## **Gauguin's Letters From The South Seas:**

Gauguin's Letters from the South Seas Paul Gauguin, Daniel de Monfreid, 1923 64 letters offer portrait of Gauguin's struggles to live and work in Tahiti and the Marquesas during last 12 years of his life Passionate revealing document

*Gauguin* Paul Gauguin, 1992 I am leaving to Tahiti where I shall hope to end my days My art I regard as no more than a tender shoot though one that I hope to develop into a wild and primitive growth The European Gauguin has ceased to exist and nobody will ever see any of his works here again With these words Paul Gauguin set off on a voyage that would not only irrevocably change his own life and work but also the entire course of modern art This volume combines for the first time the artist's public expressions of his world his paintings with his private correspondence to his estranged wife his agent and his illustrious contemporaries such as Strindberg and van Gogh Gauguin vividly describes his creative movements as well as the details of his daily life most poignantly his consuming worries about health and finances The book is illustrated throughout with many of Gauguin's most ambitious and beautiful canvases Watercolors and pencil sketches illuminate the early stages of these major works and illustrated journal pages and rare vintage photographs reveal the people and places he knew An invaluable insight into Gauguin's life this volume is equally important for its determined look at the transgressive spirit of those artists who challenge the conventions of their time to create an art of the future BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *Letters of Paul Gauguin* Paul Gauguin, 1992 **Paul**

**Gauguin** Paul Gauguin, Bernard Denvir, 1992 Always on the move he was brought up in Lima and worked in Paris and Brittany Paul Gauguin left France for good in 1891 to settle in Tahiti The canvases he sent back were to have a profound influence on 20th century art their revolutionary use of brilliant pure colour and rejection of naturalism were an inspiration to a generation of younger artists from Matisse to Picasso **Paul Gauguin**, 1992 **Gauguin's Challenge** Norma Broude, 2018-03-08 Several decades have now passed since postcolonial and feminist critiques presented the art historical world with a demythologized Paul Gauguin 1848-1903 a much diminished image of the artist hero who had once been universally admired as the father of modernist primitivism In this volume both long established and more recent Gauguin scholars offer a provocative picture of the evolution of Gauguin scholarship in the recent postmodern era as they confront and consider how the dismantling of the longstanding Gauguin myth positions us now in the 21st century to deal with and assess the life work and legacy of this still perennially popular artist To reassess the challenges that Gauguin faced in his own day as well as those that he continues to present to current and future scholarship they explore the multiple contexts that influenced Gauguin's thought and behavior as well as his art and incorporate a variety of interdisciplinary approaches from anthropology philosophy and the history of science to gender studies and the study of Pacific cultural history Dealing with a wide range of Gauguin's production they challenge conventional art historical thinking highlight transnational perspectives and offer clues to the direction of future scholarship as audiences worldwide seek to make multicultural peace

with Gauguin and his art Broude has raised the bar of Gauguin scholarship ever higher in this groundbreaking volume which will be necessary reading for students and scholars of art history late 19th century French and Pacific culture gender studies and beyond     The Letters of Paul Gauguin to Georges Daniel de Monfreid Paul Gauguin,1923     **The South Seas** Sean Brawley,Chris Dixon,2015-04-21 The South Seas charts the idea of the South Seas in popular cultural productions of the English speaking world from the beginnings of the Western enterprise in the Pacific until the eve of the Pacific War Building on the notion that the influences on the creation of a text and the ways in which its audience receives the text are essential for understanding the historical significance of particular productions Sean Brawley and Chris Dixon explore the ways in which authors and producers ideas about the South Seas were haunted by others who had written on the subject and how they in turn influenced future generations of knowledge producers The South Seas is unique in its examination of an array of cultural texts Along with the foundational literary texts that established and perpetuated the South Seas tradition in written form the authorsexplore diverse cultural forms such as art music theater film fairs platform speakers surfing culture and tourism     **Art Books** Wolfgang M. Childs,2013-05-18 Vanishing paradise offers a fresh take on the modernist primitivism of the French painter

Paul Gauguin the exoticism of the American John LaFarge and the elite tourism of the American writer Henry Adams Childs explores how these artists wrestled with the elusiveness of paradise and portrayed colonial Tahiti in ways both mythic and modern

Gauguin and Polynesia Nicholas Thomas, 2024-02-01 Paul Gauguin is commonly regarded as one of the greatest modern artists He is renowned for resplendent mythic imagery from Oceania for a life of restless travel and for his supposed immersion in Polynesian life But he has long been regarded ambivalently and in recent years both Gauguin's sexual behaviour and his paintings have been considered exploitative Gauguin and Polynesia offers a fresh view on the artist not from the perspective of European art history but from the contemporary vantage point of the region Oceania which he so famously moved to Gauguin's art is revealed for the first time to be richer and more eclectic than has been recognised The artist indeed did invent enigmatic and symbolic images but he also depicted Polynesia's colonial modernity acknowledging the life of the time and the dignity and power of some of the Islanders he encountered Gauguin and Polynesia neither celebrates nor condemns an extraordinary painter who at times denounced and at other times affirmed the French empire that shaped his own life and the places he moved between It is a revelation of a formative artist of modern life and of multicultural worlds in the making

**Strangers in the South Seas** Richard Lansdown, 2006-04-30 Long before Magellan entered the Pacific in 1521 Westerners entertained ideas of undiscovered oceans mighty continents and paradisaic islands at the far ends of the earth First set down by Egyptian storytellers Greek philosophers and Latin poets such ideas would have a long life and a deep impact in both the Pacific and the West With the discovery of Tahiti in 1767 another powerful myth was added to this collection the noble savage For the first time Westerners were confronted by a people who seemed happier than themselves This revolution in the human sciences was accompanied by one in the natural sciences as the region revealed gaps and anomalies in the great chain of being that Charles Darwin would begin to address after his momentous visit to the Galapagos Islands The Pacific produced similar challenges for nineteenth century researchers on race and culture and for those intent on exporting their religions to this immense quarter of the globe Although most missionary efforts ultimately met with success others ended in ignominious retreat As the century wore on the region presented opportunities and dilemmas for the imperial powers leading to a guilty desire on the part of some to pull out along with an equally guilty desire on the part of others to stay and help This process was accelerated by the Pacific War between 1941 and 1945 After more than two millennia of fantasies the story of the West's fascination with the insular Pacific graduated to a marked sense of disillusion that is equally visible in the paintings of Gauguin and the journalism of the nuclear Pacific Strangers in the South Seas recounts and illustrates this story using a wealth of primary texts It includes generous excerpts from the work of explorers soldiers naturalists anthropologists artists and writers some famous some obscure It begins in 1521 with an account of Guam

by Antonio Pigafetta one of the few men to survive Magellan's circumnavigation voyage and ends in the late 1980s with the writing of an American woman Joana McIntyre Varawa as she faces the personal and cultural insecurities of marriage and settlement in Fiji. It shows how the Great South Sea has been an irreplaceable distant mirror of the West and its intellectual obsessions since the Renaissance. Comprehensively illustrated and annotated, this anthology will introduce readers to a region central to the development of modern Western ideas. This is a carefully conceived anthology covering an excellent range of subjects. The selections are well chosen and interesting and the introductory materials are both scholarly and accessible. It should be widely used in university courses dealing with almost any aspect of the Pacific.

**Colonial and Postcolonial Literature** Elleke Boehmer, 2005-10-06 Colonial and Postcolonial Literature is the leading critical overview of and historical introduction to colonial and postcolonial literary studies. Highly praised from the time of its first publication for its lucidity, breadth and insight, the book has itself played a crucial part in founding and shaping this rapidly expanding field. The author, an internationally renowned postcolonial critic, provides a broad contextualizing narrative about the evolution of colonial and postcolonial writing in English. Illuminating close readings of texts by a wide variety of writers from Kipling and Conrad through to Kincaid, from Ngugi to Nounuccal and Naipaul explicate key theoretical terms such as subaltern, colonial resistance, writing back and hybridity. This revised edition includes new critiques of postcolonial women's writing, an expanded and fully annotated bibliography and a new chapter and conclusion on postcolonialism exploring keynote debates in the field relating to sexuality, transnationalism and local resistance.
