

Gay Identity: The Self Under Ban

Dubay, William H.

Note: This is not the actual book cover

Gay Identity The Self Under Ban

Tim Edwards

Gay Identity The Self Under Ban:

Gay Identity William H. DuBay, 1987 The author proposes that gay identity is one of the great myths of our age He sets forth the premise that there exists an evident distinction between 1 homosexual feelings 2 homosexual behavior and 3 the homosexual role The argument presented here is that homosexual feelings play a minor part in becoming gay which chiefly is the result of adopting the homosexual role The gay myth is responsible for the creation of the gay community which is an assemblage not of people who share the same sexual orientation they don't but of those who have adopted the gay role

Gay and Lesbian Subculture in Urban China Loretta Wing Wah Ho, 2009-09-10 This book contributes to a critical understanding of how Chinese same sex identity in urban China is variously imagined how it is transformed and how it presents its resistances as China continues to open up to global power relations Equally important the book will 1 sharpen knowledge of China's recent socio economic change and political agenda 2 build a greater awareness of Chinese cultural sexual and ethical values and 3 offer new perspectives on Chineseness and Chinese same sex identity Uniquely it explores the emergence of Chinese same sex identity through understanding the everyday lived same sex experience amid China's opening up to cultural sexual and economic globalisation This understanding is based on a culturally sensitive framework which accommodates the diverse and sometimes paradoxical articulation of same sex identity in urban China It comes to the conclusion that same sex identity in China is articulated in a paradoxical way open and decentred but at the same time nationalist and conforming to state control This book will be of interest to scholars and students in Chinese studies Gender Studies sexuality and cultural studies

Understanding Narrative Identity Through Lesbian and Gay Youth Edmund Coleman-Fountain, 2014-07-23 This book contests the idea that lesbian and gay categories are disappearing and that sexuality is becoming fluid by showing how young people use them in a world in which heterosexuality is privileged Exploring identity making the book shows how old modernist stories of sexual being entwine with narratives of normality

The Construction of Sexual and Cultural Identities Constantinos N. Phellas, 2018-05-08 This title was first published in 2002 Ethnicity culture and sexual orientation are salient aspects of human identity While diversity adds richness to the threads of our human tapestry minorities often feel vulnerable with open disclosure and retreat from exposures they fear could leave them in jeopardy This is especially so with gay men of colour Xenophobia homophobia and fear of HIV AIDS combine to make our society a difficult one for gay men of colour This book explores a broad range of culture related topics specific to the experience of Anglo Cypriot men resident in Britain who have sex with men Along with empirical clinical and theoretical discussions the inclusion of personal accounts offers poignant insight into additional complexities pressures and losses that gay men of colour must cope with in a world that often handles diversity with the closed fist of bigotry

Unmasking Identities Janna Marie Jackson, 2007-08-13 Based on a qualitative research study of gay and lesbian teachers *Unmasking Identities* explores how gay and lesbian teachers bring together their identities in a climate where the two have historically

been pitted against each other Janna Marie Jackson demonstrates that participants made direct and indirect connections between their experiences related to being gay or lesbian and their classroom practices of promoting social justice and building on students understandings This process of integrating their sexual identities with their roles as teachers was facilitated and inhibited by several factors including the community atmosphere school culture and family status This unique book explores what happens when identities are oppressed and suppressed and the consequences when they finally break free Unmasking Identities provides theoretical understandings and practical advice for teachers administrators and policy makers who are concerned about gay and lesbian issues This engaging text will appeal to those interested in gender studies and issues in education

Why I Don't Call Myself Gay Daniel Mattson, 2017-06-09 Daniel Mattson once believed he was gay Raised in a Christian family and aware of attractions to other boys at age six Mattson's life was marked by constant turmoil between his faith in God and his sexual attractions Finding the conflict between his sexual desires and the teachings of his church too great he assumed he was gay turned his back on God and began a relationship with another man Yet freedom and happiness remained elusive until he discovered Christ and his true identity In this frank memoir Mattson chronicles his journey to and from a gay identity finding peace in his true identity as a man made in the image and likeness of God Part autobiography part philosophy of life and part a practical guide in living chastely the book draws lessons from Mattson's search for inner freedom and integrity sharing wisdom from his failures and successes His lifelong search for happiness and peace comes full circle in his realization that above all else what is true about him is that he is a beloved son of God loved into existence by God created for happiness in this life and the next Mattson's book is for anyone who has ever wondered who he is why he is here and in the face of suffering where to find joy happiness and the peace that surpasses all understanding

Erotics and Politics Tim Edwards, 2012-11-12 Erotics and Politics provides an interface between the study of sexuality particularly gay male studies and gender primarily feminism In doing so it covers a wide range of issues of concern to gay and feminist movements over the past twenty five years including gay liberational sexuality sado masochism pornography promiscuity personal relationships AIDS and postmodernity The central focus of attention throughout is the nature development and consequence of gay male sexuality and masculinity This book is unique in its coverage of a wide range of issues and connecting subjects which are typically examined separately

Coming Out and Disclosures Ski Hunter, 2007 Coming Out and Disclosures LGBT Persons Across the Life Span is a comprehensive guide to the coming out process for LGBT individuals of all ages It offers practical advice and models for disclosure to family members friends and co workers This book also provides guidelines for practitioners working with LGBT clients

The Arena of Masculinity Brian Pronger, 2011-04-01 Sports are perhaps the most visible expression of the ideals of masculinity in our society and figure as a training ground on which young boys are taught what it means to be a man Given the involvement of sports with masculinity the homosexual athlete becomes a paradox and the recent explosive growth of gay sporting leagues a puzzle Pronger

explores the paradoxical position of the gay athlete in a straight sporting world examines the homoerotic undercurrent subliminally present in the masculine struggle of sports and explicates the growth of gay sports in the framework of the developing gay culture *Handbook of Counseling Women* Mary Kopala,Merle Keitel,2003-07-11 The Handbook of Counseling Women addresses current theories research and issues relevant to the mental and physical well being of women Edited by Mary Kopala and Merle A Keitel this comprehensive volume is divided into three parts Part One focuses on theoretical sociocultural biological and developmental considerations Part Two is devoted to assessment diagnosis and intervention Part Three covers supervision research and ethics Most chapters include case studies recommendations for further reading and resources for clients Essential reading for psychologists social workers counselors and psychiatric nurses this handbook will also appeal to graduate and undergraduate students in counseling clinical psychology and clinical social work courses *Breaking Out* Kevin Alderson,2002 Written in a conversational upbeat tone Breaking Out is the first complete and systematic self help book to assist gay men and lesbian women build and enhance positive gay identities

Disorienting Sexuality Thomas Domenici,Ronnie C. Lesser,2016-03-23 Disorienting Sexuality exposes the biases against gay men and lesbians in psychoanalytic theory and practice In the introduction Domenici and Lesser draw a brief history of anti homosexual sentiment in psychoanalysis The book then moves into essays written by lesbian and gay psychoanalysts seeking to have a voice in the reshaping of psychoanalytic theories of sexuality The second section is devoted to presenting different theoretical perspectives for understanding both homosexuality and heterosexuality Disorienting Sexuality concludes with the personal narratives of gay and lesbian psychoanalysts **Growing Up Gay in the South** James Sears,2014-03-18 This groundbreaking new book weaves personal portraits of lesbian and gay Southerners with interdisciplinary commentary about the impact of culture race and gender on the development of sexual identity Growing Up Gay in the South is an important book that focuses on the distinct features of Southern life It will enrich your understanding of the unique pressures faced by gay men and lesbians in this region the pervasiveness of fundamental religious beliefs the acceptance of racial gender and class community boundaries the importance of family name and family honor the unbending view of appropriate childhood behaviors and the intensity of adolescent culture You will learn what it is like to grow up gay in the South as these Southern lesbians and gay men candidly share their attitudes and feelings about themselves their families their schooling and their search for a sexual identity These insightful biographies illustrate the diversity of persons who identify themselves as gay or lesbian and depict the range of prejudice and problems they have encountered as sexual rebels Not just a simple compilation of coming out stories this landmark volume is a human testament to the process of social questioning in the search for psychological wholeness examining the personal and social significance of acquiring a lesbian or gay identity within the Southern culture Growing Up Gay in the South combines intriguing personal biographies with the extensive use of scholarship from lesbian and gay studies Southern history and literature and educational thought and

practice These features together with an extensive bibliography and appendices of data make this essential reading for educators and other professionals working with gay and lesbian youth

Invisible Caregivers Daphne Joslin, 2002 This collection covers a variety of issues facing elder caregivers community health aging HIV services child welfare education public policy and mental health

Breaking Out II Kevin Alderson, 2012-04 Following on the heels of the first edition *Breaking Out II* expands its coverage by including lesbian gay bisexual transgender and intersex LGBTI individuals While some societies have become more tolerant and accepting of sexual and gender diversity LGBTI people continue to suffer psychological damage caused by growing up in largely heterosexist homophobic biphobic and transphobic milieus How can LGBTI individuals learn to love themselves when many or most of the signals society sends out denigrate their very being Dr Kevin Alderson has developed a method of building a positive LGBTI identity based on extensive research and the best of what we know about self help psychology

Twenty Million New Customers! Steven M Kates, 2013-12-19 Most of the world's population is in the dark when it comes to the consumer patterns of gay men But in *Twenty Million New Customers Understanding Gay Men's Consumer Behavior* you'll leave all the dark homophobic myths behind where they belong in the closet and come out into the light In its colorful and informative chapters you'll see why gay men are a vital consumer lifeline to today's clothing industries as you tap into revealing psychological characteristics that will benefit any business manager A scholarly yet personal poignant study *Twenty Million New Customers* is a mixed shopping bag taking you on a day in the life tour of the buying patterns of 44 gay men As an up to date catalog of scholarly data it helps you see how mainstream businesses can tailor their marketing methods to this rapidly expanding demand in a competent professional and ethical manner As a commentary on lifestyle it transports you to unexplored consumer behavior territory that most people still consider deviant Specifically you'll read about in depth personal interviews from gay consumers real life problems and market needs of gay men consumer behavior as political protest self concept identity community and culture the creation and maintenance of gay consumer subculture research methods and managerial implications of the study A recent survey estimates that over six percent of U S consumers openly acknowledges themselves as gay clearly a priceless niche So if you're a gay man trying to get the skinny on the latest bodysuit trends a marketing scholar involved in quantitative methods research or a manager interested in retiring your old outdated business savvy to the closet and exchanging it for a flashy new informed sense of marketing pizzazz read *Twenty Million New Customers* It'll shut the closet on the harmful myths surrounding gay consumerism and open the door to success

The Constitutional Underclass Evan Gerstmann, 1999-04 When the Supreme Court struck down Colorado's Amendment 2 which would have nullified all state and local laws protecting gays and lesbians from discrimination it was widely regarded as a victory for gay rights Yet many gays and lesbians still risk losing their jobs custody of their children and even their liberty under the law Using the Colorado initiative as his focus Gerstmann untangles the complex standards and subtle rhetoric the Supreme Court uses to apply the equal protection clause

The Court divides people into legal classes that receive varying levels of protection gays and lesbians and other groups such as the elderly and the poor receive the least Gerstmann reveals how these standards are used to favor certain groups over others and also how Amendment 2 advocates used the Court's doctrine to convince voters that gays and lesbians were seeking special rights in Colorado Concluding with a call for wholesale reform of equal protection jurisprudence this book is essential reading for anyone interested in fair coherent and truly equal protection under the law **Banning Queer Blood** Jeffrey A. Bennett, 2015-09-30 Frames blood donation as a performance of civic identity closely linked to the meaning of citizenship In *Banning Queer Blood* Jeffrey Bennett frames blood donation as a performance of civic identity closely linked to the meaning of citizenship However with the advent of HIV came the notion of blood donation as a potentially dangerous process Bennett argues that the Food and Drug Administration by employing images that specifically depict gay men as contagious has categorized gay men as a menace to the nation The FDA's ban on blood donation by gay men served to propagate the social misconceptions about gay men that continue to circulate within both the straight and LGBT Queer communities Bennett explores the role of scientific research cited by these banned blood policies and its disquieting relationship to government agencies including the FDA Bennett draws parallels between the FDA's position on homosexuality and the historical precedents of discrimination by government agencies against racial minorities The author concludes by describing the resistance posed by queer donors who either lie in order to donate blood or protest discrimination at donation sites and by calling for these prejudiced policies to be abolished **Crime, Social Control and Human Rights** David Downes, Paul Rock, Christine Chinkin, Conor Gearty, 2013-06-17 A book of essays in Stanley Cohen's honor that examines the main themes he has explored and developed which are crime social control and human rights **Protecting the Genetic Self from Biometric Threats: Autonomy, Identity, and Genetic Privacy** Akrivopoulou, Christina M., 2015-02-28 Privacy is a fundamental concern of all individuals in the modern information driven society but information security goes beyond digital and data oriented approaches to include the basic components of what makes us human *Protecting the Genetic Self from Biometric Threats: Autonomy, Identity, and Genetic Privacy* considers all aspects of privacy and security relating to an individual's DNA With a concentration on fundamental human rights as well as specific cases and examples this essential reference brings pertinent real world information to researchers scientists and advocates for greater security and privacy in the modern world
