Devils Will Reign Sally Zanjani, 2007-08-01 Nevada entered the Union in 1864 as the thirty sixth state a mere two decades after John Charles Fremont and his party undertook the first Euro American exploration of the Great Basin However the intervening years were exceptionally eventful gold was discovered in California in 1848 the debate over slavery in the territories made the Far West a significant topic of congressional concern and the Mormon establishment in Utah stimulated national suspicion of the sect's ambitions and policies giving this remote sparsely populated region on the eastern slope of the Sierra Nevada an importance that it probably would not have had in less turbulent times In 1849 more than 22 000 people traveled the emigrant trails across the Great Basin and soon Mormons from Utah set up a trading station in the Carson Valley to reap profit from the emigrant trade and anchor the western periphery of what their leader Brigham Young envisioned as a Mormon inland empire Miners in Gold Canyon just south of what is now Virginia City and settlers in the Carson Valley were pushing the Native Americans out of their ancient homelands and vying with one another for control of choice land and rudimentary local governments In Devils Will Reign acclaimed historian Sally Zanjani recounts the momentous early history of the territory that is now known as Nevada weaving the colorful saga of this rowdy frontier into the larger story of national political crises and economic ambitions rapid development in California and religious antipathy toward the polygamous Mormons Here are intrepid frontiersmen beleaguered Native Americans zealous Mormons and colorful characters and farmers including a group of African Americans who successfully settled in the Carson Valley Zanjani covers the lives of the pioneers as well as the development and impact of the Comstock silver bonanza and the tenuous halting efforts of the region's residents to create first a territorial then a state government Seldom has the process of

western settlement and government making been described with such detail and insight

Race and the Wild West Laura J. Arata, 2020-07-02 Winner of the Western Writers of America SPUR Award and the Western Association of Women Historians Gita Chaudhuri Prize Born a slave in eastern Tennessee Sarah Blair Bickford 1852 1931 made her way while still a teenager to Montana Territory where she settled in the mining boomtown of Virginia City *Race and the Wild West* is the first full length biography of this remarkable woman whose life story affords new insight into race and belonging in the American West around the turn of the twentieth century For many years Sarah Bickford's known biography fit into a single paragraph By examining her life in all its complexity Arata fills in what were long believed to be unrecoverable silent spaces in her story Before establishing herself as a successful business owner we learn she was twice married both times to white men Her first husband an Irish immigrant physically abused her until she divorced him in 1881 Their three children all died before the age of ten In 1883 she married Stephen Bickford and gave birth to four more children Upon his death she inherited his shares of the Virginia City Water Company acquiring sole ownership in 1917 For the final decade of her life Bickford actively preserved and promoted a historic Virginia City building best known as the site of the brutal lynching in 1864 of five men Her conspicuous role in developing an early form of heritage tourism challenges long standing narratives that place white men at the center of the Wild West myth and its promotion Bickford's story offers a window into the dynamics of race in the rural West Although her experiences defy easy categorization what is clear is that her navigation of social norms and racial barriers did not hinge on exceptionalism or tokenism Instead she built a life that deserves to be understood on its own terms Through exhaustive research and nuanced analysis Laura J Arata advances our understanding of a woman whose life embodied the contradictory intersections of hope and disappointment that characterized life in the early twentieth century American West for brave pioneers of many races

Westward Expansion Ray Allen Billington, Martin Ridge, 2001-08 Sets out the remarkable story of the American frontier which became almost from the beginning an archetypal narrative of the new American nation's

successful expansion *African American Literature in Transition, 1865-1880: Volume 5, 1865-1880* Eric Gardner, 2021-05-13 This volume offers the most nuanced treatment available of Black engagement with print in the transitional years after the Civil War It locates and studies materials that many literary historians leave out of narratives of American culture But as important as such recovery work is *African American Literature in Transition 1865 1880* also emphasizes innovative approaches recognizing that such recovery inherently challenges methods dominant in American literary study At the book's core is the recognition that many period texts by writers from Frances Ellen Watkins Harper and William Wells Brown to Mattie Jackson and William Steward are not only aesthetically striking but also central to understanding key socio historical and cultural trends in the nineteenth century Chapters by leading scholars are grouped in three sections Citizenships Textualities and Domesticities Persons and Bodies and Memories Materialities and Locations and focus on debates over race nation personhood and print that were central to Reconstruction **We Will be Satisfied with Nothing Less** Hugh Davis, 2011 Davis concentrates on the two issues that African Americans in the North considered most essential black male suffrage rights and equal access to the public schools *The American West* Walter Nugent, Martin Ridge, 1999-10-22 Those who appreciate the impact of history will be impressed with the selection of articles *Nebraska History* Designed for survey courses yet in depth enough to support intensive discussion these seventeen classic essays traverse the history of the American West from women's property rights in Spanish Mexican California to the Sand Creek Massacre of 1864 from homesteading and mining to the Great Depression and World War II Provocative and illuminating

Louise Thompson Patterson Keith Gilyard, 2017-09-29 Born in 1901 Louise Thompson Patterson was a leading and transformative figure in radical African American politics Throughout most of the twentieth century she embodied a dedicated resistance to racial economic and gender exploitation In this the first biography of Patterson Keith Gilyard tells her compelling story from her childhood on the West Coast where she suffered isolation and persecution to her participation in the Harlem Renaissance and beyond In the 1930s and 1940s she became central along with Paul Robeson to the labor movement and later in the 1950s she steered proto black feminist activities Patterson was also crucial to the efforts in the 1970s to free political prisoners most notably Angela Davis In the 1980s and 1990s she continued to work as a progressive activist and public intellectual To read her story is to witness the courage sacrifice vision and discipline of someone who spent decades working to achieve justice and liberation for all **Outside America** Dan Moos, 2005 A new study of those excluded from the national narrative of the West Dan Moos challenges both traditional and revisionist perspectives in his exploration of the role of the mythology of the American West in the creation of a national identity While Moos concurs with contemporary scholars who note that the myths of the American West depended in part upon the exclusion of certain groups African Americans Native Americans and Mormons he notes that many scholars in their eagerness to identify and validate such excluded positions have given short shrift to the cultural power of the myths they seek to debunk That cultural power

was such Moos notes that these disenfranchised groups themselves sought to harness it to their own ends through the active appropriation of the terms of those myths in advocating for their own inclusion in the national narrative that because the construction of American culture was never designed to accommodate these outsiders their writings display a division between their imagined place in the narrative of the nation and their effacement within the real West marked by intolerance and inequality

Arrigo, 2014-10-15 The mighty Hoover Dam starting as a dream of land developers and farmers became the most ambitious civil engineering project of the Great Depression This landmark in the middle of the Mojave Desert holding back the largest man made lake in America also became like Mount Rushmore or the Empire State Building a visual and cultural icon The power and meanings of this icon came not through a single image but via myriad visual representations in government propaganda advertising journalism and art Even before it was built these images were used to shape the public's perception of the project and frame the dam as the linchpin to an expanding American economic empire in the desert Southwest Anthony F Arrigo has researched a wide array of primary sources and archival materials to trace the project from its earliest representations in illustrations to the documentary photography of its construction and later depictions of the structure in commercial promotions fine art photography and paintings Analyzing Hoover Dam through the trajectory of imagery across several decades rather than the narrative of its construction illuminates the underlying cultural and ecological imperatives in the drive to build it including the influence of religious doctrine and the American agrarian movement Arrigo also discusses various portrayals of laborers women minority groups nature and technology in this imagery In time the visual icon of power and domination was commercialized to sell cars vacations and more *Imaging Hoover Dam* is an important work in both visual rhetoric and cultural studies It will also intrigue readers interested in such varied topics as the history of the American Southwest the Great Depression and the New Deal social and environmental issues and American popular culture
