Postmodernism of Resistance in Roberto Bolaño's Fiction and Poetry J. Agustín Pastén B., 2020-12 Postmodernism of Resistance in Roberto Bola o s Fiction and Poetry examines the ways in which Bola o employs a type of literary aesthetics that subverts traits traditionally associated with postmodernism Past n B coins these aesthetics postmodernism of resistance and argues that this resistance stands in direct opposition to critical discourses that construe the presence of hopeless characters and marginal settings in Bola o s works as signs of the writer s disillusionment with the political as a consequence of the defeat of the Left in Latin America Rather he contends Bola o creates a fictional world comprised of characters and situations that paradoxically refuse to accept defeat even while displaying the scars of terrible historical events In this work Past n B challenges some critical assumptions about Bola o s fiction and poetry that led to decontextualized interpretations of his work and offers a singularly comprehensive investigation that synthesizes multiple perspectives of a complicated author into one text
