Wilson's survey however presents a balanced view of his life and work allowing the reader to judge for themselves. The major sections of the book offer introductions to the complex life and work of Pound outlining the various cultural, political, and literary issues which are important to a full understanding of his place in twentieth-century English literature. Critical commentaries are then given on all of Pound's major poetry, adopting some analytical techniques from stylistics. Brief biographies of important figures in Pound's career and in the development of literary modernism are provided. A gazetteer, glossary, and suggestions for further reading complete the book.

*Ezra Pound* Betsy Erkkila, 2011-03-03. No one better symbolizes the course of modern literature, its triumphs and defeats, than Pound. From the dreaminess and aestheticism of his early poems to his Imagist and Vorticist manifestos to the formally experimental method and mythic engagement with history in *The Cantos*, Pound marks the path that modern and postmodern poetry would follow. This collection provides a documentary record of the reviews of Ezra Pound's work in contemporary journals and newspapers; an introduction that traces the public outrage and controversy that characterized Pound's reception; and checklists of all known reviews of Pound's work. Most of the major poets and critics of the twentieth century reviewed Pound's work, including T. S. Eliot, Ford Madox Ford, William Carlos Williams, and Edmund Wilson. Their multiple perplexed and sometimes hostile responses to his work provide a rich record of the struggles that marked the emergence of modern and contemporary poetry and poetics.

*Poetry of the Revolution* Martin Puchner, 2006. Martin Puchner tells the story of political and artistic upheavals through the political manifestos of the 19th and 20th centuries. He argues that the manifesto was the genre through which modern culture articulated its revolutionary ambitions and desires.
