Literature and the Renaissance Garden from Elizabeth I to Charles II Amy L. Tigner,2016-05-13 Spanning the period from Elizabeth I s reign to Charles II s restoration this study argues the garden is a primary site evincing a progressive narrative of change a narrative that looks to the Edenic as obtainable ideal in court politics economic prosperity and national identity in early modern England In the first part of the study Amy L Tigner traces the conceptual forms that the paradise imaginary takes in works by Gascoigne Spenser and Shakespeare all of whom depict the garden as a space in which to imagine the national body of England and the gendered body of the monarch In the concluding chapters she discusses the function of gardens in the literary works by Jonson an anonymous masque playwright and Milton the herbals of John Gerard and John Parkinson and the tract writing of Ralph Austen Lawrence Beal and Walter Blithe In these texts the paradise imaginary is less about the body politic of the monarch and more about colonial pursuits and pressing environmental issues As Tigner identifies during this period literary representations of gardens become potent discursive models that both inspire constructions of their aesthetic principles and reflect innovations in horticulture and garden technology Further the development of the botanical garden ushers in a new world of science and exploration With the importation of a new world of plants the garden emerges as a locus of scientific study hybridization medical investigation and the proliferation of new ornamentals and aliments In this way the garden functions as a means to understand and possess the rapidly expanding globe Florida Charlie Carlson,2009-05 A guide to visiting the odd and less known tourist attractions in the state of Florida **My Garden (Book)** Jamaica Kincaid,2025-09-23 One of our finest writers on one of her greatest loves Jamaica Kincaid s first garden in Vermont was a plot in the middle of her front lawn There to the consternation of more experienced

friends she planted only seeds of the flowers she liked best In My Garden Book she gathers all she loves about gardening and plants and examines it generously passionately and with sharp idiosyncratic discrimination Kincaid's affections are matched in intensity only by her dislikes She loves spring and summer but cannot bring herself to love winter for it hides the garden She adores the rhododendron Jane Grant and appreciates ordinary Blue Lake string beans but abhors the Asiatic lily The sources of her inspiration seed catalogues the gardener Gertrude Jekyll gardens like Monet's at Giverny are subjected to intense scrutiny She also examines the idea of the garden on Antigua where she grew up My Garden Book is an intimate playful and penetrating book on gardens the plants that fill them and the persons who tend them

A Dictionary of Biblical Tradition in English Literature David Lyle Jeffrey, 1992 Over 15 years in the making an unprecedented one volume reference work Many of today's students and teachers of literature lacking a familiarity with the Bible are largely ignorant of how Biblical tradition has influenced and infused English literature through the centuries An invaluable research tool Contains nearly 800 encyclopedic articles written by a distinguished international roster of 190 contributors Three detailed annotated bibliographies Cross references throughout

Paradise Interpreted Gerard P. Luttikhuisen, 1999 This study on the representations of Paradise in the Hebrew Bible Genesis 2-3 and Ezekiel 28 also deals with the reception of the biblical accounts in early Jewish writings Enochic texts the Book of Jubilees Qumran texts in Rabbinics and Kabbalah early mainstream Christianity and in early Christian apocryphal and Gnostic literature Two further chapters are devoted to views of Paradise in the Christian Middle Ages The volume concludes with the interpretation of Paradise in John Milton's epic poem Paradise Lost

A Testimony of Jesus Christ - Volume 2 Anthony Charles Garland, 2007 A Commentary on the Book of Revelation Volume 2 The author presents a detailed study of the Book of Revelation emphasizing prophetic themes from the rest of the Bible which find their fulfillment in Revelation To understand this controversial book the author explores the many connections between the visions seen by the Apostle John and previous prophetic revelation given to Old Testament prophets such as Daniel Ezekiel and others It is the author's conviction that an understanding of related passages elsewhere in the Bible is the most important key to unlocking the bewildering variety of interpretations which often accompany the study of the last book of the Bible The commentary can be used in conjunction with a free companion internet course providing an additional 70 hours of audio instruction linked to almost 1 000 slides

On Earth As In Heaven James M. Scott, 2005 This volume argues essentially that for the Book of Jubilees a Jewish apocalyptic writing of the mid second century BCE the consummation of the ages will effect the restoration of sacred space and sacred time so that all things correspond to God's original will for the creation on earth as in heaven
