Harvey, 2007-01-01 Designed as a textbook for teaching introductory Greek grammar and syntax *Greek Is Good Grief* uses a graded database beginning with the simpler Greek of John 1 moving to Mark 8 as an example of middle level Greek and concluding with 1 Thessalonians 1-2 as representative of Paul's style Working from that database the chapters introduce first those forms which occur most frequently Translation of the Greek New Testament itself can begin as early as Chapter 5 because translation helps are provided for those words and forms not yet encountered The practice sentences in each chapter are to the greatest degree possible based on sentences taken directly from the Greek New Testament Form identification exercises afford students the opportunity to drill on forms specific to the content of each chapter Each new grammatical concept is introduced by a discussion of English grammar and each chapter begins with a Grammar Grabber which highlights an aspect of the chapter's content by explaining how that aspect of grammar is important for understanding a portion of the Greek text of the New Testament Field tested in both face to face and distance learning course formats *Greek Is Good Grief* lays the foundation for a smooth transition to the study of Greek exegesis and exposition **Faïences et porcelaines anciennes objets d'art, meubles, tapis, rideaux**, 1921 *How to Write Sympathy Letters & Notes* Dianna Booher, 2012-01-31 Are you saddened but unsure about how best to express your deep feelings in the face of sorrow or tragedy In sympathy situations friends and family have the greatest need to hear from you Don't leave them wondering about your lack of concern Begin your letter or note with a straightforward comment about your feelings your sadness your shock your sorrow or your concern Mention something positive you remember about the individual or if you did not know him or her personally recall something you've heard others say Let the reader know that you understand the extent of the loss or the painful situation in the case of a misfortune But do show sensitivity Avoid adding gruesome details or increasing the pain If possible and if you're sincere offer to help in some specific way Be brief You don't need to go into all the details of the situation how you heard the news or what so and so told you Your caring concern in I am so sorry speaks volumes Close with a comforting phrase a final thought that reflects your concern and is appropriate to your relationship with the person Make your words genuine and personal as if you were talking face to face This is not a task that you should delegate to someone else Use your personal stationery or card Typically you should write the note by hand But if you're writing to a business colleague or client a typed letter is acceptable depending on the closeness of the association If you'd like to make the sympathy letter writing process even easier we can help even more If you still can't find the right words to express comfort try our professionally written package of sympathy letters and notes You'll find sample sympathy letters for both personal and business situations Personal
