comprehensible within the historical context of the ideologies and experiences of pre 1945 German and European history as well as within the international context of shifting alliances from World War II to the Cold War Drawing on West German and East German archives this book is a significant contribution to the history of belief that shaped public memory of Germany s recent past Groundbreaking admirably subjects both East and West to equal scrutiny Forward A masterful book German History **Unlikely History** J. Zipes,L.

Morris,2016-04-30 In the English speaking world it is generally believed that there are very few Jews living and thriving in Germany Yet there has been an unlikely postwar history 1945 2001 that has been somewhat repressed in North America and the United Kingdom While most people are well informed about the Holocaust and the consequences that this tragic event has had for the world very few people know that there has been a steady increase in the population of Jews in Germany since 1945 and that there is a flourishing Jewish culture certainly a relatively strong Jewish presence in Germany today Does this development mean that Jews are playing a significant role in German social life Does this mean that the great German Jewish relationship often referred to as a kind of symbiosis has re emerged despite the odds against it The sixteen essays in this book written by the leading critics in the field cover the fascinating changes that have been made in German society since 1945 in the Jewish communities literature theater film architecture and other areas of interest including an examination of the resurgence of anti Semitism in Austria For anyone interested in reading about the unpredictable transformations in German Jewish relations since 1945 Unlikely History will provide information and insights into a history that needs to be told to bring about greater understanding of Jews and Germans in contemporary Germany **The Abridged Academy**
