## Staursky defeats Flores in Brunswick ward 4 race

By GARY MOLENDARO

Brunswick — George Staursky won the Ward 4 seat Tuesday night in a stunning upset of the incumbent, Anthony Flores.

The main issue of the campaign, so far as Staursky was concerned, was the record of Flores.

Staursky said Flores was absent from too many council meetings and was not representing the ward properly.

*Goodbye Mom* George Staurisky,2004-11 This book is not a biography about a man but rather it is about a Journey This is a Journey through life with this illness Bipolar Disorder and all the dynamics that go along with it This book shows how a man faced the consequences of this disease and all its pain bigotry and anguish but this journey also shows how he defeated the disease This is a book of his Journey through trauma tragedy and recovery This book is a riveting account of that journey It includes others who have suffered the indignities of this illness It brings to life an account of a story that could be written by many different people over time Destroying a life to save the same life could be construed by many as an oxymoron However in this case it fits the scenario perfectly As in the story of Dr Jekyll and Mr Hyde there had to be destruction of one s inner self to save everyone from the inner demons plaguing Dr Jekyll

if you always knew you were special and then one day you found that being special wasn't a good thing In fact it was very very bad I was a high school cross country track star on a full ride scholarship to the college of my choice when I was hit hard with the most severe form of bipolar disorder manic depressive illness Little did I know then that the only way my speed was going to help me was to escape from a maximum security mental institution Bipolar On one hand the word is loaded with stigma On the other so many celebrities star athletes and other notable people have it that it's often used as a buzz word on the front pages of newspapers The fact is over 3% of people have bipolar disorder and its onset almost always hits during the fragile teenage years My lows took me to the depths of anxiety and pain By comparison my highs seemed magical but how long can you live on 2 hours of sleep a night My poor parents fearing for me and my safety hired bodyguards to try to protect me from myself and the predators who surrounded me One stood by me throughout my long road to recovery He's been my rock for 16 years and my husband for 10 I am sharing my personal story including my shocking extremes of behavior to help other families understand what is happening to their loved ones When my parents tried to understand what was happening to me the only books they found were dry clinical accounts of sad mad lost people not exactly encouraging words for a mom and dad desperately clutching at straws Most people find it hard to believe what I experienced how I managed to survive and how I can be thriving now My story proves that you can go away and come back again and that no matter how bad things look there is hope for a better future

**Speaking from Within** Wanda Jean Bennett, 2011-10 I was diagnosed with Bipolar 1 when I was twenty six Every doctor I saw said the symptoms were began playing out as early as my teen years I have been hospitalized twenty six times over the course of twenty five years I am now fifty two years of age and I am very much afflicted with my disease I struggle daily with depression The manic part of my illness rarely shows its face any more My Bipolar has been a living hell I have learned many coping skills but at times it's just not enough I started cutting in my twenties but can look back in my teen years and see where self harm displayed itself There were times I pulled my hair out of frustration there was sticking and scratching with straight pins and paper clips which in my early years led to hot curling irons glass razor blades When things would overwhelm me or when I would feel so numb because of depression this would be when I would self harm it would give me a release from my pain I found out that mental illness Bipolar Major Depression and nerve problems went back three generations on my mother's side of the family as it is a genetic disorder Most of my journal writing became more expressive through poetry the majority of which was written during my dark times When the darkness of depression falls upon you all the fears of your emotions come pouring out I don't want to belittle my family any more than I have to Just remember the feelings I talk about in my poetry came through a child's eye and a child wounded by thing she did not understand These are my emotions as I felt them Parents that's why you should be careful with the environment you raise your children in they see and hear more than you think with very little understanding After a while they will stuff their fears in what can be harmful ways
