E-government and Public Sector Process Rebuilding Kim Viborg Andersen, 2006-02-23 E government and Public Sector Process Rebuilding Dilettantes Wheelbarrows and Diamonds provides an input to rebuild and improve the processes in which the public sector perform activities and interact with the citizens companies and the formal elected decision makers Through eleven chapters the book emphasizes information systems IS as the vehicle for redirecting the public sector towards its key customers The book stresses serious capability challenges inhibiting the digital transformation using activity and customer centric applications The dilettantes in the public sector are in need of upgrading rethinking and refocusing their use of IS There is a need to revisit the extensive use of digital wheelbarrows to transmit data and complement the transactional focus with IT enabled analysis of the activities There is also a need to recognize that IS are not just flashy and shining diamonds to be shown off on special occasions IS are as most diamonds manufactured products part of the activities and intended for replacement whenever the diamonds are no longer suitable for serving their purpose diamonds do not last forever

Presidential Campaigning in the Internet Age Jennifer Stromer-Galley, 2019 As the plugged in presidential campaign has arguably reached maturity Presidential Campaigning in the Internet Age challenges popular claims about the democratizing effect of Digital Communication Technologies DCTs Analyzing campaign strategies structures and tactics from the past six presidential election cycles Stromer Galley reveals how for all their vaunted inclusivity and tantalizing promise of increased two way communication between candidates and the individuals who support them DCTs have done little to change the fundamental dynamics of campaigns The expansion of new technologies has presented candidates with greater opportunities to micro target potential voters cheaper and easier ways to raise money and faster and more innovative ways to respond to opponents The need for communication control and management however has made campaigns slow and loathe to experiment with truly interactive internet communication technologies Citizen involvement in the campaign historically has been and as this book shows continues to be a means to an end winning the election for the candidate For all the proliferation of apps to download polls to click videos to watch and messages to forward the decidedly undemocratic view of controlled interactivity is how most campaigns continue to operate In the fully revised second edition Presidential Campaigning in the Internet Age examines election cycles from 1996 when the World Wide Web was first used for presidential campaigning through 2016 when campaigns had the full power of advertising on social media sites As the

book charts changes in internet communication technologies it shows how even as campaigns have moved from a mass mediated to a networked paradigm the possibilities these shifts in interactivity seem to promise for citizen input and empowerment remain farther than a click away *Digital Politics in Canada* Tamara Small, Harold Jansen, 2020-10-01 *Digital Politics in Canada* addresses a significant gap in the scholarly literature on both media in Canada and Canadian political science Using a comprehensive multidisciplinary historical and focused analysis of Canadian digital politics this book covers the full scope of actors in the Canadian political system including traditional political institutions of the government elected officials political parties and the mass media At a time when issues of inclusion are central to political debate this book features timely chapters on Indigenous people women and young people and takes an in depth look at key issues of online surveillance and internet voting Ideal for a wide ranging course on the impact of digital technology on the Canadian political system this book encourages students to critically engage in discussions about the future of Canadian politics and democracy

Stories of Feminist Protest and Resistance Brianna I. Wiens, Michelle MacArthur, Shana MacDonald, Milena Radzikowska, 2022-12-19 *Stories of Feminist Protest and Resistance* Digital Performative Assemblies foregrounds the importance of storytelling for coalition building solidarity and performative assembly Bringing together scholars and activists from a wide range of disciplinary perspectives this book offers creative explorations analyses personal stories and case studies of digital feminist activism that speak directly to the many ways that feminist communities assemble for the purposes of protest and resistance Through various forms of feminist media mobilizations from hashtag feminism and platform activism to personal blogs and meme accounts these chapters explore how digital feminists use the long standing tactics of storytelling to counter the dominant narratives of white supremacy colonialism heteropatriarchy and the intersecting oppressions that accompany such structures both online and offline By sharing stories of intersectional feminist assembly for collective justice this book contributes to larger conversations about establishing alternative ways of seeing and being in the world inviting others to assemble with us **Congress Online** Dennis W. Johnson, 2013-04-15 While more than a million e

mails clog the inboxes of Congress each day some legislators can't even find their own websites without the help of their staffers In fact laptops aren't even allowed on the floor of the House or Senate But as Dennis W Johnson demonstrates in *Congress Online* there are some savvy legislators who are taking advantage of new media to expand their power and influence and the Congressional communications revolution is just beginning Born out of a Pew Charitable Trusts research project of the same name *Congress Online* is the definitive guide to electronic politics pointing the way to a system that could forge a new and more immediate connection between legislators and the American people **Naked in Cyberspace** Carole A. Lane, 2002 Reveals the personal records available on the Internet examines Internet privacy and explores such sources of information as mailing lists telephone directories news databases bank records and consumer credit records **Public**
