El Si De Las Ninas The Maidens Consent:

The Maiden's Consent Leandro Fernández de Moratín, 1962 Romantic Drama Gerald Ernest Paul Gillespie, 1994 It does not treat Romanticism as a limited period dominated by some construed singular master ethos or dialectic rather it follows the literary patterns and dynamics of Romanticism as a flow of interactive currents across geocultural frontiers *A Guide to Spanish Literature in Translation* Lawrence J. Olszewski, 2025-07-16 There s more to Spanish literature than Don Quixote In addition to Miguel de Cervantes Saavedra s immortal classic Spain produced the earliest evidence of works in a Romance dialect debuted the picaresque genre and introduced the Don Juan figure to the world This guide analyzes the merits and shortcomings of nearly 300 English translations of 100 major works of Spanish literature in poetry prose and theater Each entry summarizes the importance of the author and the work discusses elements of the translations such as the source text formats supplementary material and translators methodology and provides commentary that evaluates the fidelity and readability of the translations and the utility of the supplementary material **The Companion to Hispanic Studies** Catherine Davies, 2014-05-01 What is Hispanic Studies This companion gives a concise and accessible overview of the discipline as taught today and suggests new directions for future developments Hispanic Studies is broadly concerned with the languages and cultures of the vast Hispanic world extending chronologically from Roman Hispania to today and geographically from Roman Hispania to today and geographically from California in the North to Patagonia in the South and from Majorca in the East to the Andes in the West This essential book provides all the necessary introductory information on the subject and will be especially useful for students who have already started courses in Spanish Hispanic Studies or who are considering doing so in the future Written by a team of leading scholars each with established teaching experience this collection of short essays explores topics as diverse as the history of the Spanish language Islamic Andalusia race and class in the Spanish Golden Age Catalan nationalism the Madrid movida Latin America cinema tango in Argentina Evita Per n testimonio and the cultural significance of the US Mexican border The emphasis is on literature and texts including film and photography In addition the book includes time lines summary boxes adn suggestions for further reading

Merriam-Webster's Encyclopedia of Literature Merriam-Webster, Inc, 1995 Describes authors works and literary terms from all eras and all parts of the world Pornographic Sensibilities Nicholas R. Jones, Chad Leahy, 2020-11-29 Pornographic Sensibilities stages a conversation between two fields Medieval Early Modern Hispanic Studies and Porn Studies that traditionally have had little to say to each other The collection offers innovative new approaches to the study of gendered and sexualized bodies in medieval and early modern textual production including literary and historical documents The volume s embrace of the interpretative tools of Porn Studies also inscribes a critical provocation in what ways can contemporary modes of reading the past serve to freshly illuminate not only the contours of that same past but also the very critical assumptions of the present upon which fields like medieval and early modern Hispanic Studies are built In this way

Pornographic Sensibilities encourages at once both rigorous historicizations of pre and early modern culture and playful engagement with presentism considered here as a critical tool to undress the hidden assumptions of both past and present This move substantively challenges long held critical orthodoxies among scholars of pre Enlightenment periods for whom the very category of pornography itself has often problematically been framed as an anachronism when applied to their work

Modern Literatures in Spain Jo Labanyi, Luisa Elena Delgado, 2022-11-08 Jo Labanyi and Luisa Elena Delgado provide the first cultural history of modern literatures in Spain With contributors Helena Buffery Kirsty Hooper and Mari Jose Olaziregi they showcase the country's cultural richness and complexity by working across its four major literary cultures Castilian Catalan Galician and Basque from the eighteenth century to the present Engaging critically with the concept of the national Modern Literatures in Spain traces the uneven institutionalization of Spain's diverse literatures in a context of Castilian literary hegemony as well as examining diasporic and exile writing The thematically organized chapters explore literary constructions of subjectivity gender and sexuality urban and rural imaginaries intersections between high and popular culture and the formation of a public sphere Throughout readings are attentive to the multiple ways in which literature serves as a barometer of cultural responses to historical change An introduction to major cultural debates as well as an original analysis of key texts this book is essential reading for students and scholars with an interest in the literatures and cultures of Spain

Engaging the Emotions in Spanish Culture and History Luisa Elena Delgado, Pura Fernández, Jo Labanyi, 2021-04-30 Rather than being properties of the individual self emotions are socially produced and deployed in specific cultural contexts as this collection documents with unusual richness All the essays show emotions to be a form of thought and knowledge and a major component of social life including in the nineteenth century which attempted to relegate them to a feminine intimate sphere The collection ranges across topics such as eighteenth century sensibility nineteenth century concerns with the transmission of emotions early twentieth century cinematic affect and the contemporary mobilization of political emotions including those regarding nonstate national identities The complexities and effects of emotions are explored in a variety of forms political rhetoric literature personal letters medical writing cinema graphic art soap opera journalism popular music digital media with attention paid to broader European and transatlantic implications

Women in Hispanic Literature Beth

Miller,2024-06-28 The topics covered by this pioneering collection of essays range from peninsular Spanish to Latin American literature from the eleventh to the twentieth centuries and from the subject of women as portrayed in Hispanic literature to the literature of Hispanic women writers Some pieces present polemical feminist arguments other are more traditional All the contributors use their subject to take new stands on old controversies ask new questions and reevaluate important aspects of Hispanic literature While there is ample evidence in these essays of the dual archetype in Hispanic literature of women as icon and woman as fallen idol the collection reaches beyond these stereotypes to more complex sociological and theoretical concerns Although such research has been abundantly pursued by scholars of English and American literature it has been notably absent from Hispanic studies This anthology is a comprehensive introduction to its subject and a stimulus to further work in the area Contributors Fernando Alegria Electa Arenal Julianne Burton Alan Deyermond Rosalie Gimeno Harriet Goldberg Estelle Irizarry Kathleen Kish Luis Leal Linda Gould Levine Merveen McKendrick Francine Masiello Beth Miller Elizabeth Ord ez Rachel Phillips Marcia L Welles This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1983
