Gate Of Ivory Gate Of Horn:

Gate of Ivory, Gate of Horn Robert Holdstock, 2001 A son searching for his father in a British forest discovers a world teeming with live mythological characters One of them is a Celtic princess warrior and he falls in love with her Gate of Ivory, Gate of Horn Philip R. Craig, 1963 **Dreams in Late Antiquity** Patricia Cox Miller, 1998-01-11 Centuries By studying together pagan and Christian dreams Cox Miller hopes to reach a better understanding of some fundamental patterns of late antique culture DLGuy G Stroumsa The Journal of Religion A fluent and discursive text This is an adventurous exploration of a range of material which deserves to be more widely known DLGillian Clark The Classical Review Gate of Ivory, Gate of Horn Robert Holdstock, 2001 A son searching for his father in a British forest discovers a world teeming with live mythological characters One of them is a Celtic princess warrior and he falls in love with her *Clothed in Purple Light* Frederick E. Brenk, 1999 In sum an uneven collection as would be and are most volumes of this sort but this reader readily concurs with the judgment in the prefatory statement to this volume by Charles Segal itself a model of how to phrase cautiously restrained enthusiasm there is something rewarding for every interested reader in each of these papers Bryn Mawr Classical Review Another book of Frederick E Brenk Relighting the Souls Franz Steiner 1999 **The Gates of Ivory, the Gates of Horn** Thomas McGrath, 1987-01-01 **In Search of the Classic** Steven Shankman, 2010-11 The classical Steven Shankman argues should not be confused with a particular historical period of Western antiquity although it may owe its original articulation to the literary and philosophical explorations of ancient Greek authors Shankman's book searches for and attempts to formulate the shape of the continuing presence as embodied in particular literary works mainly from Western antiquity and the neoclassical and modern periods of what the author calls a classical understanding of literature For Shankman literature defined from a classical perspective is a coherent compelling and rationally defensible representation that resists being reduced either to the mere recording of material reality or to the bare exemplification of an abstract philosophical precept He derives his definition largely from his reading of Greek literature from Homer through Plato from the history of literary criticism and from the Greco Roman tradition in English American and French literature Shankman reveals unsuspected yet convincing connections among authors of such widely disparate times and places His idea of the classic that authorizes these connections is presented as normative thus making possible the evaluation of literary works and in turn forthright discussion of what constitutes the literary as distinct from other kinds of discourse Shankman's study runs counter to a strong tendency of contemporary criticism that argues precisely against any distinct category of the literary He offers a series of interpretations that cumulatively advance theoretical discussion by challenging scholars to rethink the critical paradigms of postmodernism At the center of the book is a discussion of the quintessentially classic Valéry poem *Le Cimetière marin* and the classic qualities it shares with Pindar's third Pythian ode from which Valéry derives the epigraph for his poem **The Lost Superpowers of Ancient Humanity: In Search of the Prometheans** David

Sinclair,2022-01-29 Did alien astronauts visit the ancient earth or were the real aliens the ancient humans themselves People today imagine that ancient humans were just like us but at a more primitive stage of development In fact ancient humans were nothing like us They had incredible abilities superpowers that we have now lost We discarded them in the course of becoming modern conscious humans but these superpowers still lie latent in all of us and can be recovered in the right circumstances The ancient humans were the Prometheans bridging the gap to the gods and supremely well versed in carrying the divine fire They knew the secrets of the gods Isn t it time to regain all of their lost knowledge and power
