Randolph Maney Jr,2023-03-10 Edward R Morrow once said Anyone who isn t confused about Vietnam really doesn t understand the situation For many this quote is as true in 2023 on the 50th Anniversary of the war s end as it was when the war ended therefore it now seems timely to take another look at all this confusion The situation in Vietnam was to be sure confusing to many who wanted to know from the very beginning why the United States became involved in those foreign rice paddies some 7 000 miles away and it was equally confusing at the end to many who wanted to know why the United States after it lost so much blood and treasure abandoned its ally to

communism in 1975 In an attempt to address these and other questions this account begins years before America became involved in Vietnam and ends years after it left The Vietnam War proved to be a watershed moment in American history and I have picked this anniversary year to look back in time through a geopolitical lens to try and better understand that era And a better understanding of that moment in time might also prove helpful to understanding current events because past could well become prologue when it comes to completing unfinished business in Afghanistan and when it comes to ending the war in Ukraine
