*Galactic Alignment* John Major Jenkins,2002-07-01 Explores the central role played by the galaxy in both ancient and modern times in the transformation of the human spirit Extends Jenkins groundbreaking research in *Maya Cosmogenesis 2012* Reveals how the coming Galactic Alignment of era 2012 promises a renewal of human consciousness Uncovers the galactic vision of Mayan Egyptian Greek and Vedic cosmologies The Galactic Alignment is a rare astronomical event that brings the solstice sun into alignment with the center of the Milky Way galaxy every 12 960 years Building on the discoveries of his book *Maya Cosmogenesis 2012* Jenkins demonstrates that the end date of 2012 does not signal the end of time but rather the beginning of a new stage in the development of human consciousness He recovers a striking common thread that connects the ancient cosmological insights of the Maya not only to Egyptian thought and Vedic philosophy but also to the diversity of humankind s metaphysical traditions ranging from Celtic sacred topography and Medieval alchemy to the Kabbalah and Islamic astrology His work presents us with a groundbreaking synthesis of lost wisdom once common to ancient cosmologies that will help us understand the significance of this transformative cosmic milestone     Christianity in its relations to Judaism and Heathenism, in three tracts. ... With lithographic illustrations, and chronological tables. (Sequel to the foregoing tracts, etc. Revolving Diagrams.). Rev. William HEWSON,1860     Magicians of the Gods Graham Hancock,2015-11-10 Graham Hancock s multi million bestseller *Fingerprints of the Gods* remains an astonishing deeply controversial wide ranging investigation of the mysteries of our past and the evidence for Earth s lost civilization Twenty years on Hancock returns with the sequel to his seminal work filled with completely new scientific and archaeological evidence which has only recently come to light Near the end of the last Ice Age 12 800 years ago a giant comet that had entered the solar system from deep space thousands of years earlier broke into multiple fragments Some of these struck the Earth causing a global cataclysm on a scale unseen since the extinction of the dinosaurs At least eight of the fragments hit the North American ice cap while further fragments hit the northern European ice cap The impacts from comet fragments a mile wide approaching at more than 60 000 miles an hour generated huge amounts of heat which instantly liquidized millions of square kilometers of ice destabilizing the Earth s crust and causing the global Deluge that is remembered in myths all around the world A second series of impacts equally devastating causing further cataclysmic flooding occurred 11 600 years ago the exact date that Plato gives for the destruction and submergence of Atlantis The evidence revealed in this book shows beyond reasonable doubt that an advanced civilization that flourished during the Ice Age was destroyed in the global cataclysms between 12 800 and 11 600 years ago But there were survivors known to later cultures by names such as the Sages the Magicians the Shining Ones and the Mystery Teachers of Heaven They travelled the world in their great ships doing all in their power to keep the spark of civilization burning They settled at key locations Gobekli Tepe in Turkey Baalbek

in the Lebanon Giza in Egypt ancient Sumer Mexico Peru and across the Pacific where a huge pyramid has recently been discovered in Indonesia Everywhere they went these Magicians of the Gods brought with them the memory of a time when mankind had fallen out of harmony with the universe and paid a heavy price A memory and a warning to the future For the comet that wrought such destruction between 12 800 and 11 600 years may not be done with us yet Astronomers believe that a 20 mile wide dark fragment of the original giant comet remains hidden within its debris stream and threatens the Earth An astronomical message encoded at Gobekli Tepe and in the Sphinx and the pyramids of Egypt warns that the Great Return will occur in our time

**The Mystical Marriage** C. S. Warner,2020-07-27 Have you ever wondered if a Near Death Experience NDE can actually happen The answer to that is No unless you consider the physical body to be the essence of who you are What you will find during one of these experiences is that your Spirit is your essence and your physical body is simply the vehicle that your Spirit rides in Try picturing it this way your body is like a car When the car goes kaput you get a different car That s the way it is with death Your Spirit gets out of the dead body and gets into a different one The first book in this series explains what an NDE looks like feels like and what in our body triggers the visions and silent voices that we hear It also explains why someone who has experienced this sometimes becomes intuitive a psychic or perhaps a savant The author takes you on a journey that shows you how this ancient ability and understanding of the other side and how to communicate with it has existed since the beginning of time Sometimes that understanding is shown to us in mythological or biblical stories or in some type of art form Regardless of how those stories come down to us they are irrevocably intertwined using numbers letters symbols God angels gods goddesses alchemy or astrological astronomical symbols In today s world people use religion and science to explain the same things that our Ancient ancestors knew and that is that there is no such thing as death This book is the stepping stone in learning how to read the writing in the sky and why it is of utmost importance to learn what Enlightenment is and where to find it

The Final Nexus Gene DeWeese,2000-10-19 Uncounted centuries ago an unknown race from beyond our galaxy created a

series of interstellar gates shortcuts across our universe and then disappeared leaving behind no clues to their fate or the operation of their system Twice before the Enterprise has used the system to traverse the galaxy and returned each time no wiser to the gates operation Now it is imperative that they find out For the gates are breaking down taking the very stars in the sky with them The fate of the galaxy rests in the hands of the Enterprise crew and their ability to communicate not only with creatures from another world but from another universe as well

The Spiritual Science of the Stars Pete Stewart,2007-11-30 The profound influence of ancient cosmologies on our ideas about the human spirit Shows how ancient myths contain a sophisticated understanding of our relationship to the cosmos derived from thousands of years of observation of the night sky Explains how ideas of the mind and spirit are still entwined with these ancient cosmologies despite the disruptive effects of modern astronomy Reveals how ancient ideas and contemporary cosmology might be combined into a new model for spiritual meaning Thousands of years before the first written records humans were turning to the night sky as a source of meaning for existence and their place within it The conclusions drawn from these observations are embodied in stories from across the world known as Creation Myths Contrary to the popular belief that these myths were meant to explain the origins of the universe Pete Stewart shows that they were actually designed to create a harmony and order in the lives of humans that reflected in their society and architecture the ordered patterns they saw evidenced in the sky These ancient myths also record in the story of the separation of Heaven and Earth the discovery of a disastrous discord in this ancient harmony which the mythmakers overcame by imagining a vastly expanded architecture one in which the individual soul had a role to play in the evolution of the cosmos Today science presents a similar challenge to our sense of meaning Stewart explores how by reexamining the myths of creation in this light we can learn how contemporary cosmology might yield a new architecture for the spirit and how the ancient sense of being in the cosmos might be reconstructed for our age
