Gay Agenda Its Dividing The Family The Church And A Nation:

The Gay Agenda Dr. Ronnie Floyd, 2004-06-01 The Gay Agenda It s Dividing the Family the Church and a Nation is a bold defense of traditional marriage and the authority of Scripture relating to these controversial issues both in the Church and in families across the nation As same sex unions and court challenges to the bans on these unions sweep the country reasoned voices from the Church are needed Now one has emerged to expose the agenda that the homosexual lobby is trying to impose on society Can we still love people in this lifestyle but hate the sin Does the Bible say anything about gay clergy What impact is this agenda having on the traditional American family What impact will this agenda have on our nation What about activist judges and the proposed marriage amendment Dr Ronnie W Floyd tackles the problems confronting the traditional family with this issue in schools the workplace the church and even within your home Revealing the progress the gay agenda has already made Dr Floyd also examines the legal background and challenges dominating media reports almost daily Floyd highlights why Christians need to be aware of this issue and its assault upon the faith as well as showing from Scripture that the homosexual lifestyle is definitely at odds with God s plan for the family With a balanced methodical and loving manner Floyd issues an urgent call to pastors parents and educators passive response won t work only prayer and engagement with the issues will be effective

The Truth About Same-Sex Marriage Erwin W. Lutzer, 2009-12-17 **HEADLINE** Is it really that big of a deal A May 2009 Gallup poll revealed that fifty seven percent of Americans oppose same sex marriage while only forty percent are in favor of it down from forty six percent in 2007 This short easy to read book helps shed light on what so many people believe and why they ought not be at a loss about what to do now The headlines only tell part of the story In this revised and updated version of his bestselling book Dr Erwin Lutzer clearly and accurately depicts the truth about what is at stake here By asking the right questions and by pinpointing the very real ramifications of same sex marriage this handbook will help guide reality back to Truth Dr Lutzer expertly answers the questions that so many individuals parents friends and families are asking How did we get to this point Why is marriage as God intended it better and healthier How can I talk to my kids about this How do I responsibly read watch and filter the news Is there still hope Let no one say that we have to choose between loving homosexuals and opposing same sex marriages Biblically love is defined not as license to legitimize sinful behavior of any kind but love helps us see that there is a better way Obviously we must be as concerned about our own sins as we are about the sins of the homosexual community We must be concerned enough to speak out about any action heterosexual or homosexual that violates God s intended plan for marriage and the family This simple straightforward look at the issue of same sex marriage will equip you to know what is really happening and most importantly why it matters for you

Marriage Equality William N. Eskridge, Jr., Christopher R. Riano, 2020-08-18 The definitive history of the marriage equality debate in the United States praised by Library Journal as beautifully and accessibly written An essential work As a legal scholar who first argued in the early 1990s for a right to gay marriage William N Eskridge Jr has been on the front lines of the debate over same sex marriage for decades In this book Eskridge and his coauthor Christopher R Riano offer a panoramic and definitive history of America s marriage equality debate The authors explore the deeply religious rabidly political frequently administrative and pervasively constitutional features of the debate and consider all angles of its dramatic history While giving a full account of the legal and political issues the authors never lose sight of the personal stories of the people involved or of the central place the right to marry holds in a person s ability to enjoy the dignity of full citizenship This is not a triumphalist or one sided book but a thoughtful history of how the nation wrestled with an important question of moral and legal equality

Floyd, Ronnie Floyd, 2004 Christian women are pressured by the whims of the world to conform to secular trends while still finding their identity in Christ Pastor Ronnie Floyd with the help of his wife Jeana gently and carefully draws some lines for Christian women and shows through scriptural examples what God expects of his daughters Their desire is that Christian women would become stronger in their walk with Christ

The Bible, Sexuality, and Culture Brian Neil Peterson, 2021-05-26 We are living in a rapidly changing culture Since the 1960s the changes in our sexual ethics have become increasingly problematic How are people especially Evangelicals and other conservative Christians supposed to respond Does the Bible address these seismic changes How is a believer supposed to raise a family in the cultural chaos of the twenty first century If you have asked any of these questions before then this book is for you Peterson argues forcefully that the changes in our culture are a direct result of a postmodern and post Christian cultural rejection of the mandates established by God in the opening two chapters of Genesis The reason Western culture is imploding morally is directly connected to the Enemy s undoing of each of the Genesis mandates established by God for human and cultural flourishing With Western culture s rejection or undoing of every one of God s mandates in Genesis is there any hope for the survival of once thriving Judeo Christian cultures Peterson tackles these and many other issues in a forthright and unreserved manner This book is not for the faint of heart It is a call for a return to cultural sanity rooted in the fear of God and his Word

Slouching towards Gaytheism W. C. Harris, 2014-04-01 Argues that homophobia will not be eradicated in the United States until religion is ended Slouching towards Gaytheism brings together two intellectual traditions the New Atheism and queer theory and moves beyond them to offer a new voice for gay Americans and atheists alike Examining the continued vehemence of homophobia in cultural and political debate regarding queer equality this unabashed polemic insists that the needs met by religion might be

met more safely and less toxically by forms of community that do not harass and malign gay and lesbian Americans or impede collective social progress W C Harris argues that compromises with traditional religion no matter how enlightened or well intentioned will ultimately leave heteronormativity alive and well He explores a range of recent movements such as Dan Savage s It Gets Better project reparative ex gay therapy Christian purity culture and attempts by liberal Christians to reconcile religion with homosexuality and shows how these proposed solutions are either inadequate or positively dangerous According to the author the time has come for gaytheism leaving religion behind in order to preserve queer dignity rights and lives Lively original and serious this book is great fun to read One looks forward to how Professor Harris will skewer the next foe Paul Robinson author of Queer Wars The New Gay Right and Its Critics

Economics 101 for Senators and Representatives Wallace Hoffman,2022-08-24 The mission of this book is to inform all American citizens how their senators and representatives vote in Washington Do your senators and your representative fulfill the responsibilities of government in the Constitution and vote in your favor If that is true they are your friends Or do your senators and your representatives violate the Constitution and vote against your best interest If that is true they are your enemies If you vote for and reelect your enemies they will be your enemies the next two or six years President Obama s legacy of deficit spending is characterized by average deficit spending of more than a trillion dollars annually During those eight years every American household went to bed each evening fifty dollars deeper in debt regardless of how hard they worked or whether they spent any money The national debt more than doubled during President Obama s eight years in office Each person s share of debt increased from 30 000 to 70 000
