Modern Gauguin studies complex interpretations of the works based on the identification of the artist s sources in ancient sacred art from around the world began in the early 1950s with the pioneering research of Bernard Dorival and Henri Dorra The Symbolism of Paul Gauguin Erotica Exotica and the Great Dilemmas of Humanity Dorra s ultimate meditation on the art of Gauguin constitutes a milestone in the history of Post Impressionism Charles Stuckey is an independent scholar and consultant **Gauguin** Paul Gauguin,Guillermo Solana,Richard Schiff,Guy Cogeval,2004-11-12 This work shows how Impressionist and Symbolist painter Paul Gauguin became one of the major influences on the general non naturalistic trends of 20th century art *Symbolism, Its Origins and Its Consequences* Rosina Neginsky,2010-08-11 The notion of the symbol is at the root of the Symbolist movement but this symbol is different from the way it was used and understood in the Middle Ages and Renaissance In the Symbolist movement a symbol is not an allegory The Belgian writer Maurice Maeterlinck defined its essence in an article that appeared on April 24 1887 in L Art moderne He wrote that the notion of a symbol in the Symbolist movement is the opposite of the notion of the symbol in classical usage instead of going from the abstract to the concrete Venus incarnated in the statue represents love it goes from the concrete to the abstract from what is seen heard felt tasted and sensed to the evocation of the idea This volume attempts to give a glimpse into the power of the Symbolist movement and the nature of its fundamental and interdisciplinary role in the evolution of art and literature of the twentieth century It records the studies of a group of scholars who met and discussed these topics together for the first time in 2009 While illuminating the specificity of Symbolism in art architecture and literature in different European countries these articles also demonstrate the crucial role of French Symbolism in the development of the international Symbolist movement The authors hope that an expanding group a society of Art Literature and Music in Symbolism and Decadence ALMSD born out of the first meeting will continue to further this discussion at future conferences and in the printed conference proceedings Gauguin Gloria Lynn Groom,2017-01-01 An unprecedented exploration of Gauguin s works in various media from works on paper to clay and furniture Paul Gauguin 1848 1903 was a creative force above and beyond his legendary work as a painter Surveying the full scope of his career spanning experiments in different media and formats clay works on paper wood and paint as well as furniture and decorative friezes this volume delves into his enduring interest in craft and applied arts reflecting on their significance to his creative process Gauguin Artist as Alchemist draws on extensive new research into the artist s working methods presenting him as a consummate craftsman one whose transmutations of the ordinary yielded new and remarkable forms Beautifully designed and illustrated this book includes essays by an international team of scholars who offer a rich analysis of Gauguin s oeuvre beyond painting By embracing other art forms which offered

fewer dominant models to guide his work Gauguin freed himself from the burden of artistic precedent In turn these groundbreaking creative forays especially in ceramics gave new direction to his paintings The authors insightful emphasis on craftsmanship deepens our understanding of Gauguin's considerable achievements as a painter draftsman sculptor ceramist and printmaker within the history of modern art
