

*Flowers is a good companion to the one about British Wild Flowers.*

*The beautiful paintings are by John Leigh-Pemberton, and if you examine these carefully you will easily recognise the different plants when you see them in gardens or public parks. Most varieties are frequently grown, but I have also included several plants usually only cultivated by gardeners who are really fond of flowers.*

*I hope you will share in this joy, and so I have given a few simple hints on how and when to sow the seeds or plant the bulbs of the different plants illustrated in this book. You do not need a large garden to become a gardener; you can grow some of these plants in very limited space indeed, even in pots on the window-sill or in a window-box. It really is not very difficult.*

*I know you will enjoy growing flowers once you start, because there is no more satisfactory hobby.*

*Brian Vinyard.*
