Gauguin's Challenge Norma Broude, 2018-03-08 Several decades have now passed since postcolonial and feminist critiques presented the art historical world with a demythologized Paul Gauguin 1848 1903 a much diminished image of the artist hero who had once been universally admired as the father of modernist primitivism In this volume both long established and more recent Gauguin scholars offer a provocative picture of the evolution of Gauguin scholarship in the recent postmodern era as they confront and consider how the dismantling of the longstanding Gauguin myth positions us now in the 21st century to deal with and assess the life work and legacy of this still perennially popular artist To reassess the challenges that Gauguin faced in his own day as well as those that he continues to present to current and future scholarship they explore the multiple contexts that influenced Gauguin's thought and behavior as well as his art and incorporate a variety of interdisciplinary approaches from anthropology philosophy and the history of science to gender studies and the study of Pacific cultural history Dealing with a wide range of Gauguin's production they challenge conventional art historical thinking highlight transnational perspectives and offer clues to the direction of future scholarship as audiences worldwide seek to make multicultural peace with Gauguin and his art Broude has raised the bar of Gauguin scholarship ever higher in this groundbreaking volume which will be necessary reading for students and scholars of art history late 19th century French and Pacific culture gender studies and beyond The William S. The Arts, 1926

Strokes of Luck Gerald Lang, 2021-06-10 Strokes of Luck provides a detailed and wide ranging examination of the role of luck in moral and political philosophy The first part tackles debates in moral luck which are concerned with the assignment of blameworthiness to individuals who are separated only by lucky differences Anti luckists think that one who for example attempts and succeeds in an assassination and one who attempts and fails are equally blameworthy This book defends an anti anti luckist argument according to which the successful assassin is more blameworthy than the unsuccessful one Moreover the successful assassin is all things equal a worse person than the unsuccessful one The worldly outcomes of our acts can make an all important difference not only to how bad our acts can be deemed but to how bad we are The second part enters into debates about distributive justice Lang argues that the attempt to neutralize luck in the distribution of advantages among individuals does not deserve its prominence in political philosophy the luck egalitarian programme is flawed A better way forward is to re invest in John Rawls's justice as fairness which demonstrates a superior way of taming the bad effects of luck and unchosen disadvantage

Tourism and Gender Annette Pritchard, 2007-01-01 While contemporary popular discourses dismiss gender and feminism as passé patriarchy and

sexism continue to limit human possibilities around the globe The tourism industry can be a force for empowerment but it can also shore up exploitative gendered practices At the same time tourism enquiry itself continues to be dominated by western masculinist approaches This collection of studies seeks to advance feminist and gender tourism studies with its focus on embodiment Broad themes include the construction of narratives how discourses of desire sensuality and sexuality pervade the tourism experience the use of the body to represent femininity masculinity and sensuality and finally how travel and tourism allow for empowerment resistance and carnivalesque opportunities

Woman's Eye, Woman's Hand D. Fairchild Ruggles, 2014-04-21 With independence India experienced a dramatic social rupture but also a recuperation of political autonomy and a new sense of optimism that promised opportunities The country became a crucible for experimentation in modern and utopian architecture with new buildings cities and museums giving public face to the nation Indian architects and architectural projects claimed international attention and a generation of women entered professions such as architecture and design that had previously been closed to them They emerged as a pronounced political force and important patrons of art architecture and public space The mid 19th and 20th centuries saw a significant increase in women acting as arbiters of taste and shapers of the built environment The emerging groups of female designers and female patrons were enabled by new norms for women The essays in this volume address these developments posing the important question did and do women produce art and architecture that reflect a feminine perspective How did women otherwise invisible and denied attention in the public sphere gain voice The writers look at these questions through both the political frame of gender as well as through family lineage and dynastic connections and their importance in women's patronage of the arts Published by Zubaan Post-Impressionism Nathalia Brodskaja, 2023-12-28 Whilst Impressionism marked the first steps toward modern painting by revolutionising an artistic medium stifled by academic conventions Post Impressionism even more revolutionary completely liberated colour and opened it to new unknown horizons Anchored in his

epoch relying on the new chromatic studies of Michel Eugène Chevreul Georges Seurat transcribed the chemist's theory of colours into tiny points that created an entire image With his heavy strokes Van Gogh illustrated the midday sun whilst Cézanne renounced perspective Rich in its variety and in the singularity of its artists Post Impressionism was a passage taken by all the well known figures of 20th century painting it is here presented for the great pleasure of the reader by Nathalie Brodskaya

The Bookman, 1923

Rereading Conrad Daniel R. Schwarz, 2001

Leading Conradian scholar Daniel R. Schwarz assembles his work from over the past two decades into one crucial volume providing a significant reexamination of a seminal figure who continues to be a major focus in the twenty first century Schwarz touches on virtually all of Joseph Conrad's work including his masterworks and the later relatively neglected fiction In his introduction and in the persuasive and insightful essays that follow Schwarz explores how the study of Conrad has changed and why Conrad is such a focus of interest in terms of gender postcolonial and cultural studies He also demonstrates how Conrad helps define the modernist cultural tradition Exploring such essential works as *Heart of Darkness* *Lord Jim* *Nostromo* and *The Secret Sharer* Schwarz addresses issues raised by recent theory discussing the ways in which contemporary readers including of course himself have come to read Conrad differently He does so without abandoning crucial Conradian themes such as the disjunction between interior and articulated motives and the discrepancies between dimly acknowledged needs obsessions and compulsions and actual behavior Schwarz also touches on the extent to which Conrad's conservative desires for a few simple moral and political ideas were often at odds with his profound skepticism A powerful close reader of Conrad's complex texts Schwarz stresses how from their opening paragraphs Conrad's works establish a grammar of psychological political and moral cause and effect Rereading Conrad sheds new light on an author who has spoken to readers for over a century Schwarz's essays take account of recent developments in theory and cultural studies including postcolonial feminist gay and ecological perspectives and show how reading Conrad has changed in the face of the theoretical explosion that has occurred over the past two decades Because for over three decades Schwarz has been an important figure in defining how we read Conrad and in studying modernism including how we respond to the relationship between modern literature and modern art scholars teachers and students will take great pleasure in this new collection of his work
