Hanson, 1987-04-13 Katherine Mansfield was a formidable critic astute witty and something more she had as Middleton Murry put it an extraordinary style and critical verve mastery and sureness of touch This is the first scholarly edition of her critical writings A substantial introduction sets the scene for an understanding of

Katherine Mansfield's position as a woman writer on the edge of but never completely accepted by Bloomsbury responding to the pressures of the First World War illness and exile and attempting to reconcile the facts of life with the truths of fiction. Careful annotation supplies essential information for following the evolution of her ideas and her art from 1907 until her death in 1923.

When Pigs Could Fly and Bears Could Dance Miriam Neirick, 2012-09-21 For more than seven decades the circuses enjoyed tremendous popularity in the Soviet Union. How did the circus, an institution that dethroned figures of authority and refused any orderly narrative structure, become such a cultural mainstay in a state known for blunt and didactic messages? Miriam Neirick argues that the variety, flexibility, and indeterminacy of the modern circus accounted for its appeal not only to diverse viewers but also to the Soviet state. In a society where government legitimating myths underwent periodic revision, the circus proved a supple medium of communication. Between 1919 and 1991 it variously displayed the triumph of the Bolshevik revolution, the beauty of the new Soviet man and woman, the vulnerability of the enemy during World War II, the prosperity of the postwar Soviet household, and the Soviet mission of international peace, all while entertaining the public with the acrobats, elephants, and clowns. With its unique ability to meet and reconcile the demands of both state and society, the Soviet circus became the unlikely darling of Soviet culture and an entertainment whose usefulness and popularity stemmed from its ambiguity.

Letters Between Katherine Mansfield and John Middleton Murray Cherry Hankin, 1998-05-01 The correspondence of Katherine Mansfield and John Middleton Murray is a story in its own right as compelling and poignant as any that Mansfield herself invented. Here juxtaposed for the first time are 300 letters exchanged between them during their extraordinary eleven-year relationship. The letters begin in January 1912, a month after their first meeting when both were relative newcomers to the London literary scene; the last, a letter from Murray, was written four days before Katherine died in Fontainebleau in January 1923. The intervening years were ones of both feverish creativity and heartbreaking frustration of intense closeness and unassailable distance of shared idealism, and as Katherine's illness took its inexorable hold, of mutual recognition that the glittering partnership they'd once envisaged would be cut tragically short. Whether sparkling or witty, reflective or despairing, the letters have the immediacy of conversation and the candor of the very finest epistolary writing. They illustrate wonderfully the unique personal magnetism which has become part of the Mansfield legend and indicate too that posterity has perhaps judged Murray more harshly than ever she did. As Katherine herself wrote, "I feel no other lovers have walked the earth more joyfully in spite of all."
