Gathering Paradise Alaska Wilderness Journeys:

Gathering Paradise Larry Rice, 1990 **Alaska's Brooks Range** John M. Kauffmann, 1992 A richly drawn in depth profile of one of the world's last unspoiled wildernesses **Alaska's Brooks Range** John Kauffmann, 1992-11-30 Explores both geologic and human history of the region Includes a sampling of literature inspired by the Brooks Range Examines past present and future conservation efforts in this extraordinary place Not just the ultimate mountains for their northernmost location on the North American continent the Brooks Range also is one of the world's last great unspoiled wildernesses A land of environmental and cultural extremes its impressions on those who visit or reside there is as far ranging as humankind's effect on the Range itself Austere mystical and stunningly beautiful the psychic and corporeal influence of the region is inescapable Alaska's Brooks Range The Ultimate Mountains looks at the many facets that make this region so provocative and so worthy of our strongest preservation efforts It explores the geologic origins of some of the most desolate beauty on earth the native inhabitants both man and animal whose age old methods of survival have been altered by the winds from the lower 48 and the human history from the early British military explorers to gold panners to the geographers who first mapped the Arctic wilderness The story of Bob Marshall traces his influence as the father of the Arctic conservation movement and Range Writings offers a sampling of literature inspired by the Brooks Range experience Finally this book takes a hard look at past present and proposed conservation efforts in the Brooks Range because there is much more at stake than land and wildlife in this last frontier The future of humankind is here where the rarity of existence in pristine country is an everyday reality where we can learn how best to fit in without destroying the scheme of life so exquisitely evolved on this planet Alaska's Brooks Range is an affectionate portrait of an untamed territory a land that challenges the limits of its natural inhabitants and those of human spirit and providence **Alaska** Claus M. Naske, Herman E. Slotnick, 2014-10-22 The largest by far of the fifty states Alaska is also the state of greatest mystery and diversity And as Claus M Naske and Herman E Slotnick show in this comprehensive survey the history of Alaska's peoples and the development of its economy have matched the diversity of its land and seascapes Alaska A History begins by examining the region's geography and the Native peoples who inhabited it for thousands of years before the first Europeans arrived The Russians claimed northern North America by right of discovery in 1741 During their occupation of Russian America the region was little more than an outpost for fur hunters and traders When the czar sold the territory to the United States in 1867 nobody knew what to do with Seward's Folly Mainland America paid little attention to the new acquisition until a rush of gold seekers flooded into the Yukon Territory In 1906 Congress granted Alaska Territory a voteless delegate and in 1912 gave it a territorial legislature Not until 1959 however was Alaska's long sought goal of statehood realized During World War II Alaska's place along the great circle route from the United States to Asia firmly established its military importance which was underscored during the Cold War The developing military garrison brought federal money and many new residents Then the discovery of huge oil and natural

gas deposits gave a measure of economic security to the state Alaska A History provides a full chronological survey of the region s and state s history including the precedent setting Alaska Native Claims Settlement Act of 1971 which compensated Native Americans for their losses the effect of the oil industry and the trans Alaska pipeline on the economy the Exxon Valdez oil spill and Alaska politics through the early 2000s Beyond the Moon Crater Myth Katherine Johnson Ringsmuth,2007

Environmental Studies Diane M. Fortner,1994 Written for young people who are just beginning to develop an awareness about one planet one people and one home Includes nature writings legal history current news and a prediction for the future

Baja to Patagonia Larry Rice,1993 Latin America is one of the hottest ecotourism destinations for the 90s From Chile to Costa Rica Venezuela to Mexico these regions have long inspired myth controversy and speculation Naturalist adventure writer Rice now tells of kayaking canoeing and backpacking the wilderness areas of Central and South America Photos Maps

Alaska Reflections Larry Rice,1993 **Complete Folding Kayaker, Second Edition** Ralph Diaz,2003-02-27 Most kayakers paddle a boat with a rigid hull Yet a distinct group of enthusiasts paddle foldables portable kayaks that can be assembled and disassembled in minutes packed in a backpack and carried by plane train or car just about anywhere Foldable kayaks are more seaworthy more durable more versatile easier to maintain and more stable than hardshell kayaks This new edition of Complete Folding Kayaker is both updated and enhanced The best source of information on portable kayaks available **The Alaska Highway** Ron Dalby,1991 An automobile traveller s guide to the Alaska Highway from Dawson
