Cultivating Our Passionate Attachments Matthew J. Dennis, 2020-09-14 Does a flourishing life involve pursuing passionate attachments Can we choose what these passionate attachments will be This book offers an original theory of how we can actively cultivate our passionate attachments The author argues that not only do we have reason to view passionate attachments as susceptible to growth change and improvement but we should view these entities as amenable to self cultivation He uses Pierre Hadot s and Michel Foucault s accounts of Hellenistic self cultivation as vital conceptual tools to formulate a theory of cultivating our passionate attachments First their accounts offer the conceptual resources for a philosophical theory of how we can cultivate our passionate attachments Second the exercises of self cultivation they focus on allow us to outline a practical method though which we can cultivate our passionate character Doing this brings out a significantly new dimension to the role of the passionate attachments in the flourishing life and offers theoretical and practical accounts of how we can cultivate them based on the Hellenistic conception of self directed character change *Cultivating Our Passionate Attachments* will be of interest to advanced students and scholars working in virtue ethics moral philosophy and ancient philosophy
