Garh City Daily Lives In Nghsi Altai:

Daily Lives in Nghsi-Altai: Garh City Robert Nichols, 1977 **The Character of Truth** Naomi Jacobs, 1990 Can the novel survive in an age when tales of historical figures and contemporary personalities dominate the reading lists of the book buying public Naomi Jacobs addresses this question in a study of writers such as William Styron E L Doctorow and Robert Coover who challenge the dominance of nonfiction by populating their fictions with real people living and dead Jacobs explores the genesis varieties and implications of this trend in a prose as lively as that of the writers she critiques Using as a case study Robert Coover s portrait of Richard Nixon in *The Public Burning* Jacobs addresses the important legal and ethical questions raised by this trend and applies contemporary libel law to the fictionalization of living people such as Richard Nixon She closes her study by speculating on the future of this device and of the novel Garh City Robert Nichols, 1978 This compact book second in a tetralogy follows the rambling adventures of three Westerners traveling in an imaginary anarcho syndicalist utopia where politics is art participatory spectacle and energetic fun The Harditts in Sawna Robert Nichols, 1979 The third volume of Robert Nichols s utopian tetralogy *Daily Lives in Nghsi Altai* In the previous books *Arrival* and *Garh City* we were treated to tantalizing glimpses of the imaginary central Asian country of Nghsi Altai seen through the eyes of three travelers from the West followed by an investigation of the city in a technologically advanced society which yet maintains an elaborate primitive kinship system We now turn to six narratives of village life focusing on members of the Harditt family Maddi a twelve year old schoolgirl Dhillon a farm apprentice his married older brother Srikant these are the Harditt children of earlier volumes *Women in Middle Age* tells of Sathan their mother and Nanda their aunt and the workings of the matriarchy in *Sawna* An account is then given of the death of the grandfather Old Harditt and his translation into the family s Ancestor Society And finally we see Venu Sathan s husband as an elected official of the Wind Brotherhood of solar engineers These are not however tales of individuals in the usual sense but probes in the web of relationships that constitutes a communal society the widening circle of clan tribe and phratry Each story moreover reveals an aspect of a delicate political industrial balance for the world of Nghsi Altai is modern indeed a paradigm of an alternate society *The Impossible Community* John P. Clark, 2013-06-06 This book is available as open access through the Bloomsbury Open Access programme and is available on www.bloomsburycollections.com *The Impossible Community* confronts a critical moment when social and ecological catastrophe loom the Left seems unable to articulate a response and the Right is monopolizing public debates This book offers a reformulation of anarchist social and political theory to develop a communitarian anarchist solution It argues that a free and just social order requires a radical transformation of the modes of domination exercised through social ideology and institutional structures Communitarian anarchism unites a universalist concern for social and ecological justice while recognizing the integrity and individuality of the person In fact anarchist principles of mutual aid and voluntary cooperation can already be seen in various contexts from the rebuilding of New Orleans after Katrina to social movements in

India This work offers both a theoretical framework and concrete case studies to show how contemporary anarchist practice continues a long tradition of successfully synthesizing personal and communal liberation This significant contribution will appeal not only to students in anarchism and political theory but also to activists and anyone interested in making the world a better place

Exile Robert Nichols,1979 With Exile Robert Nichols concludes his innovative utopian tetralogy Daily lives in Nghsi Altai Thus far we have peered at this imaginary central Asian land through the eyes of exploring Westerners and the inhabitants themselves learning the ways of both city dwellers and country folk

Anarchism and utopianism Laurence Davis,Ruth Kinna,2024-06-04 This collection of original essays examines the relationship between anarchism and utopianism exploring the intersections and overlaps between these two fields of study and providing novel perspectives for the analysis of both The book opens with an historical and philosophical survey of the subject matter and goes on to examine antecedents of the anarchist literary utopia anti capitalism and the anarchist utopian literary imagination free love as an expression of anarchist politics and utopian desire and revolutionary practice Contributors explore the creative interchange of anarchism and utopianism in both theory and modern political practice debunk some widely held myths about the inherent utopianism of anarchy uncover the anarchistic influences active in the history of utopian thought and provide fresh perspectives on contemporary academic and activist debates about ecology alternatives to capitalism revolutionary theory and practice and the politics of art gender and sexuality Scholars in both anarchist and utopian studies have for many years acknowledged a relationship between these two areas but this is the first time that the historical and philosophical dimensions of the relationship have been investigated as a primary focus for research and its political significance given full and detailed consideration
