Meeting Movies Norman Norwood Holland, 2007 Casablanca for example provides millions with a sense of satisfaction Why How did this movie about World War II satisfy an adolescent boy afraid of not being a man but too young to be in the military How did such an outrageously sentimental film enable Holland and many others to deal with the scary state of the world in 1942 and indeed ever since Meeting Movies poses such questions again and again As a professor of literature and film Holland feels compelled to interpret Yet beneath and beyond his intellectualizing a variety of half conscious personal considerations and recurring themes color his feelings and hence his interpretations And this he claims is true for all of us
