south and without J C Nichols Johnson County suburbs would have developed in a less spectacular manner Its insight into important molders of the city includes nearly forgotten names such as William Dalton Charles Morse and Willard Winner plus important figures from more recent years including Kay Barnes Charles Garney and Bonnie Poteet With more than 50 photos and dozens of maps specially created for this book Kansas City and How It Grew is unique in treating the entire metropolitan area instead of just one portion With coverage ranging from ethnic neighborhoods to development strategies it s an indispensable touchstone for those who want to try to understand Kansas City as both a city and a place **American**
