The Butcher of Sobraon Gavin Singh,2020-12-21 The Butcher of Sobraon Challenging the Myths of the British in India The

history of the British colonisation of the Punjab is a disturbing story of the most appalling atrocities the most obscene contraventions of fundamental human rights and the theft and pillaging of a great nation Under the auspices of spreading the word of God and the fake premise of helping to educate an ignorant backwards nation British aristocrats committed the kind of sins which fit uncomfortably in the same bracket as Hitler as Ivan the Terrible as Pol Pot Stalin or Saddam Hussein In this rampaging work Gavin Singh tells it as it was There is none of the romanticism of costume dramas glorifying the Raj none of the false nobility of white suited British Gentlemen defeating ignorance and the climate to make the Punjab a sunnier Britain Improving the world before taking tiffin is as much as a myth as the idea that the Punjab was a backwards nation Singh describes a State rich in wealth and resources self sufficient and led by an inclusive Maharaja years ahead of his time He explains how that Maharaja Ranjit Singh the Lion of the Punjab led his nation to a period of Camelot How he overcame the war lords of neighbouring Afghanistan to bring peace and power to his nation How he was helped by the great warrior queen Rani Sada Kaur and how as his reign ended his nation fell into chaos Indeed it is not just the imperialists who have the light of truth shone upon them Singh shows how the great Sada Kaur turned when she saw her legacy begin to crumble how the Maharaja Ranjit Singh was driven by short termism how even while the Punjab was enjoying the greatest period of its history turbulence was growing beneath the bejewelled surface of the nation *The British National Bibliography* Arthur James Wells,2006 *Markets in Chaos* Brendan Hughes,2023-11-10 This book is useful for those seeking to learn about the history of market crises and individuals that want to learn about protection against downside risks for an investment portfolio The purpose of this book is not to convince the reader to attempt to anticipate the timing of the next market crash but rather for the reader to be able to draw parallels and some contrasts between the different crises in history The book reviews case studies related to specific macroeconomic event triggers ranging from COVID 19 to hyperinflation Readers will come away with extensive knowledge of different market crisis events spread across countries and timelines The reader will be well versed on important macroeconomic topics such as the history of currencies Perhaps most importantly readers will feel better prepared to handle the next market catastrophe Audiences such as business school students and those that are a part of organizations such as the Chartered Financial Analyst Institute will find this book of interest **American Fascism** Brynn Tannehill,2021-04-20 Trump is out of the White House but American democracy is on the ropes and teetering on the brink of competitive authoritarianism controlled by theocrats and oligarchs With its cherished institutions hobbled political norms trampled guardrails severely damaged and body politic divided by chasms of race and geography can the U S survive another administration dedicated to establishing de facto single party rule In this compelling comprehensive analysis Brynn Tannehill draws on her expertise in studying the collapse of weak democracies around the globe and her previous research in law political science economics and right wing populism to explain the trajectory of how we got here and the current threats we face Most importantly she analyzes what the characteristics of fascism are if they are applicable to the base of the GOP

today and what that means for us should they succeed in establishing permanent minoritarian rule American Fascism is a surgical analysis of 250 years of struggle for democracy in America and a prescient prognosis of what is to come if we do not heed Tannehill's warnings and advice *Intermedia*, 1999
