*Shaarei Orah - Gates of Light* Rabbi Yosef Gikatilla, 2023-07-07 Gates of Light Shaarei Orah by the famed Kabbalist Rabbi Yosef Gikatilla is one of the most well known primary texts of Kabbalah and was dubbed The Key to all of Kabbalah by the Holy Arizal of righteous memory It is said that whoever studies this text has fulfilled his obligation of studying the inner teachings of the Torah This first authoritative translation now makes this work available to the English reading public

Gates of Light Joseph ben Abraham Gikatilla, 1998 This central text of Jewish mysticism was written in thirteenth century Spain where Kabbalah flourished Considered to be the most articulate work on the mystical Kabbalah Gates of Light provides a systematic and comprehensive explanation of the Names of God and their mystical applications The Kabbalah presents a unique strategy for intimacy with the Creator and new insights into the Hebrew Scriptures In the Kabbalah aspects of God emanate from a hierarchy of Ten Spheres interconnected by channels that may be disrupted or repaired through human activity

*Meditation and Kabbalah* Aryeh Kaplan, 1995-01-01 The Kabbalah is divided into three branches the theoretical the meditative and the practical While many books both in Hebrew and English have explored the theoretical Kabbalah virtually nothing has been published regarding the meditative methods of these schools This is the first book published in any language that reveals the methodology of the Kabbalists and stresses the meditative techniques that were essential to their discipline Kaplan offers a lucid presentation of the mantras mandalas and other devices used by these schools as well as a penetrating interpretation of their significance in light of contemporary meditative research In addition *Meditation and Kabbalah* presents relevant portions of such meditative texts as the Greater Hekhalot textbook of the Merkava School the writings of Abraham Abulafia Joseph Gikatilla's Gates of Holiness Gate of the Holy Spirit textbook of the Lurianic School and the important meditative hasidic classics Also investigated is the intriguing possibility suggested by the Zohar that the meditative methods of the East might have been derived from the mystical techniques of the prophets

**The History of the Occult Tarot** Ronald Decker,Michael Dummett,2013-07-18 An essential volume for the libraries of all serious students of the Tarot When the Tarot was invented in Italy during the early fifteenth century it was simply a pack of cards used for playing games Esoteric interpretations of the pack date from late eighteenth century France and were confined to that country for a hundred years But today the cards are used throughout the world and not only for fortune telling for true believers they are the key to secret knowledge and the meaning of life A History of the Occult Tarot is the classic work on the history of the Tarot deck and its use in occult circles Starting with the late nineteenth century the Decker and Dummett examine how the Tarot became the favoured divination tool of occultists a bridge to the spirit world and a map of the unconscious From Theosophical to Aleister Crowley to the Order of the Golden Dawn and P D Ouspensky this compelling survey of the Tarot s history describes the many fascinating decks imagined over time as well as the secret histories of mystics

The Esoteric Tarot Ronald Decker,2013-07-09 That the Tarot originated in ancient Egypt as a divinatory tool is a romantic misconception Ron Decker s meticulous scholarship will surprise practitioners and academics alike revealing the Tarot s true evolution and meanings as its inventor s understood it The Tarot consists of the Minor Arcana four suits of cards similar to our modern deck and the Major Arcana twenty two allegorical or trump cards Decker says the four suit deck was invented in Asia Minor before AD 1000 Italian courtiers added the trumps in the 1400s But Tarot was first used as a game Tarot divination was only created in the 1700s by a Parisian fortuneteller who based the trump images on Hermeticism which merges Greco Egyptian alchemy astrology numerology magic and mysticism Today the suit cards are often traced to the ancient Jewish Cabala But says Decker they too acquired their meanings only in the 1700s and he cites a

lost numerical system based on Cabala at that time Decker's interpretation integrates three whole systems astrological arithmological mystagogical concerning initiation rites into the Mysteries His depth of knowledge makes the book a must have for serious students of Tarot and esotericism      **Kabbalah and Modernity** Bo'az Hus,Marco Pasi,Kocku Von Stuckrad,2010 This volume brings together leading representatives of the recent debate about the persistence of kabbalah in the modern world It breaks new ground for a better understanding of the role of kabbalah in modern religious intellectual and political discourse      The Book of Job in Jewish Life and Thought Jason Kalman,2021-12-20 Despite its general absence from the Jewish liturgical cycle and its limited place in Jewish practice the Book of Job has permeated Jewish culture over the last 2 000 years Job has not only had to endure the suffering described in the biblical book but the efforts of countless commentators interpreters and creative rewriters whose explanations more often than not challenged the protagonist's righteousness in order to preserve Divine justice Beginning with five critical essays on the specific efforts of ancient medieval and modern Jewish writers to make sense of the biblical book this volume concludes with a detailed survey of the place of Job in the Talmud and Midrashic corpus in medieval biblical commentary in ethical mystical and philosophical tracts as well as in poetry and creative writing in a wide variety of Jewish languages from around the world from the second to sixteenth centuries      *The Name* Mark Sameth,2020-05-04 The God of ancient Israel universally referred to in the masculine today was understood by its earliest worshipers to be a dual gendered male female deity So argues Mark Sameth in *The Name* Needless to say this is no small claim Half the people on the planet are followers of one of the three Abrahamic religions Judaism Christianity and Islam each of which has roots in the ancient cult that worshiped this deity The author's evidence however is compelling and his case meticulously constructed The Hebrew name of God YHWH has not been uttered in public for over two thousand years Some thought the lost pronunciation was Jehovah or Yahweh But Sameth traces the name to the late Bronze Age and argues that it was expressed Hu Hi Hebrew for He She Among Jewish mystics we learn this has long been an open secret What are the implications for us today if he was not God      **Illuminating in Micrography** Dalia-Ruth Halperin,2013-06-17 In *Illuminating in Micrography* Dalia Ruth Halperin analyzes the Catalan Micrography Ma zor a fourteenth century Barcelonan manuscript in Israel's National Library Decorated with micrography the Jewish scribal art typical of Bible manuscripts this ma zor which includes a rich full page panel micrography cycle is unique Along with the codicological and paleographical analysis essential for understanding the scribe's thought and working processes the author's meticulous reading of the micrography text reveals the scribe's textual editing and manipulations Decoding his writing flow and sequences revealed a close association between the penned text and the images formed which reflect a Jewish theosophical theurgical cycle Evidence of the scribe's association with the renowned Bassa atelier enhances our knowledge of the cultural economic and ethnic realities of the time      *Shechinah, Bring Me Home!* Laura Duhan-Kaplan,2022-09-28 Join author Laura Duhan Kaplan in the Kabbalah practice of Sefirat ha Omer a forty nine day program of spiritual reflection

Rabbi Laura weaves Kabbalah philosophy psychology and her own experiences of love and loss into a series of daily reflections She invites readers to explore the meaning of love boundaries beauty endurance gratitude grounding and presence With a mix of stories and ideas she helps readers find Shechinah a divine archetypal mother in the intimacy of ordinary life

**Transcendental Judaism** David L. Lieberman, 2023-06-12 Is it really possible to connect with God Can we find spirituality in Judaism The answer to both these questions is yes Traditionally Judaism teaches that we connect with God through the performance of the commandments the mitzvot from the Aramaic word tzavta meaning connection But what if we are not mitzvah observant in the traditional ways Can we still experience a palpable closeness to God and have a sense that we are all connected as one To this question our sages also answer yes Through the meditative quieting of the mind we can directly experience that still small voice It is the awesome voice of infinite intelligence that created and upholds our world with compassion and justice When we repeatedly experience it we enliven its qualities into our lives we walk in God's ways When we do so we uplift not only ourselves but the world around us

**Polemical Encounters** Olav Hammer, Kocku Von Stuckrad, 2007 In its historical development from late antiquity to the present western esotericism has repeatedly been the issue of polemical discourse This volume engages the polemical structures that underlie both the identities within and the controversy about esoteric currents in European history From Jewish and Christian kabbalah through heretical discourse and interconfessional polemics in early modernity to the legitimization of esoteric identity in modern culture the 12 chapters accompanied by an editors introduction provide a cornucopia of relevant cases that are interpreted in a framework of polemical discourse and Othering This volume sheds new light on the ultimately polemical structure of western esotericism and thus opens new vistas for further research into esoteric discourse

**Negotiating Community and Difference in Medieval Europe** Katherine Allen Smith, Scott Wells, 2009 This collection builds on the foundational work of Penelope D Johnson John Boswell's most influential student outside queer studies on integration and segregation in medieval Christianity It documents the multiple strategies by which medieval people constructed identities and in the process wove the boundaries of inclusion and exclusion among various individuals and groups The collection adopts an interdisciplinary approach encompassing historical art historical and literary perspectives to explore the definition of personal and communal spaces within medieval texts the complex negotiation of the relationship between devotee and saint in both the early and the later Middle Ages the forming of partnerships symbolic economic devotional etc between men and women across medieval Europe's considerable gender divide and the ostracism of individuals and groups through various means including imprisonment violence and their identification with pollution Contributors include Diane Peters Auslander Constance Hoffman Berman Elizabeth A R Brown Alexandra Cuffel Anne M Schuchman Jane Tibbetts Schulenburg Katherine Allen Smith Kathryn A Smith Christina Roukis Stern Susan Valentine Susan Wade and Scott Wells

**The Green Serpent and the Tree** James N. Judd, M.S.D., D.D., N. James, 1999-11-04 Within the human system there are certain archetypes centers or vortexes of energy As this

energy or power exists at a different level than our conscious awareness it remains essentially dormant with most people but when activated usually through meditation this force has a most profound influence upon our psychological spiritual and physical nature As this inner subtle energy plays such a vital role in our overall being there is much to be gained from understanding this force and how to benefit from its power This information can be found in the ancient spiritual teachings of the Jewish Kabbala and the Hindu Kundalini Yoga but the complexity of these teachings particularly with Kabbala makes it difficult to find useful answers as to how this inner power can be utilized In *The Green Serpent and the Tree* Dr Judd cuts through the confusing terminology of these teachings and in an easy to read style using practical examples and illustrations logically explains The inner nature of man and structure of the soul How Kabbala and Kundalini Yoga can be reconciled and how they augment each other The difference between the symbols of The Tree of Life and The Tree of the Knowledge of Good and Evil Why the seven inner centers Chakras of Kundalini Yoga are the same as the ten centers Sefirot of Kabbala The significance of the Green Serpent Kundalini and the functions of the various channels that connect the inner centers The different centers with a detailed description of their psychological and spiritual influence Relationship of meditation with releasing the power from the inner centers The practical value of meditation its four stages and the physical psychological psychic and spiritual effects The risks involved in releasing these inner powers and how to avoid them The reason for the inter relationship between Kabbala and Kundalini Yoga and their original source Although this book is written in an explanatory style which guides the layman through the intricacies of these two teachings as they relate to our inner powers the material content contains much that will interest the more advanced student Based upon thorough research Dr Judd outlines in logical steps why The Tree symbol that is frequently referred to as the Tree of Life is misnamed Any attempt to reconcile the Chakras with the Sefirot using the wrong Tree symbol will lead to inaccurate conclusions The position of the Sefirot changes depending upon which Tree symbol is used There are three central channels that connect the Chakras rather than the one that is usually shown and Kabbala supports this fact This explains the different levels of power released from the same Chakra Why some of the practices used to open the Chakras involve considerable risks Anyone who wishes to expand their knowledge of Kabbala Kundalini Yoga the inner nature and powers of man meditation and the safe way to travel on the journey within will greatly benefit from the information in this book
