The Gates of Horn Harry Levin, 1986-04-10 The author explores this tradition in depth and defines it with a breadth of vision a dynamic vigor and freedom rarely paralleled today His method flexible generous humane in the best sense of the word eschews pedantry dogma useless theorizing and scholastic argumentation The New York Times Book Review I wish to make it clear that The Gates of Horn represents an outstanding critical accomplishment Saturday Review In the Odyssey Homer describes two gates of the imagination one of ivory through which fictitious dreams pass and the other of horn through which nothing but the truth may pass Realism is the type of literature that passes through the horn and in this significant study of the genre Levin examines a major form of Realism the French novel and focuses on five of its masters Stendahl Balzac Flaubert Zola and Proust Now available in paperback Levin's study is a veritable reconstruction of the artistic and intellectual life of a nation The Rise of the French Novel Martin Turnell,1978 Martin Turnell s The Rise of the French Novel is a successor to his highly praised earlier books The Novel in France 1951 and The Art of French Fiction 1959 His aim now however is somewhat different as can be seen from the title It is well known that the reputations of many writers novelists especially diminish for a period following their deaths Although in the eighteenth century Marivaux Cr billon fils and Rousseau all enjoyed a great deal of popularity during their lifetimes it is only recently that they have been subject to truly searching studies Yet they remain little read in English speaking countries Turnell emphasizes that in spite of the hostility of French critics and the fact that the novel did not reach its supremacy even in France until the nineteenth century the beginning of its great rise was indeed with such writers as these Their strong influence led such nineteenth century novelists as Stendhal and Flaubert to all kinds of changes related to style the enormous increase in the range of subject matter and the marked development of language Flaubert is the most striking example It was pointed out some time ago by Eisenstein that Madame Bovary anticipates cinematic technique One of Turnell's most interesting chapters explores the connections between the novel and film in general and Madame Bovary in particular In our own time two of the most popular French novelists in both the United States and England are Alain Fournier and Radiguet They are given enthusiastic The Sin of Abbé Mouret Émile Zola, 2017-04-27 I really don t understand appreciations in Turnell s thoughtful book how people can blame a priest so much when he strays from the path The Sin of Abb Mouret tells the compelling story of the young priest Serge Mouret Striving after spiritual purity and sanctity he lives a life of constant prayer but his neglect of all physical needs leads to serious illness followed by amnesia No longer knowing he is a priest he falls in love with his nurse Albine Together like a latter day Adam and Eve they roam through an Eden like garden called the Paradou seeking a forbidden tree in whose shade they will make love Zola memorably shows their gradual awakening to sexuality and his poetic descriptions of the luxuriant and beautiful Paradou create a lyrical celebration of Nature When Serge regains his memory and recalls his priestly vows anguish inevitably follows The whole story with its numerous biblical parallels becomes a poetic

reworking of the Fall of Man and a questioning of the very meaning of innocence and sin Zola explores the conflict between Church and Nature the sterility of the Church and the fertility of Nature This new translation includes a wide ranging and helpful introduction and explanatory notes The Real and the Sacred Jefferson J. A. Gatrall, 2014-11-13 The figure of Jesus appears as a character in dozens of nineteenth century novels including works by Balzac Flaubert Dickens Dostoevsky and others The Real and the Sacred focuses in particular on two fiction genres the Jesus redivivus tale and the Jesus novel In the former Christ makes surprise visits to earth from rural Flanders Balzac and Muscovy Turgenev to the bustling streets of Paris Flaubert Seville Dostoevsky Berlin and Boston In the latter the historical Jesus wanders through the picturesque towns and plains of first century Galilee and Judea attracting followers and enemies In short authors subjected Christ the second person of the Christian trinity to the realist norms of secular fiction Thus the Jesus of nineteenth century fiction was both situated within a specific time and place whether ancient or modern and positioned before the gaze of increasingly daring literary portraitists. The highest artistic challenge for authors was to paint using mere words a faithful picture of Jesus in all his humanity The incongruity of a sacred figure inhabiting secular literary forms nevertheless tested the limits of modern realist style no less than the doctrine of Christ's divinity The international guest of the historical Jesus has been amply documented within the context of nineteenth century biblical scholarship Yet there has been no broad based comparative study devoted to the depiction of Jesus in prose fiction over the same time period The Real and the Sacred offers a comprehensive survey of this body of fiction examining both the range of its Christ types and the varying formal means through which these types were represented The nineteenth century despite forecasts of God's death at the time not only revived older Christ types but also witnessed the rise of new ones including le Christ proletaire the Mormon Christ the Buddhist Christ and the Tolstoyan Christ Novelists played a crucial role in the invention and popularization of the historical Jesus in particular one of modernity s major figures These pioneering works of fiction written by authors of diverse religious and national backgrounds laid the formal groundwork for an enduring fascination with the historical Jesus in later fiction and film from Mikhail Bulgakov s Master and Margarita to Mel Gibson's The Passion of the Christ The book is enhanced by a gallery of illustrations of the historical Jesus as depicted by nineteenth century artists When Fiction Feels Real Elaine Auyoung, 2018-10-24 Why do readers claim that fictional worlds feel real How can certain literary characters seem capable of leading lives of their own outside the stories in which they appear What makes the experience of reading a novel uniquely pleasurable and what do readers lose when this experience comes to an end Since their first publication nineteenth century realist novels like Pride and Prejudice and Anna Karenina have inspired readers to describe literary experience as gaining access to vibrant fictional worlds and becoming friends with fictional characters While this effect continues to be central to the experience of reading realist fiction and later works in this tradition the capacity for novels to evoke persons and places in a reader s mind has often been taken for granted and even dismissed as a naive phenomenon unworthy of critical attention When Fiction Feels

Real provides literary studies with new tools for thinking about the phenomenology of reading by bringing narrative techniques into conversation with psychological research on reading and cognition Through close readings of classic novels by Jane Austen Charles Dickens George Eliot and Leo Tolstoy and the elegies of Thomas Hardy Elaine Auyoung reveals what nineteenth century writers know about how reading works Building on well established research on the mind Auyoung exposes the underpinnings of the seemingly impossible achievement of realist fiction introducing new perspectives on narrative theory mimesis and fictionality When Fiction Feels Real changes the way we think about literary language realist aesthetics and the reading process opening up a new field of inquiry centered on the relationship between fictional representation and comprehension James Joyce and the Nineteenth-Century French Novel Finn Fordham, Rita Sakr Rita Sakr,2011-03 The essays of this volume show how Joyce s work engaged with the many upheavals and revolutions within the French nineteenth century novel and its contexts They delve into the complexities of this engagement tracing its twists and turns and reemerge with fascinating and rich discoveries The contributors explore Joyce's explicit and implicit responses to Alexandre Dumas Honor de Balzac Victor Hugo and mile Zola and of course Flaubert Drawing from the wide range of Joyce s writings Dubliners A Portrait Ulysses Finnegans Wake and his life letters and essays they resituate Joyce's relation to France the novel and the nineteenth century **The Rhetoric of Fiction** Wayne C. Booth, 2010-05-15 The first edition of The Rhetoric of Fiction transformed the criticism of fiction and soon became a classic in the field One of the most widely used texts in fiction courses it is a standard reference point in advanced discussions of how fictional form works how authors make novels accessible and how readers recreate texts and its concepts and terms such as the implied author the postulated reader and the unreliable narrator have become part of the standard critical lexicon For this new edition Wayne C Booth has written an extensive Afterword in which he clarifies misunderstandings corrects what he now views as errors and sets forth his own recent thinking about the rhetoric of fiction The other new feature is a Supplementary Bibliography prepared by James Phelan in consultation with the author which lists the important critical works of the past twenty years two decades that Booth describes as the richest in the history of the subject The Sanctification of Don Quixote Eric Ziolkowski, 2008-01-18 Ziolkowski explores the religious implications of the figure of Don Quixote in Western literature from Cervantes to the present While scholars and critics in the past have often called attention to the secularizing tendency of modern literature to the numerous fictional adaptations of the Christ figure on the one hand and the innumerable literary descendants of Don Quixote on the other this study is the first to examine a lineage of characters in whom the images of the alleged savior and the mad knight are combined After considering Don Quixote as the first modern novel and taking into account its relationship to religion society and censorship in seventeenth century Spain Ziolkowski traces the history and fate of Don Quixote the character through a series of religious transformations over the centuries focusing on three novels that adapt the Quixote figure Henry Fielding's Joseph Andrews Fyodor Dostoevsky's The Idiot and Graham Greene's Monsignor

Quixote Ziolkowski argues that given the increased secularization and decline of religious consciousness over the last several centuries any pursuit of religious values or ideas becomes questionable and this appears quixotic insofar as it stands in contradiction to the sociohistorical context He concludes that religious existence for the few who pursue it in suffering which means that the religious person feels temporally displaced for adhering to a seemingly obsolete faith and lifestyle
