The Visionary Preaching of Juana de la Cruz (1481-1534) Pablo Acosta García, 2025-09-25 Step into the world of 16th century Castile where a devout community of Franciscan women preserved the public preaching of their visionary abbess Juana de la Cruz 1481-1534 through writing. This groundbreaking book uncovers how her sermons were recorded and explores the materiality of the surviving codices and reveals their role in the controversial censorship and blocking of Juana's canonization. Tracing the rich tradition of the liturgical vision from 12th to 16th centuries, it delves into female literacy and the creation of collective knowledge in female religious houses around Europe. Featuring rare insights and fresh evaluations of historical texts, this volume illuminates the intersection of female prophetic preaching, community, and the written word at the end of the Middle Ages.

Su familia pertenecía a la burguesía agraria contexto del que no salió y en el que vivió todas sus obras siempre en torno al matrimonio de su protagonista. La candidez de las obras de Austen sin embargo es meramente aparente si bien puede interpretarse de varias maneras. Los críticos académicos siempre han considerado a Austen como una escritora conservadora mientras que la crítica feminista más actual apunta que en su obra puede apreciarse una novelización del pensamiento de Mary Wollstonecraft sobre la educación de la mujer. Ha sido llevada al cine en diferentes ocasiones algunas veces reproducidas de forma fiel como el clásico Muriel's Way que el orgullo de 1940 dirigido por Robert Z.
