**Good Girls, Bad Girls** T. J. Wray, 2008-10-23 The few popular Bible stories about women are often presented in black and white the women were good or bad Ruth or Jezebel But most of us fall somewhere in between these two extremes Good Girls Bad Girls invites readers to take a more nuanced look at 12 women in the Old Testament to explore their lives more deeply in historical context and to grasp what these stories might mean to women today T J Wray a biblical scholar asks readers to consider whether Jezebel was really as bad as generally believed and includes women ranging from the infamous Delilah to the mysterious Witch of Endor Impeccably researched and beautifully written Good Girls Bad Girls will appeal to both individual readers and groups interested in learning what the Bible really has to say about these twelve important women

Good Girls, Bad Girls of the New Testament T. J. Wray, 2016-03-02 Good Girls Bad Girls of the New Testament takes readers on a powerful journey through the vast landscape of Roman occupied Judea during the first century and the genesis of Christianity This landscape serves as the backdrop for twelve amazing stories of women whose paths intersect either by providence or design with the paths of Jesus or Paul Some of these women are familiar such as Mary the mother of Jesus while others like the wife of the infamous Pontius Pilate are lesser known Whether she is popular or obscure good or bad each woman s story is an important part of the overall Christian narrative Good Girls Bad Girls of the New Testament invites readers to take a more nuanced look at twelve stories that feature women to explore their lives more deeply in historical context and to understand the real story that includes both

men and women The book goes beyond simply telling the story of a particular biblical woman to challenge readers to explore the enduring lessons the ancient writers sought to impart These timeless lessons are as important for us today as they were thousands of years ago     Whores and Other Feminists Jill Nagle,1997 First Published in 1997 Routledge is an imprint of Taylor Francis an informa company     Sex and the Slayer Lorna Jowett,2005-04-15 The author aims to demonstrate in this book not how feminist or progressive the show is but how it represents femininity masculinity and gender relations including sexuality and how this relates to the context of genre The book aims to draw out patterns of gender representation and to relate these to relevant contexts Intro     **Education and Gender Equality** Julia Wrigley,2003-12-16 First Published in 1992 This book grew out of a special issue of the journal Sociology of Education There is no simple relation between education and gender equality As with social class relations schools both reinforce subordination and create new possibilities for liberation and these contradictions occur at every level and in every aspect of education Schools are sites of pervasive gender socialization but they offer girls a chance to use their brains and develop their skills To explore education and gender is to examine the bridge between the public world of occupations and the private world of families Schools link the families from which young children come and the sex and race segregated occupational worlds to which they are sent Because schools link public and private worlds help to form consciousness and structure inequalities there are many ways to look at gender and education In this book the chapters break into four major topic areas The first section analyzes gender and education from a comparative and historical perspective the second section on Diversity Social Control and Resistance in Classrooms third section on Gender and Knowledge and the final section on families and school     **Death of the Cheating Man** Maxwell Billieon,Ray J,2012-02-14 A revealing look at why men cheat through the lives of two men one a faithful business mogul and the other a celebrity addicted to infidelity Jacket     **Sexuality in Literature for Children and Young Adults** Paul Venzo,Kristine Moruzi,2021-06-08 Expanding outward from previous scholarship on gender queerness and heteronormativity in children s literature this book offers fresh insights into representations of sex and sexuality in texts for young people In this collection new and established scholars examine how fiction and non fiction writing picture books film and television and graphic novels position young people in relation to ideologies around sexuality sexual identity and embodiment This book questions how such texts communicate a sense of what is possible impossible taboo or encouraged in terms of being sexual and sexual being Each chapter is motivated by a set of important questions How are representations of sex and sexuality depicted in texts for young people How do these representations affect and shape the kinds of sexualities offered as models to young readers And to what extent is sexual diversity acknowledged and represented across different narrative and aesthetic modes This work brings together a diverse range of conceptual and theoretical approaches that are framed by the idea of sexual becoming the manner in which texts for young people invite their readers to assess and potentially adopt ways of thinking and being in terms of sex and sexuality     *Pro(se)letariats* Audrey Burns,Alicia
