remarkable journey led him to being the face of Chess.com one of the largest online gaming platforms in the world. With unflinching honesty, Rensch recounts his life starting from the moment he discovered chess in the summer of 1995 all the way up to being at the center of the most explosive cheating scandal in chess history. He chronicles the traumas of being special in a cult that forced separation from his mother. Mentored by an alcoholic Russian chess master, he found solace alongside suffering in his obsession for an ancient game, and chess became his only escape. Rensch rose through the chess ranks until a medical emergency nearly took him out of the game forever. And it almost did until Chess.com came along. Deeply heartfelt, keenly reflective, and haunting, *Dark Squares* is the never-before-told story of Danny Rensch's resilience, survival, and his enduring love for the game that saved him.

The text traces the phenomenal growth of chess from the Revolutionary days to the devastations of World War II and then from the Golden Age of Soviet-dominated chess in the 1950s to the challenge of Bobby Fischer and the quest to find his Soviet match. Included are 249 games, each with a diagram; most are annotated, and many have never before been published outside the Soviet Union. The text is augmented by photographs and includes 63 tournament and match scoretables. Also included are a bibliography, an appendix of records achieved in Soviet national championships, two indexes of openings, and an index of players and opponents.

*Alexander Alekhine* Isaak Linder, Vladimir Linder, 2016-03-16 THE WORLD CHESS CHAMPION SERIES The fourth title in the popular World Chess Champion Series is about the enigmatic Alexander Alekhine. Tracing the Russian-born champion from his youth in Russia through his assault on the chess Olympus and beyond, this book paints a fresh portrait of the player who was one of the most spectacular tacticians ever to play the game. The authors do not shy from confronting some of the less savory aspects of Alekhine's life. They stick to the facts and present the issues surrounding the fourth world champion. This book clears up some of the mysteries of Alekhine and provides some wonderful details. There are so many intriguing aspects to Alekhine's life that it's easy to forget how much he dominated the chess world. The Linders capture quite well the drama of Alekhine's world championship matches with Jos Capablanca and Max Euwe. Even the blowouts against Efim Bogoljubow are well described. Alekhine was the most peripatetic of champions, and this book details many of his travels and simul tours. Andy Soltis, in his Foreword.
