## **Gays And Lesbians In The Military Issues Concerns And Contrasts:**

Gays and Lesbians in the Military Wilbur J. Scott, Sandra Carson Stanley, Despite the amply documented presence of significant numbers of undeclared homosexual soldiers sailors and Air Force personnel the official position of the American military since the Second World War has been to ban gay men and lesbian women from serving in the United States military Enlistment of openly gay or lesbian military personnel has not been permitted those already in the military service who have subsequently come out as gays and lesbians have been mustered out of the service with no prospect of appeal Gay Rights, Military Wrongs Craig A. Rimmerman, 2013-10-15 First Published in 1996 Lesbians in the Military ,1968 From 1980 to 1990 nearly 17 000 service members were discharged from the military because of their homosexuality This book places the debate of homosexual military service in its historical theoretical and political context Timely and compelling with all the court options in the highly published cases of Col Margarethe Cammermeyer Gay Rights Military Wrongs reports on the state of prejudice and discrimination facing today s homosexual military personnel and their prospects for future Psychological Perspectives on Lesbian, Gay, and Bisexual Experiences Linda Garnets, Douglas equality Kimmel, 2003-05-14 Designed for both the undergraduate and graduate classroom this selection of important articles provides a comprehensive overview of current thought about the psychological issues affecting lesbians bisexuals and gay men The editors have revised and updated the introduction and included a new set of articles for the second edition most of which have been published since the release of the first edition of Psychological Perspectives The book is divided into eight sections that deal with the meaning of sexual orientation the psychological dimensions of prejudice discrimination and violence identity development diversity relationships and families adolescence midlife and aging mental health and the status of practice research and public policy bearing on homosexuality and bisexuality in American psychology Global Emergence Of Gay & Lesbian Pol Barry Adam, Jan Willem Duyvendak, André Krouwel, 1999 This text brings together stories of the emergence and growth of the gay and lesbian movement in more than a dozen nations on five continents It addresses both older and newer movements and examines the conditions that shape movement opportunities The Oxford Handbook of Military Psychology Janice H. Laurence, Michael D. Matthews, 2012-02-24 The critical link between psychology and the military is impresent to recruiting training socializing assigning employing deploying motivating rewarding maintaining managing integrating retaining transitioning supporting counseling and healing military members These areas are hardly distinct and the chapters in The Oxford Handbook of Military Psychology have contents that cross these boundaries Collectively the topics covered in this volume describe the myriad ways in which modern psychology influences warfare and vice versa The extensive topics included come from within the areas of clinical industrial organizational experimental engineering and social psychology The contributors are top international experts in military psychology some uniformed soldiers others academics and clinicians and others civilian employees of the military or other government agencies They

address important areas in which the science and practice of psychology supports military personnel in their varied and complex missions Among the topics addressed here are suitability for service leadership decision making training terrorism socio cultural competencies diversity and cohesion morale quality of life ethical challenges and mental health and fitness The focus is the ways in which psychology promotes the decisive human dimension of military effectiveness Collectively the 25 topical chapters of this handbook provide an overview of modern military psychology and its tremendous influence on the military and society as a whole Social Sciences and the Military Giuseppe Caforio, 2006-11-22 Examines the latest interdisciplinary and intradisciplinary global approaches to studying the military universe through a series of essays written by some of the most notable scholars in the field Brothers and Others in Arms Danny Kaplan, 2003 Based on their gripping stories the author unveils the inner workings of military life exploring the territory surrounding the thin line between brothers in arms and brothers in bed BOOK JACKET Freedom to Differ Diane Helene Miller, 1998-08-01 Many of us have grown up with the language of civil rights yet rarely consider how the construction of civil rights claims affects those who are trying to attain them Diane Miller examines arguments lesbians and gay men make for civil rights revealing the ways these arguments are both progressive in terms of helping to win court cases seeking basic human rights and limiting in terms of framing representations of gay men and lesbians Miller incorporates case studies of lesbians in the military and in politics into her argument She discusses in detail the experiences of Colonel Margarethe Cammermeyer who was dishonorably discharged from the National Guard after 27 years of service when she revealed that she was a lesbian and Roberta Achtenberg who was nominated by Clinton for the job of Assistant Director of Housing and Urban Development and became the first gay or lesbian to face the confirmation process Drawing on these cases and their outcomes Miller evaluates the advantages and disadvantages of privileging civil rights strategies in the struggle for gay and lesbian rights **Straight** Jean Halley, Amy Eshleman, 2016-11-29 Seeing Straight introduces students to key concepts in gender and sexuality through the lens of privilege and power After an accessible overview the book asks students to examine the privilege inherent in approaching heterosexual and cisgender identities as normal as well as the problems of treating queer gender and sexuality as abnormal Compelling real life examples illustrate theory and empirical research revealing phenomena that shape not only students own lives but also their communities their country and the field of gender studies itself The book addresses tough topics like hate violence and privilege and it also considers institutionalized heteronormativity through the military law religion and more The book ends with a chapter called It's Getting Better that presents evidence for queer hope and courage Filled with compelling true stories this book is an ideal introduction to gender and sexuality that encourages students to question their own assumptions Gender and the Military Helena Carreiras, 2006-09-27 Women in the military and their relationship with war often provoke controversial reactions that reveal entrenched stereotypes and cultural values central to many societies. This is the first comparative cross national study of the participation of women in the armed

forces of NATO countries The Armed Forces and American Social Change Troy Mosley, 2021-10-04 The Armed Forces and American Social Change is a powerful depiction of black Americans struggle for equality told through the lens of uniformed military service Troy Mosley uses superb storytelling personal vignettes and historical examples to show how millions of Americans have lifted themselves from oppression through opportunities gleaned from military service Collectively these efforts exerted positive outward pressure on American society which by and large has resisted social change One unique aspect of combat is that rarely are Americans more equal than when thrust into harm s way It has been said there are no atheists in combat similarly racism sexism and homophobia quickly go by the wayside when under enemy fire Yet in the 19th century and well into the 21st America's military policies regarding the use of manpower could best be described as an awkward attempt to balance the requirement to win the nation s wars while supporting a socio political caste system President Harry Truman signed Executive Order 9981 on July 26 1948 in response to police violence perpetrated against black veterans His actions broke this trend and set the military on the path toward true meritocracy Today retired General Lloyd Austin is the first black American Secretary of Defense in part due to the barriers broken down by those who served before him The armed services fiercely resisted integration gender equality and LGBTQ equality but over time have grown to value America's wellspring of diversity as a strategic and operational advantage Under the Trump administration many military policies supporting transgender inclusion were reversed This reversal thrust the U S military among other institutions into the ideological tug of war that lies at the heart of present day polarization in American society This ideological divide is the crux of the public discourse surrounding Critical Race Theory America's racist and sexist past and how we contextualize our history going forward for the betterment of the nation As far as America has come we still have work to do for Truman's vision of equality of opportunity to become a reality for all Americans Join this thought provoking narrative that celebrates brave American military pioneers and challenges us all to continue pushing for a better expression Women in the Military Rita James Simon, The role status and treatment of women is one of the major issues of America confronting the military today This volume provides a range of perspectives on the magnitude of concerns the sources of problems how issues might best be addressed and the future for women in the armed services It is based on a special issue of the journal Gender Issues supplemented with additional contributions from leading scholars Historical and theoretical perspectives are provided by Lorry M Fenner and Jean Bethke Elshtain Fenner focuses on the role of women in the military since 1940 and argues for broader inclusion of women as well as other groups that have previously been restricted from full participation Elshtain analyzes the extraordinary ability of war to draw both women and men into civic life and observes how it calls forth and establishes a sense of particular identity for both men and women Critical views are provided by other scholars Laura L Miller examines the feminist movement s insistence on full participation in combat units Former Army chaplain Marie deYoung provides qualitative and quantitative data on military readiness and unit cohesion in mixed gender

units Leading military scholars Mady W Segal David R Segal Jerald G Bachman Peter Freedman Doan and Patrick M O Malley review national surveys comparing male and female high school seniors responses to surveys conducted on questions about their propensity to enlist Male female differences are also addressed by Judith Hicks Steihm who looks at the opinions each group has about the capabilities and performance of women She finds differences by rank on questions as to how hard female soldiers work as compared to male soldiers and whether women are ready for combat duty Historically the military has provided minorities equal opportunity Brenda L Moore and Schulyler C Webb examine whether or not this is still perceived to be the case in today s Navy They focus on different perceptions by women and men and by African American women in particular Finally William O Neill examines whether the post cold war downsized military will find women soldiers more or less important Drawing upon social science research historical data and contemporary opinion surveys Women in the Military is a cutting edge assessment of a major gender issue in the United States It will be valuable to researchers in women s studies as well as those teaching courses in sociology history and military studies Rita James Simon is University Professor in the School of Public Affairs and the Washington College of Law at American University She is the editor of Gender Issues and author of The American Jury the Insanity Defense A Critical Assessment of Law and Policy in the Post Hinkley Era with David Aaronson Adoption Race and Identity with Howard Alstein In the Golden Land A Century of Russian and Soviet Jewish Immigration Social Science Data and Supreme Court Decisions with Rosemary Erickson and Abortion Statutes Policies and Public Attitudes the World Over **Social Problems** Donileen Loseke, 2017-07-05 This collection of focused essays is directed at several levels of students of social problems It is accessible to the uninitiated who are not familiar with the constructionist literature and aimed at those who are not particularly interested in subtle theoretical and empirical issues of concern to academics studying social problems from constructionist perspectives Some readings focus on the construction of problems by scientists and other professionals others examine the work of social activists mass media and social service personnel Among the topics included are studies of social inequalities and individual deviance a comparison of the images of social problems in the United States with those in other countries and an examination of the importance of politics and power in constructing public images of social problems Constructionist perspectives have become the leading theoretical approach for sociology and allied fields in studying social problems Yet constructionists impact on the teaching of social problems has been far less dramatic Undergraduate courses on social problems are often subject to a theoretical barrage of eclectic perspectives Just as the first social problems textbooks did almost a century ago textbooks continue to present a series of unrelated chapters each devoted to a particular social problem Social Problems is an effort at systematic analysis rather than random thought on the subject Social Problems presents detailed case studies demonstrating how constructionist perspectives can actually be applied to understand particular social problems While these articles can be read alone the editors have organized these selections to correspond with the chapter topics in the second edition of Donileen Loseke s

Thinking about Social Problems an accessible introduction to constructionist approaches At the same time some instructors who use this edited collection might wish to provide th

Same Sex, Different Politics Gary Mucciaroni, 2009-05-15 Why is it so much harder for American same sex couples to get married than it is for them to adopt children And why does our military prevent gays from serving openly even though jurisdictions nationwide continue to render such discrimination illegal Illuminating the conditions that engender these contradictory policies Same Sex Different Politics explains why gay rights advocates have achieved dramatically different levels of success from one policy area to another The first book to compare results across a wide range of gay rights struggles this volume explores debates over laws governing military service homosexual conduct adoption marriage and partner recognition hate crimes and civil rights It reveals that in each area the gay rights movement s achievements depend both on Americans perceptions of its demands and on the political venue in which the conflict plays out Adoption policy for example generally takes shape in a decentralized system of courts that enables couples to target sympathetic judges while fights for gay marriage generally culminate in legislation or ballot referenda against which it is easier to mount opposition Brilliantly synthesizing all the factors that contribute to each kind of outcome Same Sex Different Politics establishes a new framework for understanding the trajectory of a movement

Sexuality and Equality Law SuzanneB. Goldberg, 2017-07-05 Sexual rules and regulations are among society s oldest yet it is only in recent decades that this once stigmatized field has become the focus of scholarly attention This volume which includes some of the most thought provoking and hard to find essays in the field covers a diverse range of topics from sexual orientation and gender identity to intersexuality and commercial sex and from HIV AIDS and trafficking to polygamy Through historical political and critical theoretical lenses and through a global focus the selections ask how we conceptualize the groups and acts subjected to sexual regulation and how regulations in the field implicate and produce understandings of sexuality and identity By placing this variety of works together Sexuality and Equality Law invites fresh insights into commonalities and synergies across regulatory arenas that are often isolated from one another The volume s introduction situates all of these works in the broader field and offers readers an extensive bibliography Sexual Identities, Queer Politics Mark Blasius, 2021-02-09 In this collection political and public policy analysts explore the social concerns of lesbians gays bisexuals and the transgendered what has come to be known as lgbt or queer politics Compared to the humanities and to other social sciences political science has been slow to address this phenomenon Issues ranging from housing to adoption to laws on sodomy however have increasingly raised important political questions about the rights and status of sexual minorities particularly within liberal democracies such as the United States and also on an international level This anthology offers the first comprehensive overview of the study of lgbt politics in political science across the discipline s main subfields and methodologies and it spotlights lgbt movements in several regions around the world Focusing on the politics of sexuality with regard to the politics of knowledge the book presents a discussion of power that will interest all political scientists and

others concerned with minority rights and gender as well as with transformation in the relations between public and private The articles cover such topics as lgbt power in urban politics the impact of public opinion on lgbt life means of effecting legal and political change in the United States and international differences in lgbt political activism The authors represent a new cadre of political scientists who are creating an interdisciplinary domain of research that is informed by and in turn generates political activism They are Dennis Altman M V Lee Badgett Robert W Bailey Mark Blasius Cathy J Cohen Timothy E Cook Paisley Currah Juanita D az Cotto Jan Willem Duyvendak Leonard Harris Bevin Hartnett Rosalind Pollack Petchesky Ask and Tell Steve Estes, 2009-11-30 Don t Ask Don t Tell was the David Rayside Rebecca Mae Salokar and Alan S Yang directive of President Clinton s 1993 military policy regarding gay and lesbian soldiers This official silence continued a collective amnesia about the patriotic service and courageous sacrifices of homosexual troops Ask and Tell recovers these lost voices offering a rich chronicle of the history of gay and lesbian service in the U S military from World War II to the Iraq War Drawing on more than 50 interviews with gay and lesbian veterans Steve Estes charts the evolution of policy toward homosexuals in the military over the past 65 years uncovering the ways that silence about sexuality and military service has affected the identities of gay veterans These veteran voices harrowing heroic and on the record reveal the extraordinary stories of ordinary Americans men and women who simply did their duty and served their country in the face of homophobia prejudice and enemy fire Far from undermining national security unit cohesion or troop morale Estes demonstrates these veterans strengthened the U S military in times of war and peace He also examines challenges to the ban on homosexual service placing them in the context of the wider movement for gay rights and gay liberation Ask and Tell is an important compilation of unheard voices offering Americans a new understanding of the value of all the men and women who serve and protect them American War Stories Brenda M. Boyle, 2020-11-13 American War Stories asks readers to contemplate what traditionally constitutes a war story and how that constitution obscures the normalization of militarism in American culture The book claims the traditionally narrow scope of war story as by a combatant about his wartime experience compartmentalizes war casting armed violence as distinct from everyday American life Broadening war story beyond the specific genres of war narratives such as war films war fiction or war memoirs American War Stories exposes how ingrained militarism is in everyday American life a condition that challenges the very democratic principles the United States is touted Reader's Guide to Lesbian and Gay Studies Timothy Murphy, 2013-10-18 The Reader's Guide to Lesbian as exemplifying and Gay Studies surveys the field in some 470 entries on individuals Adrienne Rich arts and cultural studies Dance ethics religion and philosophical issues Monastic Traditions historical figures periods and ideas Germany between the World Wars language literature and communication British Drama law and politics Child Custody medicine and biological sciences Health and Illness and psychology social sciences and education Kinsey Report

Adopting the Melody of Phrase: An Mental Symphony within **Gays And Lesbians In The Military Issues Concerns And Contrasts** 

In some sort of taken by monitors and the ceaseless chatter of fast conversation, the melodic elegance and psychological symphony developed by the written word often diminish into the backdrop, eclipsed by the persistent noise and disruptions that permeate our lives. However, nestled within the pages of **Gays And Lesbians In The Military Issues Concerns And Contrasts** an enchanting literary value brimming with raw thoughts, lies an immersive symphony waiting to be embraced. Crafted by a masterful composer of language, that captivating masterpiece conducts readers on a psychological journey, well unraveling the concealed tunes and profound influence resonating within each carefully constructed phrase. Within the depths of this moving evaluation, we will investigate the book is main harmonies, analyze their enthralling writing fashion, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
