Gaya Ciencia La:

, *Queer Rebels* Łukasz Smuga, 2022-01-31 *Queer Rebels* is a study of gay narrative writings published in Spain at the turn of the 20th century. The book scrutinises the ways in which the literary production of contemporary Spanish gay authors Jos Luis de Juan, Luis G. Mart n Juan, Gil Albert, Juan Goytisolo, Eduardo Mendicutti, Luis Antonio de Villena and Ivaro Pombo engages with homophobic and homophile discourses as well as with the vernacular and international literary legacy. The first part revolves around the metaphor of a rebellious scribe who queers literary tradition by clandestinely weaving changes into copies of the books he makes. This subversive writing act, named Mazuf's gesture after the protagonist of Jos Luis de Juan's *This Breathing World* (1999), is examined in four highly intertextual works by other writers. The second part of the book explores Luis Antonio de Villena and Ivaro Pombo, who in their different ways seek to coin their own definitions of homosexual experience in opposition both to the homophobic discourses of the past and to the homonormative regimes of the commercialised and trivialised gay culture of today. In their novels, Mazuf's gesture involves playing a sophisticated queer game with readers and their expectations.

"Visual Propaganda, Exhibitions, and the Spanish Civil War" Miriam M. Basilio, 2017-07-05 *Visual Propaganda, Exhibitions, and the Spanish Civil War* is a history of art during wartime that analyzes images in various media that circulated widely and were encountered daily by Spaniards on city walls, in print, and in exhibitions. Tangible elements of the nation's past monuments, cultural property, and art historical icons were displayed in temporary exhibitions and museums as well as reproduced on posters and in print media to rally the population, define national identity, and reinvent distant and recent history. Artists, political party propagandists, and government administrators believed that images on the street, in print, and in exhibitions would create a community of viewers brought together during the staging of public exhibitions to understand their own roles as Spaniards. This book draws on extensive archival research, brings to light unpublished documents, and examines visual propaganda exhibitions and texts unavailable in English. It engages with questions of national self-definition and historical memory at their intersections with the fine arts, visual culture, exhibition history, tourism, and propaganda during the Spanish Civil War and immediate post-war period, as well as contemporary responses to the contested legacy of the Spanish Civil War. It will be of interest to scholars in art history, visual and cultural history, history, and museum studies.

History of Spanish Literature Friedrich Bouterwek, 1847 *Translation and World Literature* Susan Bassnett, 2018-10-03 *Translation and World Literature* offers a variety of international perspectives on the complex role of translation in the dissemination of literatures around the world. Eleven chapters written by multilingual scholars explore issues and themes as diverse as the geopolitics of translation, cosmopolitanism, changing media environments, and transdisciplinarity. This book locates translation firmly within current debates about the transcultural movements of texts and challenges the hegemony of English in world literature. *Translation and World Literature* is an indispensable resource for students and scholars working in the fields of translation studies, comparative
