Evoking Story for Transformation Lyn Nixon, 2025-08-21 Lyn Nixon takes a fresh approach to the question of whether New Testament authors quote the Old Testament without regard to the original Old Testament meaning that is out of context Her action model uses Speech Act Theory to examine the way authors and readers together contribute to the communication of meaning In her model for meaning to be successfully communicated the reader must experience the transformation intended by the author Lyn Nixon applies her theoretical model to two examples of New Testament quotation where previous scholars have claimed the author quotes the Old Testament in a way that does not correspond to the original meaning Her case studies the use of Ps 115 1 LXX in 2 Cor 4 13 and of Ps 110 1 MT by various New Testament speakers and authors provide new insights into ways that the Old Testament meaning including its transformative intention resonates in the quoting of New Testament texts

The Qur'an and the Aramaic Gospel Traditions Emran El-Badawi, 2013-12-17 This book is a study of related passages found in the Arabic Qur'an and the Aramaic Gospels i.e. the Gospels preserved in the Syriac and Christian Palestinian Aramaic dialects It builds upon the work of traditional Muslim scholars including al-Biq' d ca 808 1460 and al-Suy' d 911 1505 who wrote books examining connections between the Qur'an on the one hand and Biblical passages and Aramaic terminology on the other as well as modern western scholars including Sidney Griffith who argue that pre-Islamic Arabs accessed the Bible in Aramaic The Qur'an and the Aramaic Gospel Traditions examines the history of religious movements in the Middle East from 180 632 CE explaining Islam as a response to the disunity of the Aramaic speaking churches It then compares the Arabic text of the Qur'an and the Aramaic text of the Gospels under four main themes the prophets the clergy the divine and the apocalypse Among the findings of this book are that the articulator as well as audience of the Qur'an were monotheistic in origin probably bilingual culturally sophisticated and accustomed to the theological debates that raged between the Aramaic speaking churches Arguing that the Qur'an's teachings and ethics echo Jewish Christian conservatism this book will be of interest to students and scholars of Religion History and Literature

Anderson,2015-09-09 Gilbert Patten writing as Burt L Standish made a career of generating serialized twenty thousand word stories featuring his fictional creation Frank Merriwell a student athlete at Yale University who inspired others to emulate his example of manly boyhood Patten and his publisher Street and Smith initially had only a general idea about what would constitute Merriwell s adventures and who would want to read about them when they introduced the hero in the dime novel Tip Top Weekly in 1896 but over the years what took shape was a story line that capitalized on middle class fears about the insidious influence of modern life on the nation s boys Merriwell came to symbolize the Progressive Era debate about how sport and school made boys into men The saga featured the attractive Merriwell distinguishing between good and bad girls and focused on his squeaky clean adventures in physical development and mentorship By the serial s conclusion Merriwell had opened a school for weak and wayward boys that made him into a figure who taught readers how to approximate his example In Frank Merriwell and the Fiction of All American Boyhood Anderson treats Tip Top Weekly as a historical artifact supplementing his reading of its text illustrations reader letters and advertisements with his use of editorial correspondence memoirs trade journals and legal documents Anderson blends social and cultural history with the history of business gender and sport along with a general examination of childhood and youth in this fascinating study of how a fictional character was used to promote a homogeneous normal American boyhood rooted in an assumed pecking order of class race and gender Karen's Bunny Trouble (Baby-Sitters Little Sister #83) Ann M.

Noble,2020-10-15 Joshua Noble focuses on the rapid appearance and disappearance in Acts 2 and 4 of the motif that early believers hold all their property in common and argues that these descriptions function as allusions to the Golden Age myth Noble suggests Luke s claims that the believers had all things in common and that no one claimed private ownership of any possessions a motif that does not appear in any biblical source rather calls to mind Greek and Roman traditions that the

earliest humans lived in utopian conditions when no one possessed any private property but all things were common By analyzing sources from Greek Latin Jewish and Christian traditions and reading Acts 2 42 47 and 4 32 35 as Golden Age allusions Noble illustrates how Luke s use of the motif of common property is significant for understanding his attitude toward the Roman Empire Noble suggests that Luke s appeal to this myth accomplishes two things it characterizes the coming of the Spirit as marking the beginning of a new age the start of a universal restoration that will find its completion at the Second Coming of Christ and it creates a contrast between Christ who has actually brought about this restoration and the emperors of Rome who were serially credited with inaugurating a new Golden Age
