Gay And Lesbian Themes In Latin American Writing The Texas Pan American Series:

Gay and Lesbian Themes in Latin American Writing David William Foster, 2013-12-06 A taboo subject in many cultures homosexuality has been traditionally repressed in Latin America both as a way of life and as a subject for literature Yet numerous writers have attempted to break the cultural silence surrounding homosexuality using various strategies to overtly or covertly discuss lesbian and gay themes In this study David William Foster examines more than two dozen texts that deal with gay and lesbian topics drawing from them significant insights into the relationship between homosexuality and society in different Latin American countries and time periods Foster's study includes works both sympathetic and antagonistic to homosexuality showing the range of opinion on this topic The preponderance of his examples come from Argentina Brazil and Mexico countries with historically active gay communities although he also includes material on other countries Noteworthy among the authors covered are Reinaldo Arenas Adolfo Caminha Isaac Chocr n Jos Donoso Sylvia Molloy Alejandra Pizarnik Reader's Guide to Lesbian and Gay Studies Timothy Murphy, 2013-10-18 The Reader's Guide to Lesbian and Gay Studies surveys the field in some 470 entries on individuals Adrienne Rich arts and cultural studies Dance ethics religion and philosophical issues Monastic Traditions historical figures periods and ideas Germany between the World Wars language literature and communication British Drama law and politics Child Custody medicine and biological sciences Health and Illness and psychology social sciences and education Kinsey Report The War of the Fatties and Other Stories from Aztec History Salvador Novo, 2014-12-15 In The War of the Fatties a campy tongue in cheek retelling of an episode from the Mexican Trojan War naked fat women from Tlatelolco discombobulate Tenochtitlan's invading army by squirting them with breast milk Told with satiric allusions to the policies and tactics used by Mexico's current ruling party PRI to consolidate its power the play unfolds a history of vain rivalry and decadence intricate political maneuvers corruption and unchecked ambition that determined the course of Mexican history for two centuries before the Spanish conquest Novo's other works in this collection A Few Aspects of Sex among the Nahuas Ahu tzotl and the Magic Water Cuauht moc Play in One Act Cuauht moc and Eulalia A Dialogue Malinche and Carlota A Dialogue and In Ticit zcatl or The Enchanted Mirror Opera in Two Acts represent nearly all of his Aztec related writings Taken together they provide a delightful introduction to Novo's later works and a light hearted historically accurate introduction to Aztec culture The text is supplemented by a glossary of Nahuatl terms notes on the historical characters and an introduction that provides historical background and places Novo s works within their cultural context **Sexual Textualities** David William Foster, 2013-12-06 Since the 1991 publication of his groundbreaking book Gay and Lesbian Themes in Latin American Writing David William Foster has proposed a series of theoretical and critical principles for the analysis of Latin American culture from the perspectives of the queer This book continues that project with a queer reading of literary and cultural aspects of Latin American texts Moving beyond its predecessor which provided an initial inventory of Latin American gay and lesbian writing Sexual Textualities analyzes

questions of gender representation in Latin American cultural productions to establish the interrelationships tensions and irresolvable conflicts between heterosexism and homoeroticism The topics that Foster addresses include Eva Peron as a cultural sexual icon feminine pornography Luis Humberto Hermosillo s classic gay film Do a Herlinda y su hijo homoerotic writing and Chicano authors Matias Montes Huidobro s Exilio and the representation of gay identity representation of the body in Alejandra Pizarnik's poetry and the crisis of masculinity in Argentine fiction from 1940 to 1960 Writers on Gay and Lesbian Themes David William Foster, 1994-11-07 Gay and lesbian themes in Latin American literature have been largely ignored. This reference fills this gap by providing more than a hundred alphabetically arranged entries for Latin American authors who have treated gay or lesbian material in their works Each entry explores the significance of gay and lesbian themes in a particular author's writings and closes with a bibliography of primary and secondary sources. The figures included have a professed gay identity or have written on gay or lesbian themes in either a positive or negative way or have authored works in which a gay sensibility can be identified. The volume pays particular attention to the difficulty of ascribing North American critical perspectives to Latin American authors and studies these authors within the larger context of Latin American culture The book includes entries for men and women and for authors from Latin American countries as well as Latino writers from the United States The entries are written by roughly 60 expert contributors from Latin America *Mexican Literature* David William Foster, 2010-07-22 Mexico has a rich literary heritage that extends the U S and Europe back over centuries to the Aztec and Mayan civilizations This major reference work surveys more than five hundred years of Mexican literature from a sociocultural perspective More than merely a catalog of names and titles it examines in detail the literary phenomena that constitute Mexico s most significant and original contributions to literature Recognizing that no one scholar can authoritatively cover so much territory David William Foster has assembled a group of specialists some of them younger scholars who write from emerging trends in Latin American and Mexican literary scholarship The topics they discuss include pre Columbian indigenous writing Joanna O Connell Colonial literature Lee H Dowling Romanticism Margarita Vargas nineteenth century prose fiction Mario Mart n Flores Modernism Bart L Lewis major twentieth century genres narrative Lanin A Gyurko poetry Adriana Garc a theater Kirsten F Nigro the essay Martin S Stabb literary criticism Daniel Altamiranda and literary journals Luis Pe a Each essay offers detailed analysis of significant issues and major texts and includes an annotated bibliography of important critical sources and reference works Latin American Studies Ana María Cobos, Ana Lya Sater, 2002 The Latin American studies collections at many community junior and four year colleges and large public libraries often contain materials that are too specialized uneven outdated incomplete or written in Spanish or Portuguese thus rendering them essentially useless to English reading patrons Better materials are out there but librarians simply have not had until now a good resource guide to help in locating them This work designed as an acquisitions tool for colleges and libraries is an annotated bibliography of approximately 1 400 recommended books published from 1986

through 2000 in the field of Latin American studies It is divided into chapters that deal with reference works descriptive accounts and travel guides the humanities language and literature the social sciences and science and technology For the purposes of this book Latin America is defined as all geographic locations south of the Rio Grande While these are chiefly Spanish and Portuguese speaking regions works about French English and Dutch speaking areas are also included The literary works of authors living abroad are included if they are considered quintessentially Latin American Periodicals children's literature audio visual resources and works about the Hispanic and Latino experience in the United States are not included The majority of the works presented here were selected based on reviews from Booklist Choice Hispanic American Historical Review Library Journal Los Angeles Times Book Review New York Review of Books New York Times Book Review and Publisher's Weekly also consulted were the catalogs of major university presses that focus on Latin American studies
