Franco, Hitler y el estallido de la Guerra Civil , Franco and Hitler Stanley G. Payne,2008-01-01 Was Franco sympathetic to Nazi Germany Why didn t Spain enter World War II In what ways did Spain collaborate with the Third Reich How much did Spain assist Jewish refugees This is the first book in any language to answer these intriguing questions Stanley Payne a leading historian of modern Spain explores the full range of Franco s relationship with Hitler from 1936 to the fall of the Reich in 1945 But as Payne brilliantly shows relations between these two dictators were not only a matter of realpolitik These two titanic egos engaged in an extraordinary tragicomic drama often verging on the dark absurdity of a Beckett or Ionesco play Whereas Payne investigates the evolving relationship of the two regimes up to the conclusion of World War II his principal concern is the enigma of Spain s unique position during the war as a semi fascist country struggling to maintain a tortured neutrality Why Spain did not enter the war as a German ally joining with Hitler to seize Gibraltar and close the Mediterranean to the British navy is at the center of Payne s narrative Franco s only personal meeting with Hitler in 1940 to discuss precisely this is recounted here in groundbreaking detail that also sheds significant new light on the Spanish government s vacillating policy toward Jewish refugees on the Holocaust and on Spain s German connection throughout the duration of the war

The Hidden Hitler: an Intimate Portrait Lothar Machtan,2013 A book that will change forever our understanding of Hitler his entourage Embargoed in the U S twelve other countries Machtan modern and current history Bremen U Germany contends that not only can it be conclusively proven that Adolf Hitler was homosexual but that this is a historical fact that is if not the key central to any reinterpretation of the character of the high command of the Nazi regime He suggests that earlier consideration of this possibility has been precluded by a post war taboo related to both homosexuality and to a dismissal of personal information as irrelevant to historical inquiry Central to the argument is the case of Ernst Rohm who had been left the leadership of the Nazis in the early 1920s only to be recalled by Hitler and later killed on Hitler s orders as allegations of Rohm s sexuality began to surface This incident and the Nazi s vicious campaign against homosexuals both represent according to Machtan Hitler s efforts to protect his political legitimacy against allegations regarding his own sexuality

europeu sempre manteve uma relação complexa com a religião. Se por um lado Hitler e seus comparsas descartavam o cristianismo por não fornecer uma ligação forte com a raça e a terra, por outro o nazismo surgiu em um meio onde fermentavam ideias ocultistas das mais populares como astrologia e teosofias mais bizarras como a cosmogonia glacial nutridas e modificadas de diferentes formas para servir como uma base espiritual do movimento. Alvo de muitas especulações sensacionalistas a ligação entre o nazismo e as chamadas ciências ocultas já foi tema de histórias em quadrinhos e filmes populares. Os monstros de Hitler trabalhados por Eric Kurlander desvia dos exageros e mostra com vasta pesquisa a conexão real entre seitas com crenças abstrusas e o mais alto escalão do Partido.

Seres de luz y entes de la oscuridad Lucy Aspra, 2007-08-31 De verdad no estamos solos y los ngeles nos protegen con su luz celestial. De Lucy Aspra, experta a nivel internacional en temas de ngeles y seres espirituales. Las rigurosas investigaciones de Lucy Aspra sustentadas por una bibliografía espléndida y una escritura clara y envolvente sorprenden no sólo por sus revelaciones sino también por su extraordinaria capacidad para situar en su justo lugar a las presencias luminosas y a las entidades del mal. La autora de Seres de luz y entes de la oscuridad cierra una de las investigaciones del mundo sobrenatural más impactantes de los últimos años iniciada con ngeles y extraterrestres y Batalla cósmica publicados por Alama en este tercer volumen nos enseña a reconocer la presencia y los prodigios de los ngeles, el maravilloso poder de la oración y la forma en que fuerzas negativas a veces se manifiestan a través de los duendes y los extraterrestres. Analiza el propósito de los mensajes subliminales y la manera de sobreponerse a sus efectos nocivos, hace un recuento de energías subterráneas y deidades peligrosas para concluir con una reflexión sobre el amor y su energía vital. No hay duda de que esta obra estremecerá a los lectores y los obligará a una reflexión profunda para advertir que los brujos extraterrestres, las posesiones demoníacas y los exorcismos no son sólo una macabra fantasía.

The United States, the Soviet Union and the Geopolitical Implications of the Origins of the Cold War Nicolas Lewkowicz, 2018-10-30 The United States the Soviet Union and the Geopolitical Implications of the Origins of the Cold War 1945-1949 describes how the United States and the Soviet Union deployed their hard and soft power resources to create the basis for the institutionalization of the international order in the aftermath of World War Two. The book argues that the origins of the Cold War should not be seen from the perspective of a magnified spectrum of conflict but should be regarded as a process by which the superpowers attempted to forge a normative framework capable of sustaining their geopolitical needs and interests in the post-war scenario. The United States the Soviet Union and the Geopolitical Implications of the Origins of the Cold War 1945-1949 examines how the use of ideology and the instrument of political intervention in the spheres of influence managed by the superpowers were conducive to the establishment of a stable international order. It postulates that the element of conflict present in the early period of the Cold War served to demarcate the scope of manoeuvring available to each of the superpowers and studies the notion that the United States and the Soviet Union were primarily interested in establishing the conditions for the accomplishment of their vital geostrategic interests.

This required the implementation of social norms imposed in the respective spheres of influence a factor that provided certainty to the spectrum of interstate relations after the period of turmoil that culminated with the onset of World War Two
