and violence Rabelais and Bakhtin Richard M. Berrong, 2006-03-01 In *Rabelais and Bakhtin* Richard M Berrong demonstrates both the historical and textual weaknesses of the argument advanced by Mikhail Bakhtin and his influential study *Rabelais and His World* The publication of Bakhtin's book in the West in the late 1960s brought both Rabelais and Bakhtin to the attention of students interested in the New Criticism in literature Bakhtin argued that the key to Rabelais's narratives was to be found in their language of popular culture which was intended to free his readers from the ideological prison house of official establishment discourse to provide them with a nonofficial perspective from which to view and combat the establishment and its institutions Since the publication of Bakhtin's study scholars such as Peter Burke Natalie Zemon Davis and Carlo Ginzburg have shown that the relationship of the upper classes to popular culture changed in the first half of the sixteenth century Previously these classes had participated fully in the culture of the people while adhering to their own but at that time they undertook to exclude popular culture from their lives and from their world In his refutation of Bakhtin's thesis Berrong demonstrates the complex and shifting role of popular culture in Rabelais's narratives His conclusions should interest not only readers of *Gargantua and Pantagruel* but all students of the sixteenth century since the use and exclusion of popular culture is an issue in the study of many of the writers artists and composers of the period
