Garukan Blood:

Hitchhiker's Guide to the Galaxy #2 John Carnell, 2018-09-12 This is a story about two friends who've known each other for a while. At least Arthur Dent thinks so until Ford Prefect reveals that he's actually an alien and that the world is about to end. Not long after their conversation a Vogan spaceship appears and announces that earth will be destroyed shortly because it is in the way of a new intergalactic highway bypass that is being built through our galaxy. Ford and Arthur manage to board the ship before the earth is demolished and they are quickly discovered, ejected into space by the Vogan captain. Douglas Adams' wildly funny, wickedly clever sci-fi novel is collected here in a three installment comic ebook series. So grab your towel, stick a babel fish in your ear and get set to join Arthur Dent, Ford Prefect, Zaphod Beeblebrox, Trillian and Marvin the Paranoid Android on the ultimate adventure of several lifetimes. *Dr. Bones, The Secret of the Lona* Stephen

Leigh, 2017-09-28 A HERO IS BORN His name is Dr Bones. His adventures will take him across a perilous galaxy in search of lost cities, secret empires and vanished species. And sometimes into exploits when his background makes him the best man for a dangerous job. From nowhere they came the mysterious aliens called the Lona. The races of our galaxy tried to communicate with them and failed. The Lona were not interested in talking; they had come to crush the galaxy into submission and rule it with absolute power. Ezekiel Bones is Earth's secret weapon. He alone stands a chance of finding a way to defeat the Lona. He has learned all the ways of war and has become a member of the top secret mercenary army, the Legion of Ares. Yet his real strength against the Lona will be his ability to penetrate the workings of a monstrous alien mind and learn how Earth can fight back. But can Dr Bones think like a monster without becoming a monster himself. **The Restaurant at the End of**

the Universe #1 John Carnell, 2018-08-30 There is a theory which states that if anyone discovers exactly what the universe is for and why it is here, it will instantly disappear and be replaced by something even more bizarre and inexplicable. There is another theory which states that this has already happened. Thus begins the next adventure of the intrepid occupants of the Heart of Gold: Arthur Dent, Ford Prefect, Zaphod Beeblebrox, Trillian and Marvin the Paranoid Android. Be there or be turned into a giant sperm whale at an improbability factor of 8 767 128 to one against. Adapted from the second novel of Douglas Adams's classic sci-fi satire series *The Hitchhiker's Guide to the Galaxy*. **Dr. Bones, Garukan Blood** Thomas Wylde, 2021

EVOLUTION OR REVOLUTION His name is Dr Bones. His adventures will take him across a perilous galaxy in search of lost cities, secret empires and vanished species. If you've ever thrilled to the quest for mysterious legends or other worlds, then you're ready for Dr Bones. The missing link has been discovered. The bones of the species that connect the Garukans to humans have been dug up and identified. According to the fossils, Garukans are an evolutionary offshoot of the human line. But Dr Bones believes the evidence has been faked. And when an old comrade from the Legion of Ares dies on his doorstep, the doctor knows that there's more at stake here than a scientific theory. If the fossils are genuine, Garuka will stay under the control of the Earth, no matter what the Garukans want. But someone has been tampering with history. **Nightmare World**
