## **Elected Affinities Democracy And Party Competition In Slovakia And The Czech Republic:**

**Elected Affinities** Kevin Deegan-Krause, 2006 *Elected Affinities* provides a new and comprehensive account of politics in postcommunist Slovakia and the Czech Republic and offers a useful framework for understanding the competing influences of social structure and the contingent decisions of political leaders in new democracies **Fragile Dreams** John A.

Gould, 2021-10-20 A highly readable account of Central Europe's experience after communism **Deegan-Krause, Kevin: Elected Affinities: Democracy and Party Competition in Slovakia and the Czech Republic** Andrew Roberts, 2009

*Parliaments in the Czech and Slovak Republics* Petr Kopecký, 2017-11-22 This title was first published in 2001 Based on a unique set of structured interviews with parliamentarians and additional interviews with party leaders and activists this significant volume provides an illuminating account of the formation of the new democracies in Czechoslovakia and later the Czech Republic and Slovakia Examining efforts to construct stable democratic parliamentary regimes in the wake of communist breakdown it provides a rigorous analysis of parliaments relations with the electorate and the executive as well as their internal working Richly detailed and clearly written this original study is an invaluable addition to the collection of anyone interested in post communist Europe or parliamentary studies **Accountability and Party Competition in**

**Slovakia and the Czech Republic** Kevin Deegan Krause, 2000 *Rebuilding Leviathan* Anna Maria Grzymała-Busse, 2007 This book examines how competing political parties rebuilt the state in Bulgaria the Czech Republic Estonia Hungary Latvia Lithuania Poland Slovakia and Slovenia **Defining the Sovereign Community** Nadya Nedelsky, 2012-02-28 Though they

shared a state for most of the twentieth century when the Czechs and Slovaks split in 1993 they founded their new states on different definitions of sovereignty The Czech Constitution employs a civic model founding the state in the name of the citizens of the Czech Republic while the Slovak Constitution uses the more exclusive ethnic model and speaks in the voice of the Slovak Nation *Defining the Sovereign Community* asks two central questions First why did the two states define sovereignty so differently Second what impact have these choices had on individual and minority rights and participation in the two states Nadya Nedelsky examines how the Czechs and Slovaks understood nationhood over the course of a century and a half and finds that their views have been remarkably resilient over time These enduring perspectives on nationhood shaped how the two states defined sovereignty after the Velvet Revolution which in turn strongly affected the status of the Hungarian minority in Slovakia and the Roma minority in the Czech Republic Neither state has secured civic equality but the nature of the discrimination against minorities differs Using the civic definition of sovereignty offers stronger support for civil and minority rights than an ethnic model does Nedelsky's conclusions challenge much analysis of the region which tends to explain ethnic politics by focusing on postcommunist factors especially the role of opportunistic political leaders *Defining the Sovereign Community* instead examines the undervalued historical roots of political culture and the role of current constitutional definitions of sovereignty Looking ahead Nedelsky offers crucial evidence that nationalism may remain strong

in Slovakia and the Czech Republic even in the face of democratization and EU integration and is an important threat to both

**Party Government in Slovakia** Ol'ga Gyarfášová, Grigorij Mesežnikov, 2004      Nationalism and Democratisation Erika Harris, 2018-01-18 This title was first published in 2002 The year 1989 marks a turning point in world history The rigid division of Europe into East and West and the bipolarity of the Cold War system disintegrated with communism as a political system dismantled by 1991 In the wake of the communist multinational federations came successor states with each accompanied by many ethnic and national conflicts This book is concerned with the relationship between nationalism and democracy in a particular setting the larger framework is postcommunist Eastern and Central Europe the focus is on newly dependent democracies explored through the case studies of Slovakia and Slovenia The purpose is to seek an answer to two related questions what is the role of nationalism in the democratic process and under what conditions is nationalism less or more compatible with the democratisation process

**The Regulation of Post-Communist Party Politics** Fernando Casal Bértoa, Ingrid van Biezen, 2017-11-06 The question of how political parties are and ought to be regulated has assumed an increased importance in recent years both within the scholarly community and among policy makers and politicians as the state assumes an increasingly active role in the management of and control over their behaviour and organisation This book concentrates on the regulation of political parties in the EU post communist democracies and on Bulgaria Croatia the Czech Republic Estonia Hungary Latvia Lithuania Poland Slovakia Slovenia and Romania in particular In analysing the various dimensions of party regulation it builds on the main premises derived from the neo institutionalist literature in political science concerning the ways in which the formal and informal rules and procedures may influence constrain or determine the behaviour of political actors In doing so it provides a comprehensive overview of the regulation of Eastern European political parties provided by leading experts in the field and casts theoretical and empirical light on the manner in which the constitutional and legal regulation of party organizations and finances have had an impact or not on the consolidation of party politics in post communist Europe since 1989 This text will be of key interest to scholars and students of Political Parties and Behaviour East European and Post Communist Politics and Comparative Politics

**Party Formation in East--Central Europe** Gordon Wightman, 1995 a welcome addition to our stock of knowledge regarding the process of democratization the real value of the book lies in the empirical details and occasional suggestive comparisons rather than in a consistently convincing conceptual rendering of the opening pages of the new chapter in East Central European history Frank A Kunz Canadian Journal of Political Science Party Formation in East Central Europe is an excellent book It is encouraging that many of the articles were written by scholars who are of Eastern European origins and live in the area Ann Griffiths International Insights Party Formation in East Central Europe is one of the first books to present detailed studies of politics in Czechoslovakia Hungary Poland and Bulgaria during the initial three years of post communist rule

*International Actors and Democratization* John K. Glenn, 1999      **Challenging Citizens: Democratic Innovations at**

**the Local Level** Pavel Šaradín, Hana Hurtíková, Michal Soukop, Markéta Zapletalová, Agnieszka Zogata-Kusz, Ewa Ganowicz, 2023-12-11 The book aims to complement the existing research on democratic innovations mainly by making unique comparative analyses of the democratic innovations at the local level in selected European post communist countries i.e. the Czech Republic Poland and Slovakia Democratic innovations can help overcome political apathy decreased confidence in democracy and improve efficiency of governance We traditionally consider cities and municipalities to be cradles of democracy and connect them with deliberations on the further development of democratic theory and political practice We therefore argue that the local level is a suitable arena and laboratory for both changes of institutional settings within the traditional model of representative democracy and the structural changes which concern changing relations between local representatives and citizens

**Parliaments in the Czech and Slovak Republics** Petr Kopecký, 2001 *Who is In, who is Out?* Tibor Papp, 1999 Origin, Ideology and Transformation of Political Parties Vít Hloušek, Lubomír Kopeček, 2010 In this book Vít Hloušek and Lubomír Kopeček critically apply the party families approach to political parties in the Czech Republic Hungary Poland Slovakia and Slovenia By examining the political relevance of different party families Hloušek and Kopeček are able to assess the validity of this typology in the analysis of the transformation of political parties in this region

**At the Price of the Republic** James Ramon Felak, 2010-11-23 Slovak nationalist sentiment has been a constant presence in the history of Czechoslovakia coming to head in the torrent of nationalism that resulted in the dissolution of the Republic on January 1 1993 James Felak examines a parallel episode in the 1930s with Slovak nationalists achieved autonomy for Slovakia but at the price of the loss of East Central Europe's only parliamentary democracy and the strengthening of Nazi power The tensions between Czechs and Slovaks date back to the creation of Czechoslovakia in 1918 Slovaks who differed sharply in political tradition social and economic development and culture and resented being governed by a centralized administration run from the Czech capital of Prague formed the Slovak People's Party led by Roman Catholic priest Ankeř Hlinka Drawing heavily on Czech and Slovak archives Felak provides a balanced history of the party offering unprecedented insight into intraparty factionalism and behind the scenes maneuvering surrounding SSP's policy decisions James R Felak is associate professor of history at the University of Washington

Williams, 2002-10-04 *Embodying Democracy* analyzes the politics of electoral reform in eight post communist states including Poland Hungary the Czech Republic Slovakia Romania Bulgaria Russia and Ukraine By exploring the multiple factors that shaped the design of electoral institutions during the first ten years of post communist transition it accounts for an important element of the post communist reform process and illuminates general features of institutional design in post transition states
