## **Garrison Hospital:**

*Hospital Care and the British Standing Army, 1660-1714* Eric Gruber von Arni, 2017-09-29 At the Restoration of the Monarchy in 1660 amongst the first acts of Charles II's government was the abolition of the New Model Army and the sweeping away of the legislation and institutions that had supported it including most of the medical provisions provided by the republican regime Nevertheless a small rump of the Commonwealth forces was retained to form a royal standing army which rapidly expanded over the next sixty years to become a formidable fighting force Inevitably as this force grew the new government was compelled to provide medical care for its soldiers and ex servicemen Taking a broadly chronological approach this book explores the nature and the quality of medical nursing and welfare facilities provided in hospitals for soldiers during the formative years of the British standing army between 1660 and 1714 It shows how over the course of latter part of the seventeenth century the British army adapted and developed its facilities in line with new advances in science medicine and military theory Increased involvement in continental wars and contact with European armies provided inspiration for the founding of the well known Royal Hospitals at Chelsea and Kilmainham based on Louis XIV's H tel des Invalides The work also provides an in depth examination of the work of the hitherto sparsely documented field hospitals that provided acute casualty care to troops during the reigns of James II William III and Queen Anne Following on from his ground breaking study of medical care during the English Civil Wars Justice to the Maimed Soldier Eric Gruber von Arni in this study shows how the British army of the Restoration period struggled to develop systems and institutions that could cope with the increasing scale of contemporary warfare Through extensive archival research and a thorough understanding of military medical requirements a lucid account is provided that will be of interest not only to military and medical historians but also anyone interested in the development of early modern institutions and organisations *Fort Stanwix* ,1976

Halbert Eleazer Paine commanding officer of the 4th Wisconsin Regiment of Volunteers took part in most of the significant military actions in the lower Mississippi Valley during the Civil War Nearly forty years after the conflict s end Paine a former schoolteacher and attorney who would become a three term congressman penned recollections of his wartime exploits including his involvement in the Vicksburg campaign the operations that resulted in the capture of New Orleans the Battle of Baton Rouge the Bayou Teche offensive and the siege of Port Hudson Now available for the first time A Wisconsin Yankee in Confederate Bayou Country provides Paine s reflections and offer his excellent eyewitness account of the complexities of war Paine describes in detail the antiguerrilla operations he coordinated in southern Louisiana and Mississippi and his role in the defense of Washington D C where he commanded a portion of the line during Confederate General Jubal Early s 1864 movement against the city His experiences shed light on the daily struggle of the common soldier and on the political and legal debates that dominated the times In one striking episode he describes his arrest for refusing to return to their masters fugitive slaves who entered his lines He discusses the occupation of New Orleans and the relations between Federal soldiers and local slaves and provides definitive commentary on dramatic incidents such as the burning of Baton Rouge and the destruction of the ironclad ram C S S Arkansas A departure from most accounts by Union army veterans Paine s story includes less celebration of the grand cause and greater analysis of the motives for his actions and their inherent contradictions He sympathized with the many contrabands he encountered for example yet he callously dismissed a reliable servant for suggesting that the rebels fought well Despite expressing kind feelings toward certain southern families Paine all but condoned his troops excessive looting of local homes and businesses which he viewed as acceptable retribution for those who resisted Federal authority After the war Paine also served as commissioner of patents championing innovations such as the introduction of typewriters into the Federal bureaucracy With a useful introduction and annotations by noted historian Samuel C Hyde Jr A Wisconsin Yankee in Confederate Bayou Country reveals many of the subtle advantages enjoyed by the troops in blue as well as the attitudes that led to behavior that left a violent legacy for generations
